SPACES FOR HIRE

Looking for a room for your group or community event? Scan the QR code to see our spaces available for hire.

The Noongar season of Djeran is upon us and with it comes cooler nights, light breezes and the presence of dew on the plants in the early mornings. Traditionally this was the time of year to nourish and prepare the body for the upcoming colder months of Makuru. Banksia flowers are out in bloom giving a food source for the birds and insects that rely on them.
