Marie Taylor, Whaduck Balardong Nyungar Birdiyia

Thank You

Our Council Plan for the Future 2024–2034 has been informed by the aspirations and future priorities of our diverse community.

Between October and December 2023, we heard from 3,193 people who told us what they think makes the City of Melville unique, what they love, and what could be enhanced. They also told us about their key areas of priority and focus.

Thank you to our wonderful community for your important feedback, which has helped to guide our future direction and the development of this plan.

Message from the Mayor and CEO

We are proud at the City of Melville to present our Council Plan for the Future 2024–2034, guided and informed by our diverse and vibrant community.

The City of Melville's Council Plan for the Future 2024–2034 (the Council Plan) provides a community-informed and Council-led vision, that sets our strategic direction for the next ten years.

Between October and December 2023, we heard from over 3,000 community members in person, online, at workshops, community and business events, pop-up and listening posts.

You told us what you think makes the City of Melville unique, what you love, and what could be enhanced.

You also told us about your key areas of priority and focus. Using this feedback we undertook a major review of both our Strategic Community Plan and Corporate Business Plan, our highest level documents that set direction for the future and guide decision making.

Once reviewed, we brought these plans together to create a cohesive, coordinated and integrated Council Plan to ensure that our vision, five outcome areas and strategic objectives are all connected to achieving our community's aspirations and priorities.

Our Council Plan for the Future 2024–2034 introduces a new updated vision: Vibrant, Sustainable, Inclusive Melville.

Our mission remains the same: To provide good governance and quality services for the City of Melville community. This is now captured in the Good Governance and Leadership outcome area.

With the community's input, the five key outcome areas we will focus on are:

Healthy, Safe and Inclusive	Clean and Green	Sustainable and Connected Development	Vibrant and Prosperous	Good Governance and Leadership
Healthy, safe and inclusive communities with a sense of belonging and	A clean, green and sustainable City for current and future generations.	Sustainable, connected development and transport infrastructure	Economic prosperity and vibrant, resilient communities and businesses.	Leadership and good governance for the benefit of the whole community.

Thank you to our wonderful community for your feedback, which has helped guide our future direction and the development of this Plan.

City of Melville Mayor Katy Mair and City of Melville Chief Executive Officer Gail Bowman

Our Vision and Values

Vision

Vibrant, Sustainable, Inclusive Melville

Mission

To provide good governance and quality services for the City of Melville community.

Values

In everything we do, we seek to adhere to our values that guide our behaviour.

Excellence

Striving for the best possible outcomes

Participation |

Involving, collaborating and partnering

Integrity

Acting with honesty, openness and good intent

Caring

Demonstrating empathy, kindness and genuine concern

Our Approach

To put our customer at the centre of everything we do

Integrated Planning and Reporting Framework

The Local Government Act 1995 (5.56) requires all local governments 'to plan for the future'. This is achieved through an Integrated Planning and Reporting (IPR) Framework.

The IPR Framework aims to support the sustainability of local governments by ensuring that the priorities we set and the services we deliver align and respond to the needs, priorities and aspirations of our community for current and future generations.

A major review of the City of Melville's Strategic Community Plan 2020-2030 and Corporate Business Plan 2020–2024 was completed in 2024, leading to the development of an integrated Council Plan - the City of Melville's Council Plan for the Future 2024–2034 (Council Plan).

The consolidated Council Plan aligns our community's priorities and aspirations directly with our long-term vision, values, outcomes, and objectives, delivering the intent of the IPR Framework, that the voices of our community are central to our strategic planning and decision making, and help us to identify key priorities and areas of focus.

The Council Plan ensures that our services and projects are aligned to our key outcomes and objectives, are set against our resourcing capability to deliver short, medium, and long term priorities and are strategically directed towards achieving long-term intergenerational community outcomes.

The diagram below illustrates the Integrated Planning and Reporting Framework.

CITY OF MELVILLE COUNCIL PLAN FOR THE FUTURE 2024—2034

Informing Strategies, plans, frameworks		Council Plan for the Future	Measuring Performance and Progress
Long term financial plan Asset management plan Workforce plan	SCP - 10 YEARS	Mission and Values Vision Objectives	Community Outcomes
City strategies and plans Governance and risk frameworks	CBP - 4 YEARS	Priorities Service Plans Programs and Project Plans	Service Outcomes Sustainability and Capability
Annual planning and budget	1 YEAR	Operational Plans	Service Delivery Program and Project Delivery

The Council Plan

This Council Plan for the Future 2024–2034 (the Council Plan) captures our community's aspirations and priorities for the next ten years, in line with a Strategic Community Plan and outlines our Corporate Business Plan strategic direction as an organisation for the next four years.

In accordance with the *Local Government Act 1995*, the Plan is broadly reviewed annually, with a major review required every four years. Engagement with our community and other stakeholders are integral to informing these reviews.

Community-informed and Council-led, our Council Plan outlines five strategic outcomes that have been mapped against a sustainability framework of social, environmental (natural and built), economic and governance outcomes.

Objectives have been set against the five outcomes, and services and projects aligned against these objectives providing transparency contribute to achieving the outcomes.

Local Government Regulations 1996 – Integrated Planning and Reporting

The City of Melville Council Plan for the Future 2024–2034, incorporating its Strategic Community Plan and Corporate Business Plan, meets all the requirements set out in the Local Government (Administration) Regulations 1996.

The City of Melville's purpose is set out in the Local Government Act 1995 (Section 1.3 (3) Role of the Local Government):

"In carrying out its functions, a local government is to use its best endeavours to meet the needs of current and future generations [in its district] through an integration of environmental protection, social advancement and economic prosperity."

Our Council

The City of Melville Council is made up of a Mayor and 12 Elected Members, who are elected for a four-year term to represent the community's priorities and aspirations.

The Council sets the strategic direction for the City of Melville. They are informed by our community and respond to the community's aspirations and priorities through the Council Plan, delegated decision-making, Council meetings and committees.

The City of Melville administration works under the leadership of the Chief Executive Officer to deliver Council's direction, delivering diverse services, projects and programs to the community.

Strategic Impacts

Unexpected global events and the COVID-19 pandemic led to emerging risks and an unpredictable future across the world.

The World Economic Forum's Global Risks Report for 2023 highlights key risks characterised by environmental and societal crises, driven by geopolitical and economic trends.

The City's operating environment is set against this challenging landscape and continues to change.

The City will need to ensure resilience and an ability to adapt its strategies, plans and practices to meet new and changing requirements.

The Council Plan and our Risk Management Framework respond to and considers these strategic impacts to ensure that we can achieve our strategic objectives.

Significant strategic impacts for City of Melville:

SOCIAL	ENVIRONMENT	ECONOMIC	GOVERNANCE
 Ageing population Growing population Erosion of social cohesion and increasing societal polarisation Increased prevalence of mental health and wellbeing issues Stakeholder management Cost of living increases 	 Climate change mitigation Failure of climate-change adaptation Tree canopy Carbon neutral / net zero emissions Natural disasters and extreme weather events Biodiversity loss and ecosystem collapse Natural resource crises Large-scale environmental damage incidents 	 Competitive job market Skills shortage Inflationary and cost pressures Reduced opportunities for alternate revenue streams Increasing community expectations regarding services and facilities 	 Widespread cybercrime and cyber insecurity Local government reform Shifting of State and Federal government responsibilities to local government

Our Community's Aspirations and Priorities

As part of the major review of the Strategic Community Plan 2020–2030 and to inform the development of our ten year Council Plan, the City engaged the community to guide us on their aspirations and priorities for the future, using a range of consultation methods across two phases.

In offering the community flexible options based on their interest and availability, they were able to contribute their views on the City's vision, and their aspirations and future priorities. Collectively we heard from 3,193 people between October and December 2023.

The first phase of engagement occurred in October 2023 with our 2023 Markyt® Community Scorecard. This survey invited the community to rate our services, events, programs, and facilities, highlighting areas where we excel and where improvements are needed. Respondents were also asked to complete a brief follow-up survey on their general wellbeing and their experiences with the City of Melville as a place to live, work, and visit.

Conducted independently and confidentially

by Catalyse® on behalf of the City of Melville, this survey's results are compared with previous years and other local governments

in WA to assess our performance over time and in relation to other local governments.

In offering the community flexible options based on their interest and availability, they were able to contribute their views on the City's vision, and their aspirations and future priorities. Collectively we heard from 3,193 people between October and December 2023.

The first phase of engagement occurred in October 2023 with our 2023 Markyt® Community Scorecard. This survey invited the community to rate our services, events, programs, and facilities, highlighting areas where we excel and where improvements are needed. by Catalyse® on behalf of the City of Melville, this survey's results are compared with previous years and other local governments in WA to assess our performance over time and in relation to other local governments.

The community's six key priorities identified from phase one were:

The second phase of community engagement took place from November to December 2023, with a primary focus on capturing the community's overall vision, both emerging and existing aspirations, and to identify challenges and opportunities.

Phase two was designed to accommodate various levels of community involvement based on participants' time, commitment, and interest in shaping the future of the City of Melville. We offered a range of engagement methods, including workshops, drop-in sessions, idea-sharing, and surveys available in person, over the phone, and online.

Key outcomes from this phase included the identification of six key themes that guided the development of our outcomes and objectives:

You told us

65.79% of people felt that the City's vision, 'Engaging with our diverse community to achieve an inclusive, vibrant, and sustainable future,' remains relevant but could be clearer.

The community also felt that the aspirations in the Strategic Community Plan 2020-2030 remained relevant, in particular "Clean and Green" and "Healthy Lifestyle" goals.

The feedback highlighted that the community values the City's river location, green spaces, and various facilities and amenities. There is also a strong desire to balance urban development with a focus on sustainability, safety, connectivity, and a strong sense of community.

When considering the challenges that the City will face in the future, the most common issues identified by our community are:

- population growth and increased traffic
- · environment, climate and sustainability
- · over-urbanisation and high-density development
- economic issues and increasing cost of living for both the City and households

What makes us unique...

The most common responses were the water, rivers and foreshores in the City, as well as its accessibility and location.

What you love...

The environment and green spaces, as well as its accessibility and proximity.

What could be enhanced...

The environment and development of green spaces, waste collection, transport and the availability of areas for recreation and leisure.

Our Strategic Community Plan 2024-2034

Our Council Plan for the Future 2024–2034 captures the Strategic Community Plan long term vision and the aspirations and priorities of our Community and Council, translating them into key outcome areas with associated objectives.

Sustainable and Connected Development		Vibrant and Prosperous		GOVERNANCE Good Governance and Leadership	
3.1	Facilitate enhanced and sustainable urban development and amenity.	4.1	Facilitate vibrant activated local places and centres.	5.1	Provide transparent and accountable good governance.

City of Melville Stretch Reconciliation Action Plan 2024–2029 and Healthy Melville Plan 2020-2028

Service: Point Walter Golf Course	FTE	2024-25 net service cost	
Provide recreation facilities and infrastructure	4.55	\$404,667	
that encourages access to organised, non organised and casual sport and recreation activities to promote being physically active and support a healthy lifestyle within the City.	Sub services: Golf course maintenance Golf course contract management		
Objectives: 1.4			

Projects and Programs				
Point Walter Golf Course upgrade (cap)	2024–25 (\$Net)	2025-26	2026-27	2027-28
	\$75,000	✓	✓	✓

The Point Walter Golf Course is a public facility that was constructed many years ago and has had no major renovations since. A masterplan was developed to provide guidance on renewing the course, in particular the greens and tee boxes. In line with the masterplan, golf course maintenance and regular upgrade is required to ensure the course is resilient and disease resistant, and in a condition that meets the high volume of users.

Outcome 2: Clean and Green

Objectives:

- 2.1 Protect and enhance our natural environment, eco-systems and biodiversity.
- **2.2** Sustainable use of resources and adoption of a circular economy approach, optimising waste reduction and resource recovery.
- 2.3 Increase the urban forest tree canopy on City managed land.
- **2.4** Provide and improve parks and green open spaces.
- **2.5** Mitigate and adapt to climate change impacts.
- **2.6** Transition the organisation to carbon neutrality by 2030 and facilitate community progress to net zero emissions by 2050.

The future Riseley Activity Centre is expected to deliver enhanced built form, accessibility, vibrancy and enhanced economic outcomes.

*Note this project operational budget allocation is included in the total net service operating budget for this area

	2024-25 (\$Net)	2025-26	2026-27	2027-28
Kardinya Activity Centre Plan (op)	Operating budget			

The owners of the Kardinya Shopping Centre have submitted an Activity Centre Plan for the shopping centre site and its surrounds. The Plan is submitted in conjunction with proposals for the expansion of the shopping centre and seeks to demonstrate how the shopping centre redevelopment will integrate with future growth across the precinct.

The Council's role is to assess the merit of the Activity Centre Plan and provide a recommendation to the Western Australian Planning Commission, the decision maker. Following engagement with the community and other stakeholders, the Council has completed its assessment of the Plan and provided its recommendations to the WAPC. The Council is currently waiting on the decision from the WAPC.

Preliminary community consultation on local	2024-25 (\$Net)	2025-26	2026-27	2027-28
planning policy for significant trees (op)	Operating budget			

The City's Urban Forest Strategy examines opportunities to maintain and increase tree canopy and recognises that different approaches are required for trees on public and private land. Protection and enhancement of trees and tree canopy on private land may be achieved through a combination of measures such as education, advocacy, incentives and regulation. The City's review of Local Planning Scheme 6 will explore options to use the town planning framework to maintain and enhance trees on private land.

Options may include development incentives where trees are protected, regulation to require provision and/or protection of trees and identification of circumstances where a planning assessment may be required prior to removal or pruning of trees. This discussion with the community will assist the City in considering potential future policy responses regarding the protection of trees on private land.

Local Planning Policy	2024-25 * (\$Net)	2025-26	2026-27	2027-28
- Sustainable Development (op)	Operating budget			

The planning framework seeks to achieve environmentally sustainable development in many ways. On a broad scale, planning aims to ensure land uses are strategically and efficiently located to minimise need for travel and allow efficient use of land and infrastructure. On a more local scale, sustainable building design standards can reduce energy and water use as well as promoting other benefits such as environmentally sensitive travel habits.

The Sustainable Development – Local Planning Policy will explore these opportunities to achieve greater uptake of Environmentally Sustainable Design (ESD) standards in buildings and developments across the City. Options to achieve desired outcomes by education, regulation and/or incentives will form part of these investigations.

Canning Bridge Activity Centre	2024-25 (\$Net)	2025-26	2026-27	2027-28
Plan Review (Op)	\$50,000	✓		

This review project meets legislative requirements under the State Planning Framework, and responds to stakeholder concerns regarding built form, the transition between low and high intensity development and bonus height mechanisms to benefit the local community and economy. An updated Activity Centre Plan will improve guidance to the future vision, development controls and the coordination of City services. The future Canning Bridge Activity Centre is expected to deliver enhanced built form, accessibility, vibrancy and enhanced economic outcomes.

Public Open Space Strategy (POS) (op)	2024-25 * (\$Net)	2025-26	2026-27	2027-28	
	\$175,000				

Review all relevant statutory, policy and strategic documentation. Calculate Public Open Space Strategy (POS) provision utilising a multi criteria approach and provide advice on the need to, opportunity for and mechanisms to respond to any identified shortfall. Consider implications of future population and density increase on POS requirements and consider potential to repurpose underutilised land for POS purposes. Consider alternative funding options, including financial modelling and advise on viability of developer contribution plans to fund new POS in areas of need. Prepare reports and engage with community as part of the strategy review.

*Note this project operational budget allocation is included in the total net service operating budget for this area.

Key Informing Plans

Public Open Spaces Strategy 2017, Local Planning Scheme No. 06 (in development) and Local Planning Strategy 2016-2026

Outcome 2: Vibrant and Prosperous

Objectives:

- **4.1** Facilitate vibrant activated local places and centres.
- **4.2** Increase awareness of Melville as a tourism and eco-tourism destination.
- **4.3** Attract investment in strategic locations.
- **4.4** Support local business growth and resilience.
- **4.5** Facilitate a business friendly experience.

Booragoon City Centre strategic property	2024-25* 2025-26 (\$Net)	2026-27	2027-28
management (op)	\$50,000		

This project delivers strategic management of the City's land interests within the Melville City Centre Structure Plan area, as the second largest landholder within the precinct. The Melville City Centre Structure Plan area sets a vision to transform the precinct around Westfield Booragoon into a vibrant city centre including the creation of a 'high street'. To facilitate this vision, Council agreed to a land exchange with Scentre Group and the City's civic administration site further offers redevelopment potential. Management of the City's land interests within the precinct will ensure the best outcomes are achieved for the City and wider community and will enhance future visitor attraction to the area.

Resourcing Our Plan

A number of strategies and plans have informed the development of our Council Plan, playing an important role in guiding our services and projects set against the City's resourcing capability to deliver the short, medium and long term priorities and aspirations of our community.

Asset Management

The City of Melville provides many services to the community. The assets that support the delivery of these services must be managed to ensure they continue to deliver an appropriate level of service and are fit for purpose throughout the life of the asset.

Funding priority is given to the maintenance and renewal of existing assets, rather than the creation of new assets in our Asset Management Policy, and our Asset Management Plans identify the life cycle costs of different asset types (classes), ensuring they are maintained, refurbished and replaced at appropriate intervals to ensure continuity of services in line with community expectations.

Workforce Plan

The City of Melville's Workforce Plan captures our human resource planning, ensuring that we have the right people with the right skills to effectively deliver our services and projects in alignment with our Council Plan outcomes and objectives.

Our Workforce Plan ensures we have the organisational structure, capability and capacity to deliver on our strategic outcomes. Costs associated with the Workforce Plan are funded through the annual integrated planning and budget process and included within our Long Term Financial Plan.

Long Term Financial Plan

The City of Melville's Long Term Financial Plan (LTFP) guides our annual budget and our financial sustainability over a ten year period. The LTFP enables us to plan for the current and future needs of our community in a socially, culturally, environmentally, and financially sustainable manner.

The LTFP is available on the City of Melville website: melvillecity.com.au/long-term-financial-plan

Risk Management

The City of Melville has a structured enterprise-wide approach to risk management that reflects the Australian Standard for Risk Management ISO 31000:2018 – Risk management – Guidelines.

Our Risk Management Framework embeds risk management practices across the organisation, monitoring both strategic and operational risks and supporting the delivery of the City's Corporate Business Plan.

The Financial Management, Audit, Risk and Compliance Committee (FMARCC) Is responsible for overseeing and assessing the performance of the City's management of risk. An internal audit function ensures periodic compliance reviews of the Risk Management Framework and conducts periodic compliance reviews against specific risks in accordance with the approved annual Internal and External Audit Plans.

Measuring and Reporting

The City of Melville's highest level of key performance indicators (KPIs) are community satisfaction and wellbeing. The City undertakes community surveys every alternate year to understand which services are the most important to our community, how we can improve the way we deliver them, and to measure performance.

Operational KPIs help us track our performance with regard to our financial sustainability, assets, people, customer experience, impact on the environment and our compliance with statutory requirements.

These measures are reported through our Community Annual Report, annual Corporate Business Plan progress report and other statutory reporting and auditing requirements.

Our performance results are published in the Community Annual Report.

A review and progress report of the Corporate Business Plan is also undertaken each year.

These reports are available on the City of Melville website: melvillecity.com.au
