Tender Number:	RFT262719
Tender Title:	Supply and Delivery of Compostable Bin Liners
Tender Description: <i>Reg 17(2)(a)</i>	The City of Melville ("City") is seeking a suitably qualified and experienced Contractor to supply and deliver compostable kitchen caddy liners. Council resolved in October 2018 to implement the roll out of a three bin Food Organics and Garden Organics (FOGO) system. Part of the success of the system and low contamination rates is due from the supply of compostable kitchen caddy liners for use by the residents. A yearly supply of liners is now required for the 26/27 Financial Year onwards. The City requires a reliable and continuous supply of compostable liners to meet operational needs. The City currently uses approximately two pallets per month, with each pallet containing 72 boxes, 30 packs per box and 75 bags per pack. Quantities are estimates only and may vary depending on operational requirements. The City requires delivery within four weeks of receiving a purchase order. Alternative supply or delivery arrangements may be considered where they maintain sufficient stock levels and do not affect service continuity. Where liners are stored locally, the Contractor must ensure appropriate quality control is maintained. Liners must be replaced if defects are identified or if product quality standards decline. The supplied product must also have a clearly specified shelf life. This Contract has an initial term of three (3) years, with two (2) optional extension periods of twelve (12) months each, which may be exercised at the sole discretion of the City. The City will appoint one Contractor for the provision of the Services under the Contract.
