RE: TENNIS WEST LETTER OF SUPPORT

Tennis West supports Applecross Tennis Club in their development application to extend their lighting operation to 22:00.

The ability to offer evening competitive tennis is growing dramatically in the metro area and an extension of floodlighting to 22:00 will allow Applecross to provide opportunities for competitive play to its current and extending member base.

With the new LED lighting systems with reduced spill and light pollution these products are more community friendly and therefore a later provision would be ideal.

Applecross have notified us that they will be looking to enter the competitive league teams on only three evenings of the week. Applecross have a strong community and family focus and strive to build on these connections, so if they are successful with both their light application and extension to 22:00, we have no doubt they will follow their cut off times.

If you require any further information, please do not hesitate to contact me on (08) 6462 8304 or olivia.birkett@tennis.com.au

Yours sincerely

Olivia Birkett
