**BACKGROUND:**

S3.61 of the *Local Government Act 1995* allows for the establishment of a regional local government by two or more local governments. S3.65 of the *Local Government Act 1995* sets out the requirements for amendment of an establishment agreement.

As an outcome of the 2021 strategic review workshop, it was agreed that a review of the current Establishment Agreement was to be undertaken to reflect modern practices and wording.

A workshop was held electronically on 30 March 2022 to discuss proposed amendments to the current Establishment Agreement, the workshop was attended by Regional Councillors, Regional Executive Officers and RRG Executive staff and facilitated by Mr Alex Lowe, Minister Elision Lawyers.

Prior to the workshop members were provided with a version of the establishment agreement with tracked proposed changes and a summary document of the key recommended changes.

One key proposal was to introduce the appointment of two (2) Councillors per local government. The workshop also discussed the mechanisms for the joining or withdrawing from Projects and from this discussion clause 8.1 was amended to require the permission of the Minister in withdrawing from a project.

It was also agreed during the workshop that a dispute resolution practice be incorporated into the document.

The draft agreement was considered by members at a Special Meeting of Council on 14 July 2022. At the meeting Council resolved to amend clause 8.1 by removing the words “having first obtained the permission of the Minister”: and inserting “subject to an absolutely majority of the members”.

**CARRIED 2/1**

#### **REPORT:**

In accordance with Council Resolution 22.07.02 the draft establishment agreement was amended to update clause 8.1 to read:

##### **Right to Withdraw**

A Project Participant may at any time give notice of its intention to withdraw from a Project, subject to having first obtained the approval of an absolutely majority of the Participants to do so.

On 1 August 2022 the draft establishment agreement was then circulated to participants for comment and/or endorsement. Participants were asked to provide their feedback by no later than 16 September 2022.

On 19 August 2022 the City of Melville provided feedback that they supported the proposed draft establishment agreement with the exception of clause 8.1, requiring the approval of an absolute majority of Participants to withdraw. City of Melville proposed the following amendment:

##### **Right to Withdraw**

A Project Participant may at any time give notice of its intention to withdraw from a Project, ~~subject to having first obtained the approval of an absolutely majority of the Participants to do so.~~

No written feedback was received by City of Fremantle or Town of East Fremantle.

In order to make the changes proposed by the City of Melville it would first be necessary for the Council to revoke part 1 of the original council resolution 22.07.02 - **CLAUSE 8.1 BE AMENDED BY DELETING “SUBJECT TO HAVING FIRST OBTAINED THE PERMISSION OF THE MINISTER” AND INSERTING “SUBJECT TO THE APPROVAL OF AN ABSOLUTE MAJORITY OF THE MEMBERS”.**

The draft establishment agreement requires a dollar figure to be inserted into clauses 16.4 and 16.5, no feedback has been received by participants in relation to this amount and on the legal advice of Mr Alex Lowe from MinterEllison, it is proposed that this be set at five hundred thousand dollars (\$500,000)..

It is therefore recommended that the following amendments be made to the draft (28.07.2022) Establishment Agreement:

Clause	Current	Proposed
The parties	City of Melville of Almondsbury Road, Ardross, Western Australia	City of Melville of 10 Almondsbury Road, Booragoon, Western Australia
1 Definitions	‘Council Member’ means the member of council of the Participant appointed pursuant to clause 5.1	‘Council Member’ means a member of council of the Participant appointed pursuant to clause 5.1
8.1 Right to Withdraw	A Project Participant may at any time give notice of its intention to withdraw from a Project, subject to having first obtained the approval of an absolutely majority of the Participants to do so.	
16.4 (h) (i)	the monetary value of the claim or the monetary value of the determination is greater than [\$XXX] and neither party has issued a notice under clause or	the monetary value of the claim or the monetary value of the determination is greater than \$5 (five) hundred thousand and neither party has issued a notice under clause 16.2

**BACKGROUND:**

COUNCIL RESOLUTION 24 AUGUST 2022

THE REPORT BE PROVIDED TO THE OFFICE PROJECT PARTICIPANTS FOR A CONSENSUS AGREEMENT ON OPTIONS NOTED IN THE REPORT OR ALTERNATIVE CONSIDERATIONS.

In addition to the three options noted in the August 2022 report, the City of Melville proposed at the August 2022 meeting that it request Participants to consider a fourth option for the City to purchase the property and lease the office space back to the RRG, using unutilised space for the City's operational services.

The options presented where:

1. Participants contribute to the repayment of the full value of the borrowing on 30 December 2022
2. Participants' contribute to a five year annual principal & interest repayment for a maturity date 30 December 2027.
3. The loan is refinanced on a fixed five-year interest only period ending 30 December 2027. A review on the future payment of \$1.8 million loan will be considered in June 2027.

A canvas of members present at the meeting would consider a proposal from the City of Melville, or if that was unsuccessful would support option 3,

The City of Melville has since responded to its proposal advising that it is not pursuing its purchase of the property at this time and requested that we obtain quotes from WATC for indicative payouts in subsequent years if we enter into a fixed 5 year term loan.

The Office Project Participants entered into a lending facility and guarantor agreement in 2005 with the Western Australian Treasury Corporation (WATC) for the purchase and fitout of the Booragoon office located at 9 Aldous Place.

The lending facility is currently an interest only loan with a maturity date being 30 December 2022. The loan value is \$1.8 million.

The last market valuation undertaken on 1 June 2021 was \$1.8 million.

**REPORT:**

**Borrowings**

WATC has advised that due to the long term of when the loan was first raised in 2006 (16 years), future loan refinancing must now include capital and interest repayments.

This is a change to their risk management profile that previously accepted long-term interest only repayments.

WATC acknowledge that members have set their budgets to 30 June 2023 and a five year capital repayment of \$1.8M would exceed financial commitments.

WATC has indicated that it would consider capital repayments with a balance to be repaid or refinanced in five years. Our proposal to WATC may include the following structure:

- Fixed 5.5 year interest rate and re-financing option to 30 June 2028.
- Capital repayment of \$100,000 per year commencing from 30 September 2023 (5 years)
- Resulting in a reduction of the \$1.8M loan by \$0.5M with a balance for repayment of refinancing at 30 June 2028 of \$1.3M.

Indicative Local Government Interest Rates issued by the WA Treasury Corporation for a fixed 5 year loan on 1 November 2022 is 4.3%, The re-finance date is 30 December 2022, so to allow for interest rate hikes the figures below have been calculated on an indicative rate of 4.5% + 0.7% Government Guarantee levy.

WATC's response to the City of Melville's request that we obtain quotes from WATC for indicative payouts in subsequent years if we a locked into a fixed 5 year term loan, is as follows:

In summary the information provided below means that it cannot provide a forward quote, as the value will depend upon the market interest rate at the time of retirement.

**“Fixed rate bonds** – interest only loans, where the borrower makes a series of regular fixed interest payments over the term of the loan, with the full amount of the principal to be repaid on maturity”.

Early payout

“Fixed rate loans to clients are generally priced from WATC’s lending interest rate curve due to the liquidity in the secondary markets of WATC benchmark bond lines together with the depth of the interest rate futures derivative market which enables price determination with an acceptable degree of accuracy. Valuations for fixed rate loans are therefore determined on the same basis and generally reflect the amount a client would have to pay if it chose to retire the loan on the valuation date. WATC does reserve the right, however, to determine the actual transaction cost in the market to retire a fixed rate loan on behalf of a client but would only be likely to trigger this requirement for very large amounts or if markets were behaving abnormally (e.g. at the height of the GFC).”

**Term floating rate (TFR) lending (variable interest rates)**

WATC has advised that it would not support a variable rate option on a \$1.8M loan. This will only apply to large State Government borrowings.

**We are proposing two options for Project Participants consideration:**

- 1. Participants contribute to the repayment of the full value of the borrowing either on 30 December 2022 or 1 July 2023.**

<b>Total</b>	<b>143,253</b>	<b>100.00%</b>	<b>\$ 86,000</b>	<b>\$ 79,000</b>	<b>165,000</b>

The annual interest repayment of \$86,000 is in lieu of the cost of leasing office space. Subject to market soundings we estimate office leasing for 400sqm is approx. @\$300/sqm (\$120,000).

Note: Any rent received for unused office space or the rear warehouse will be deducted from the annual contribution table above.

#### **BACKGROUND:**

In October 2021 an application was made to Department Water Environment Regulation (DWER) to amend the Ministerial Statement covering the operations of the Canning Vale Centre.

The Canning Vale Centre (CVC) was constructed over the period 2001-2003 with the composting facility being the last part of the facility to be commissioned in March 2003 the facility commenced operation in March 2003. At the time of commissioning, the CVC consisted of:

- an in-vessel composting facility that processed mixed Municipal Waste to produce saleable compost and recover some recyclables. The facility diverted 50-70% of waste from landfill;
- a Materials Recycling Facility to sort and recycle source co-mingled recyclables; and
- a green waste shredding facility producing mulched saleable mulches.

Due to a range of technical, commercial and market factors, there have been a number of changes to the three facilities since they commenced operation and these changes have been reflected in changes to the Part V licence approval.

The report to DWER focused on the Waste Composting Facility (WCF) which is in the process of transitioning from the original, in-vessel composting system handling a mixed MSW stream, into a Food Organics Garden Organics (FOGO) processing facility (FPF).

In addition, the report identified the proposed development of a plastics processing facility within a newly created space in the compost maturation building and a transfer station for the efficient transfer of residual waste to the new waste energy facility under construction in Kwinana.

**REPORT:**

Correspondence was received from DWER on 18 October 2022 providing a draft assessment of the application made.

The proposed amendments are in accordance with RRG's requests to align the ministerial statement and environmental operating licence with planned CVC operations.

The key amendments include:

- Increase processing capacity from 109,200 tonnes per annum to 150,000 tonnes per annum, including FOGO, FO, MSW and biosolids / liquid wastes;
- Residual waste transfer; and
- Authorise the operating of a third-party plastic processing facility within FPF.

The final approved Ministerial Statement is expected to be received in November.

Dear Tim

### **Review of Establishment Agreement**

Further to your letter dated 1 August 2022 regarding the above, the City of Melville has reviewed the revised Establishment Agreement and provides the following comment.

Overall, the City is happy with the amended draft Establishment Agreement, with the exception of changes related to the withdrawal of Participants from a Project and also withdrawal from the RRG.

Under clause 8.1, a Project Participant must first obtain approval of an absolute majority to from other Participants to withdraw. The absolute majority provision is not a requirement in the current Establishment Agreement over the period where two of the major Participants (City of Canning and City of Cockburn) have withdrawn by simply giving notice.

It seems unnecessary and onerous on the remaining Participants to be required to obtain absolute majority from the other remaining Participants (City of Fremantle and Town of East Fremantle) to withdraw, given that:

- Under clause 13.1, a Participant may, at any time, give notice of its intention to withdraw from the Regional Local Government; and
- Under clause 12.1 and with agreement from the remaining Participants, the Council may resolve, by absolute majority, to wind up the Regional Local Government.

The effect of enacting either of these clauses would require the Participant withdrawing from all Projects and associated Project Participants Agreements.

Based on the above, the City requests that clause 8.1 be amended as follows:

#### **8.1 Right to Withdraw**

A Project Participant may at any time give notice of its intention to withdraw from a Project, ~~subject to first obtained the approval of an absolute majority of the Participants to do so.~~

If you require any further information or clarification regarding this matter, please do not hesitate to contact the City's Director Environment and Infrastructure (Mick McCarthy) on phone 9364 0605, mobile 0478 325 469 or email [mick.mccarthy@melville.wa.gov.au](mailto:mick.mccarthy@melville.wa.gov.au)

# Message from the Chief Executive Officer

Minimising waste to landfill, by delivering forward looking waste management solutions that are effective and efficient, has been the core of our business for more than twenty years. We continue to develop partnerships to optimise capacity at our Resource Recovery Centre and help to identify and embed circular economy principles in the resource recovery sector at all levels.

Over the past year, the organisation has successfully re-branded itself as the Resource Recovery Group. This achievement formed part of one of our key strategic goals from the 2021 review and helps us to further enhance and leverage our brand equity.

Improvements to the building and continued decommissioning of the redundant equipment in the Waste Composting Facility will pave the way to utilise this space for both increased FOGO processing and other opportunities. Council has given in-principle support to lease part of the facility for plastic recyclables reprocessing. This provides a local solution to plastic that can no longer be exported overseas without further sorting and processing.

We continue to deliver important communication and waste education, developing the Recycle Right plan for 2021 – 2023 which identifies ongoing strategies for the delivery of communication and waste education. The organisation was recognised at the 2022 WasteSorted Awards for its work in educational games that provide waste education to 172,000 residents and 63 schools.

Currently implementation of residual waste being diverted to Waste-to-Energy is likely to be delayed.

I look forward to continuing to work with our progressive regional local government partners, community, industry and government leaders, councillors and staff to achieve a positive future for the Resource Recovery Group's members and the broader community.

**Tim Youé**  
Chief Executive Officer

# Introduction

The Corporate Business Plan is an internal business planning tool that translates Council priorities into operations within the resources available. It represents the activation of the Resource Recovery Group's (formerly Southern Metropolitan Regional Council) Strategic Community Plan. The Strategic Community Plan articulates the long-term vision, aspirations and strategic priorities of our key stakeholders.

In 2022, as part of our annual Strategic Directions Review it was agreed to review our Vision, Mission, Objectives and Key Focus Areas to reflect the current aims and successful re-branding of the organisation. This was approved by Council in May 2022 and we are proud to present our new Vision, Mission, Objectives and Key Focus Areas in the 2022 Corporate Business Plan.

## How we came about

In 1991, the local governments of Canning, Cockburn, East Fremantle, Fremantle, Kwinana, Melville and Rockingham came together to form a regional approach to waste management. The Councils realised that individual approaches for alternative waste options would be too expensive for a single council. A solution was required to manage the thousands of tonnes of waste that were being sent direct to landfill each year with little considerations of the future social, economic and environmental implications.

As a result, the Councils formed the South-West Waste Management Council to provide environmentally sustainable waste management solutions for the benefit of the community and member councils. In 1998, this was changed to the Southern Metropolitan Regional Council (SMRC).

Over time, the following local governments have withdrawn from the regional group for a variety of reasons: City of Canning in June 2010, City of Rockingham in June 2012, City of Cockburn in June 2019 and City of Kwinana in June 2021.

In 2021, the organisation re-branded itself and is now known as Resource Recovery Group.

## What we do

Resource Recovery Group is a statutory local government authority representing local governments in the southern metropolitan area of Perth. It is responsible for delivering innovative and sustainable waste management solutions for member local governments.

Our member local governments are: Town of East Fremantle, City of Fremantle and City of Melville.

The member local governments have jointly agreed to establish Resource Recovery Group under an Establishment Agreement and each participant may participate in regional projects that are governed by a Participants' Project Agreement.

There are two core projects being:

1. The Regional Resource Recovery Centre (RRRC) Project and;
2. The Office Accommodation Project.

Both the projects were established through separate project participants' agreements. In addition to the above two projects, support activities such as administration, education and research are also undertaken.

The Resource Recovery Centre at Canning Vale was the first of its kind in Western Australia and is a unique waste recycling and resource precinct and important waste infrastructure in the Perth metropolitan area. The Resource Recovery Centre at Canning Vale comprises three resource recovery facilities:

1. Organic waste (household food and small garden waste) FOGO is collected from 240 litre lime-green top bins, pre-processed to remove contamination and turned into compost;
2. Paper, cardboard, plastics and metals are collected from household 240L yellow-lidded bins and are sorted and recovered in the Materials Recovery Facility (MRF) then sold to domestic and international markets; and
3. Green waste is collected from the kerbside of households and turned into mulch.

Resource Recovery Group is committed to assisting the State Government to work towards achieving its recovery targets outlined in the State's Waste Strategy 2030.

As an organisation, we inject over \$20 million per year into the economy, employ over 50 staff and provide work for 100 local small businesses and contractors each month.

# Integrated Planning and Reporting

All local governments are required to plan for the future under the *Local Government Act 1995 (WA)*, section 5.56(1). The Local Government (Administration) Regulations 1996 outline the minimum requirements to achieve this.

The Department of Local Government, Sport and Cultural Industries Integrated Strategic Planning and Reporting Framework (the Framework) provides the basis for improving the practice of strategic planning in local government.

This Plan does not stand alone in the Framework. It is part of a suite of planning and reporting documents all of which are regularly reviewed. These include:

## Strategic Community Plan (10 years)

The Strategic Community Plan articulates the long-term vision, aspirations and objectives for member councils and our communities. The ten-year plan is reviewed and updated at regular intervals, as required but no greater than four years, to remain current with our Stakeholder aspirations.

## Corporate Business Plan (4 years)

The Corporate Business Plan will drive the operation of the Resource Recovery Group over the short to medium term (four-year period). It will be reviewed annually and modified as required. The Corporate Business Plan ensures that the Resource Recovery Group has the resources it needs to achieve its strategic goals.

## Long Term Financial Plan

The LTFP includes the financial estimates modelled in the RRRC Amended Business Plan and the funding of actions contained in this Plan.

Revenue sources include; Participant contributions toward operating, education and capital (borrowings); customer fee for service and cash backed reserves.

Financial resources are planned for in the adopted annual budget, and the 10 year Long Term Financial Plan.

## Asset Management Plan

The AMP identifies the asset classes and the estimated spend for annual maintenance programs, renewals and new acquisitions.

The AMP takes into account the RRC asset transition program and the decommissioning of surplus assets and commissioning of new assets to meet the changes in the business delivery model relating to this plan.

## Workforce Management Plan

The Workforce Plan (WFP) details our resources required to meet the business delivery models contained in this plan.

## Information & Communication Technology Plan

Outlines the ICT requirements and strategies for the delivery of the current and future operations.

## Annual Budget

The process by which we inform stakeholders and statutory bodies of our progress in delivering services, projects and other operations to meet short-term, medium-term and long-term aspirations.

## Annual Report

Provides feedback on our progress against the Corporate Business Plan and provides a snapshot of our progression towards goals and aspirations as contained in the Strategic Community Plan

## Other Issue or Specific Plans

Other plans that assist in delivering the Corporate Business Plan and the goals of the Strategic Community Plan include:

- Regional Council Waste Plan
- Recycle Right Plan
- RRRC Project Amended Business Plan 2017
- Office Project Amended Business Plan 2021
- Community Engagement Strategy

# Strategic Waste Management Plan Recommendations

Waste plans form part of local government integrated planning and reporting as an issue-specific informing strategy.

The Western Australian Waste Avoidance and Resource Recovery Strategy 2030 (Waste Strategy), includes a headline strategy to “Implement local government waste plans, which align local government waste planning processes with the State Government’s Waste Strategy.”

All local governments and regional local governments located in the Perth metropolitan region and Peel region (Perth and Peel regions), and major regional centres that provide waste services, were required to develop waste plans for the 2020-21 financial year, and perform their functions in respect of waste management in accordance with their waste plans.

Section 6.2(2) of the *Local Government Act 1995* requires local governments to have regard to their plans for the future (which include waste plans made under section 40 of the *WARR Act*).

The Implementation Plan outlines the actions which the Regional Council will undertake over the next 5+ years to contribute to the achievement of relevant Waste Strategy targets and objectives.

It is where the priorities described in the summary (Part 1 – 7.0 Summary, Table 16) are translated into actions.

# Organisation Structure

# Employee STAR Values

**Safety:** We ensure that our priority is maintaining a safe work environment for all employees and for the community.

**Together:** We share our responsibility as one team and each individual has an important role as part of the team.

**Attitude:** Our attitude and commitment to the organisation's procedures are ethically, socially and environmentally sustainable.

**Responsibility:** We are responsible for our own performance and doing our best at all times.

# Strategic Direction Progress

In early 2022 the organisation undertook an annual Strategic Directions Review. The Strategic Directions review noted that since the 2021 review the organisation had successfully re-branded and a review of the Establishment Agreement, including the regional purpose was underway.

It was also acknowledged that the previous core objectives of the organisation were underpinned by the Strategic Waste Management Plan 2016 (now replaced with the Regional Council Waste Plan 2020) and have been in place for some time. During this time the organisation has moved away from the two-bin collection system and successfully implemented the three-bin collection system including FOGO processing. Community attitudes and expectations have also changed in this time and stakeholders expressed a preference to acknowledge climate and environmental impacts in our strategy along with the importance of education, advocacy and influence in the waste sector.

The organisation has experienced a number of councils withdraw since inception and there is no longer an appetite to increase the number of member councils but rather to source commercial contracts that will benefit the members, making the organisation more commercially viable and not solely reliant on member contributions.

This facilitated a need to consider and review the current strategy, objectives and key focus areas to ensure they are reflective of the future direction of the organisation.

## Agreed strategies and outcomes of the 2022 review

Agreed strategy	Agreed actions	Progress
<b>1. Vision Statement</b>	Review the current vision statement to reflect what it is we aspire to rather than a statement of what we do.	Endorsed by Council May 2022

**Subject:** Potential Purchase of RRG Office - 9 Aldous Place, Booragoon

Hi Tim,

The City has undertaken an assessment of the above and, although could work for all parties from a financial perspective, the building does not meet the City's operational or logistical needs for the uses under consideration. As a result, the City would not pursue the purchase option at this time.

Prior to consideration by Council, can I suggest that you get quotes from WATC if the proposed 5 year interest only loan extension as preferred was concluded/paid out at Years 2, 3, 4 and 5 including penalties.

This would be useful to understand possible future scenarios, given our recent presentation/discussion on the RRG LTFP.

Thanks,

Mick
