CEO RECOMMENDATION:

The Regional Council notes the draft 2025-2026 budget parameters and a copy of the report be provided to Participants for comment prior to adoption in June 2025.

VOTING REQUIREMENT

Simple Majority

PURPOSE OF REPORT

For the Regional Council to consider the draft 2025/26 budget parameters required to prepare its annual budget.

STRATEGIC RELEVANCE

Compliance requirement

BACKGROUND

Project budgets are to be presented to participants in April/May each year pursuant to the Project Participants' Agreement. The Budgets are presented to the participants for comment. Any comments received are submitted to the regional council prior to its adoption of its annual budget.

REPORT

The budget parameter estimates are based on known tonnages, variable process costs and fixed costs.

RRG acknowledges that member councils have resolved to withdraw from RRG and all associated projects with final timings yet to be confirmed. As such the budget assumes continued operation over the full 12-month period.

KEY BUDGET ASSUMPTIONS

1. A general expense increase of 3% has been applied to operating expenses. WALGA has reported that the 'Headline Perth CPI' increased 2.4% for the year ended December 2024. WALGA forecasts the Local Government Cost Index (LGCI) to be 2.7% for the year ended June 2025 and 2.2% in 2025-2026. (WALGA Economic Briefing March 2025).
2. Residual disposal costs have increased due to the increased cost of Waste to Energy versus the previous landfill cost arrangement.
3. The RRRC Workers Enterprise Agreement has expired and while conditions of employment continue unchanged there are no further agreed wages increases. It is, however, proposed to offer an increase in recognition of the forecast CPI and increased cost of living. The salary increase will also apply to administrative and other award employees. The estimated increase in employee wages and super is offset by a recent increase in the number of labour hire personnel being utilised in lieu of direct employees. Superannuation for all workers will increase by a further 0.5% to 12% in line with legislation.
4. No significant changes to the Booragoon or Canning Vale workforce are proposed however, it is noted that a number of roles are now filled utilising labour hire arrangements in lieu of direct employment arrangements.
5. No provision has been made for redundancy costs. These costs will be funded from reserves if required.
6. An insurance provision has been made for scheme insurances only.
7. Estimates are based on contracted tonnages, including current customers. The parameters' do not allow for any hypothetical additional tonnes that may be received during the year or the withdrawal of current customers.
8. Administrative overhead contribution remains unchanged from 2024-2025.
9. Members' gate fees remain unchanged from 2024-2025.
10. Contributions from members of \$177k towards the loan repayment (principal + interest) of the Office Accommodation Project.
11. Governance and R&D contributions from members of \$116k are budgeted however no contributions towards Education and Communications are required by members in 2025-2026.

BACKGROUND:

Local governments are required under section 5.56 of the *Local Government Act 1995* to prepare plans for the future. A local government is to ensure that the Strategic Community Plan Is reviewed at least once every 4 years and the Corporate Business Plan every year.

The strategic community and corporate business plans underwent full reviews in 2022 ensuring that objectives and strategies were reflective of the agreed strategy at that time:

- The Regional Purpose
- Need for a greater commercial focus/financial viability
- Climate and environmental impacts
- Advocacy and influence

The Corporate Business Plan underwent a minor review in 2023.

At the meeting of council on 22 February 2024, Council resolved:

24.02-13 *MOVED: Cr H Fitzhardinge* *SECONDED: Cr A White*

1. *Council notes that the RRG's strategic and business plans are no longer reflective of the strategic direction provided by Member Participants.*
2. *That the annual strategic planning process and stakeholder and community surveys be suspended in favour of transition planning in conjunction with a minor revision of the corporate business plan.*

*For Cr K Wheatland, Cr A White, Cr H Fitzhardinge
CARRIED 3/0*

The corporate business plan for 2024-2028 was drafted to reflect the change in strategic direction following the withdrawal of Member Participant's and the termination of Projects associated with re-purposing the WCF building for third party leases.

The Plan identified our strategic objectives for the financial year 2024-2025:

1. Collaborating with the Waste Management Collective Working Group and any consultants appointed by the group.
2. Providing information for due diligence and other processes being undertaken by consultants at the request of the WMC working group.
3. Support an approach to market for third party operation and maintenance and/or purchase of RRG assets at the Canning Vale Centre.
4. Effect a formal procurement process for operating and maintenance and/or sale of the RRG assets at the Canning Vale Centre, if requested by the WMC working group.
5. Developing a transitional wind down plan for the regional local government.
6. Transition the ownership of Recycle Right to an alternate provider.
7. Facilitate a smooth transition for residual waste to be sent to Waste-to-Energy instead of landfill.
8. Continue business as usual achieving materials recovery targets.

Progress towards items 1 – 7 are reported to council on a quarterly basis by way of a Transitional Planning Progress report.

The Plan also identified the following performance indicators as key measures of our success in 2024-2025:

Objective	Performance Indicator	How will it be measured	2024/25	2025/26	2026/27	2027/28

Policies

The table below sets out the summary of policies that are under review, and the proposed amendments where considered appropriate. It should be noted that the recruitment standards for CEO's do not apply to a person who will be acting in the position of CEO for a period of less than one year.

No.	Policy Title	Objective	Proposed Amendments
4.12	Social Media	To set clearly defined guidelines for all RRG staff, volunteers or contractors who are users of Social Media.	Significant review as a result of the transition of Recycle Right to DWER

1.16	CEO Recruitment, Performance & Termination	Ensure compliance with the Local Government (Administration) Regulations 1996.	2 yearly review
3.7	Retention Incentive Payment Policy	Retention of staff during transition period	See comments below

Staff Retention

Staff turnover is an ongoing issue for RRG and the ability to attract new staff in the current climate is limited. We currently have 30% of the Booragoon workforce filled through labour hire arrangements and 9% of permanent roles at Canning Vale.

The Retention Incentive Payment Policy was enhanced by Council last year in the expectation that staff redundancies would occur by 30 June 2025. Key items introduced were:

- Ability to accrue annual leave in excess of 8 weeks and no requirement to utilise long service leave promptly after becoming eligible.
- \$500 bonus per person for every six months of service completed during the 2024-2025 financial year.
- Payment of 30% of personal leave balance, accrued and not used, during the 2024-2025 financial year if made redundant.

We would like to recommend that Council endorse the continuation of these items into the 2025-2026 financial year as outlined in the attached policy.

REPORT

1. ESG and Green Term Deposits Update

In November 2024 CBA provided the below update on ESG and Green TD products:

“Unfortunately we do not have Green TDs available at this time. They have been working for some time on how we are able to report accurately on the investment to ensure no ‘green washing’ however this is still being worked on sorry.”

In March 2023 CBA advised there is no ability to roll any Green/ESG TDs over for the time being.

“Due to the ever-evolving ESG frameworks, clearer regulatory guidance and investor needs, we are working on a new design for ESG and Green Term Deposits which segregates deposits more clearly, strengthens the link to sustainability funding provided and enables them to be as impactful as possible.

We are aiming to bring updated ESG and Green TD products to market as soon as possible and I will let you know when this information is to hand.”

“Green Investments” are authorised investment products made only with authorised institutions that respect the environment and not invested in fossil fuel industries.

Currently we have no funds invested in ESG/Green due to unavailability of ESG and Green TD products.

The deposit meets our Investment Policy:

1. An authorised deposit-taking institution
2. Credit rating minimum “A” CBA investments are “AA” or higher

2. Current investment strategy

The current strategy is to continue to roll over term deposits for short-term investment i.e. at call, one month or up to six months depending on forecast cash flow requirements over the following month and the rates on offer at the time of reinvestment.

- At any Ordinary Council Meeting the public will be able to ask questions relating to a matter involving the regional local government, not just relating to an item on the agenda. Questions asked at a Special Council Meeting or Committee meeting to which the local government has delegated a power or duty can only relate to the purpose of the meeting.
- To provide all members of the public with an equal and fair opportunity to ask questions, persons with multiple questions may be asked after the second question to wait until others have asked questions and then if time permitting may continue to ask further questions. Sub-parts of questions will be counted as a question.

- All questions must be submitted in writing, along with the name and address of the person submitting, **prior to the commencement of the Council Meeting**
- All questions will be registered.
- It is recommended that complex questions requiring research be submitted in writing to the RRG three (3) working days prior to the Council Meeting in order to allow the RRG sufficient time to prepare a response
- Written questions can be provided in the following forms:
 - a. Emails sent to admin@resourcerecoverygroup.com.au, subject line: "Questions for Council Meeting", two (2) hours before the meeting commence time.

RRG staff will be available at the meeting to assist members of the public in understanding the procedure and submitting questions.
- All questions should not contain defamatory remarks, offensive language or questioning the competency of councillors or employees. Questions should be on the issue rather than on individuals.

Procedure at Council Meetings

- During the Council Meeting persons who have registered their questions will be the only persons able to speak. The first priority will be given to persons who are asking questions relating to items on the current meeting agenda. The second priority will be given to other questions.
- Where questions are registered, but the person fails to attend the meeting, the question will not be put to the meeting and the CEO is to reply in writing at a time after the meeting.
- The Presiding Member will manage public question time and ensure that each person wishing to ask a question is given a fair and equal opportunity to do so. A person wishing to ask a question should state their name and address before asking the question. If the question relates to an item on the agenda, the item number should also be stated.
- The person should then proceed to ask their questions one at a time. Questions should not include statements or express opinions, nor be offensive or defamatory.

Issued: May 2025 3	Review Date: May 2027 5	Title: COUNCIL POLICY NO 1.13 PUBLIC QUESTION TIME	Version 8 ⁷

In accordance with Local Government (Administration) Regulation 7(5) if a question relating to a matter in which a relevant person has an interest, as referred to in section 5.60, is directed to the relevant person, the relevant person is to:

- declare that he or she has an interest in the matter; and
- allow another person to respond to the question.

STATEMENT

SCOPE

This Policy applies to employees whose employment is governed by the Local Government Industry Award 2020 (Award), or the Southern Metropolitan Regional Council Resource Recovery Centre Enterprise Agreement 2021 (Agreement), or any other industrial instrument.

OBJECTIVE

- To determine the circumstances for which the Council may make a payment to employees in excess of the applicable contract or industrial instrument; and
- To effect such payments to employees in the manner prescribed by Council, in accordance with legislation and the requirements of this Policy.

DEFINITIONS

Cash Salary means the cash base hourly rate (excluding all allowances and loadings) paid, or payable, multiplied by the employed person's normal weekly hours immediately before the person's employment with the Council finished. Where a person works irregular hours, then the normal weekly hours will be calculated on an average of the last six months.

Redundancy means a situation where the employer no longer requires a specific position to be performed by a person(s) because of changes in the operational requirements of the organisation.

Senior Employee means an employee holding the position of Chief Executive Officer or an employee appointed under Section 5.37 of the *Local Government Act 1995* or designated as such by the Council.

Voluntary Severance means a financial payment made to a person who voluntarily chooses to end their employment in a situation where surplus positions within the organisation are identified.

ROLES & RESPONSIBILITIES

- The Chief Executive Officer (CEO) is responsible for ensuring payments are effected as directed by Council.

Issued: May 202 5 ⁴	Review Date: May 202 7 ⁶	Title: COUNCIL POLICY NO 3.7 RETENTION INCENTIVE PAYMENT	Version 5 ⁴

CONTENT

1. RETENTION INCENTIVE PAYMENT

The Council may provide a payment to eligible employees to encourage them to continue employment until the employee's position is made redundant, due to a pending sale or winding up of the business and the employee has not received or accepted an offer for alternative re-deployment arranged by Council (Retention Incentive Payment).

The Retention Incentive Payment is to assist employees financially after leaving the Council due to Redundancy and will be considered a Voluntary Severance.

The Retention Incentive Payment will be:

- a) subject to b) below, a maximum payment of thirteen (13) weeks at the employee's Cash Salary,
- b) where the total number of weeks paid to the employee for payment in lieu of notice, redundancy payment under the Agreement or the Award and the Retention Incentive Payment (together, the Total Severance Pay), would, other than due to this clause, exceed twenty-six (26) weeks, the Retention Incentive Payment will be reduced so that the Total Severance Pay equals twenty-six (26) weeks.

2 ELIGIBILITY CRITERIA:

An employee will only be eligible to receive the Retention Incentive Payment where the:

- a) Council no longer requires the employee's role to be performed by anyone and proposes to terminate the employee's employment for reasons of Redundancy;
- b) Employee has completed six (6) months employment (or less, only at the discretion of the CEO).
- c) Employee has not received any written warnings in relation to their conduct in the workplace within the six (6) months before the Council's proposal to terminate the employment of the employee;
- d) Employee has not been managed for performance pursuant to 'Standard No HR6.10 – Managing Poor Performance Standard' within the six (6) months before the Council's proposal to terminate the employment of the employee; and
- e) Council has not secured alternative employment for the Employee.

Where the Council has secured alternative employment no less favourable than the employee's current employment and the Employee does not accept the position offered, the employee will not receive the Retention Incentive Payment.

If the employee is offered a Retention Incentive Payment, the employee agrees that the Retention Incentive Payment is a Voluntary Severance.

3. 2023-24 REVIEW BY MEMBER PARTICIPANTS

In acknowledging the impact to our staff that the review being undertaken in 2023-24 may have, we wish to enhance and clarify the policy further:

- We reiterate that this policy is to encourage staff to remain with the organisation until their position is made redundant, due to a pending sale or winding up of the business. The payment is not designed to compensate staff who remain employed by the RRG, a new entity or redeployed into a suitable alternate role elsewhere.
- Wherever possible our preference is for staff to be offered an alternate position rather than redundancy.
- Policy 3.1, Leave Management, be waived ~~until from~~ 30 June 202~~45~~ to allow staff members to accrue and retain more than 8 weeks annual leave and to postpone the taking of long service leave for longer than 6 months after it becomes accrued.
- Introduce a bonus payment of \$500 per person for every six months of service completed ~~during the 2024-2025 financial year commencing 1 July 2024:~~
 - You must complete your normally rostered hours during the six-month period. Or if employed on a casual basis, an average of your normally rostered hours.
 - Approved leave may occur during the period but periods of leave without pay will make you ineligible for the payment.
 - The payment of \$500 will be made six weeks after the completion of the six-month period and is subject to you still being employed by RRG.
 - The payment is a fixed sum and applies equally to all staff and does not attract superannuation.
 - These payments will apply even if you transition to a new employer and are not made redundant.
- Pay you 30% of your personal leave balance, accrued and not used, ~~during the 2024-2025 financial year commencing 1 July 2024 until redundancy occurs:~~
 - Applies to permanent and fixed term staff only, ie does not apply to casual staff.
 - Any personal leave used ~~during the 2024-2025 financial year from 1 July 2024~~ will be balanced against the accrual for that ~~year period~~, 30% of the difference will be paid to you if made redundant due to sale or wind up of the organisation.
- During 2024 resilience training will be offered to all permanent staff members and we will work with our supervisors and managers to provide them with tools and skills to liaise with staff regarding this matter.
- We will enhance our Employee Assistance Program (EAP) extending its access to cover assistance for any reason, not just work-related matters.
- We recognise that not all staff work consistent hours, redundancy payments for the purposes of this policy will be calculated by taking the average of the last six months' ordinary salary (excluding allowances, overtime and superannuation).
- We recognise that it may be necessary for some business units to wind up at different times and we confirm that if you meet the eligibility criteria of points 1 and 2 the policy will still apply.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 28 FEBRUARY 2025

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Reso to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Reso controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Reso to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Reso controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.
