

## Schools

### ACTIONS YOU CAN TAKE

- ✓ Create a student environment club or green club to assist in sustainability and environmental initiatives
- ✓ Advocate to the City of Melville and community leaders to create more pedestrian and bike friendly routes to school
- ✓ Advocate to your school to offer a three-bin system
- ✓ Encourage school administrators to investigate energy efficiency or renewable energy options for your school's energy needs

- ✓ Organise bike buses and walking buses to get to and from school

- ✓ Start a school produce or native garden
- ✓ Create a school recipe book filled with climate friendly recipes from students
- ✓ Divert organic food waste into a school wide composting program to be used in the school garden

- ✓ Consider the circular economy and implement recycling or upcycling programs for writing equipment, ink cartridges, library books and sports equipment
- ✓ Hold clothes swap events at your school or with friends and say no to fast fashion
- ✓ Implement a uniform recycling program

- ✓ Support biodiversity with frog bogs, nest boxes, insect hotels and pollinator friendly plants
- ✓ Organise tree planting days with your school or local sports club
