# **Customer Service** Charter for Our Contractors **≋** Ecoso

#### City of Melville Values

The City of Melville values relationships, excellence, vibrancy and wellbeing. It is expected that City of Melville contractors and staff will be guided by these values.

Relationships	Teamwork, flexibility, empathy, integrity, openness, trust, listening, support and honesty.
Excellence	Achievement, results, governance, innovation, accountability, leadership and customer service.
Vibrancy	Fun, excitement, growth, opportunities, learning and creativity.
Wellbeing	Safe workplace and community, work- life balance and sustainability.

#### Contractors Customer Service Standards

At the City of Melville, we pride ourselves on our customer service.

Feedback from our customers shows that they perceive contractors to the City of Melville as employees of the City.

Our contractors and their staff are therefore expected to uphold the following standards:

- Acknowledge customers courteously.
- Complete work in a manner that minimises disruption to the City's residents and visitors.
- Treat customers how you would like to be treated.
- Do not use inappropriate language.
- Politely and courteously refer all customer concerns and enquires to the City of Melville (a card with contact details is issued to you for this purpose).
- Maintain confidentiality when dealing with the City's customers.
- Maintain a safe work environment for customers in the vicinity of your work area by ensuring appropriate barriers and safety signage is displayed.

## Public and Worker Safety is Paramount

#### Whoever Does the Job Owns the Risk

Once you have identified a hazard and assessed the risk, you will need to consider what actions you can take to control the risk. This can be done using this Hierarchy of Control:

1. Eliminate the hazard

Substitute with Safer Equipment or Work Practice

> Engineer Controls (e.g. cut out switches or barriers)

> > Admin Controls (instructions/signs)

5.\*PPE eg vgloves

\*Personal Protective Equipment.

As you go down the list of options from 1 to 5, the controls become less reliable and require more work to ensure they are maintained.

Should you require specific assistance in relation to risk management, see your organisation's Safety Manager/ Job Supervisor, or contact the City of Melville's Risk Services Team on **9364 0202**.
