Community Safety Month

Join us to hear about community safety initiatives from WA Police, CBA and the City's Melsafe Team and foster a connected community.

Therese Wilson, **Safe & Found Coordinator with WA Police**, will share how the Safe & Found initiative helps families and carers keep vulnerable people safe.

Learn how this secure database provides essential information to police to quickly locate and support individuals living with cognitive impairments, including autism and dementia.

Robert Ricciardi, Branch Manager **CBA** will discuss **How to Stay Safe Online** with emphasis on:

- how to detect scams/fraud
- manage passwords
- and how to recognise fake websites

The **Melsafe Team** will also have the latest resources for you to stay safe and secure at home and in your community.

This is an accessible event. AUSLAN interpreters are available and information is available in alternative formats on request.
