Important information on the goods and services tax (GST)

The following guidelines are provided to help organisations understand the GST:

- Under the new Federal legislation relating to the Goods and Services Tax (GST), financial assistance received by an organisation may be subject to GST.
- Organisations that **have an Australian Business Number (ABN) and are registered for the GST-** will be liable to pay GST to the Australian Taxation Office (ATO) on any financial assistance received from the City of Melville. In this case the Council will provide a "cashed-up" amount, i.e. it will include an additional 10% for the GST. For example, if an organisation applies for financial assistance of \$1,000 and the Council approves it, they will receive \$1,100. Organisations will be asked to provide a tax invoice to the City of Melville, and the Council will then claim the GST component back from the ATO as an input tax credit.
- Organisations that **have an Australian Business Number (ABN) and are NOT registered for the GST-** will not be liable to pay GST to the Australian Taxation Office (ATO), on any financial assistance received from the City of Melville. In this case the Council will not "cash- up" the financial assistance amount.
- Organisations that do **NOT have an Australian Business Number (ABN) and are NOT registered for the GST-** will not be liable to pay GST on any financial assistance received from the City of Melville, if they can provide proof that their organisation is not required to have an ABN (**please complete the "Statement By A Supplier" form** which is available from the Australian Taxation Office). If this is not provided, the organisation may have 48.5% of their financial assistance payment withheld by the City of Melville, which is then payable to the Australian Taxation Office.
