

## Tips to Reduce Emissions

### WASTE & RECYCLING

- Use a reusable cup or bottle
- Use reusable grocery and produce bags
- Choose reusables rather than disposables cutlery
- Maximise recycling by identifying and using local collectors of recyclable materials
- Compost or use FOGO bins
- Recycle correct items in the yellow-lidded bin
- Gift Items to charity, swap or sell
- Buy quality items, shop second hand, borrow, swap or hire items.
- Repair damaged items
- Collect bottles or lids to take to local collection points such as Bottle Top Hill or Containers for Change
- Curb your use of paper in the mail, receipts and magazines
- Choose reusable menstrual products and cloth nappies
