

Canning Bridge Flora & Fauna

Canning Bridge Place Grants have reinvested parking funds generated from the Canning Bridge Activity Centre for the benefit of all who live, work and visit the area. This is to encourage a safer, more active and vibrant community and business precinct.

Creative Kids Art Club facilitated a series of 10 art workshops based on the flora and fauna for the City of Melville. The workshops were provided for adults of any ability at a subsidised cost.

A total of 14 artworks, selected from the workshops, were exhibited and printed as footpath decals. These have been installed along Kishorn Road, Helm Street and the Esplanade. They can be viewed until mid May 2024. Installation details are listed below:

1. **Nicole Bond**
Kookaburra

8. **Michael Nunes**
Rainbow Bee-Eater

2. **Christine Shirley**
Pelican
