

1. Download Echoes App

Download the free Echoes app from the Apple App Store or Google Play Store.

The links are here:

Apple: <https://apps.apple.com/us/app/echoes-interactive-sound-walks/id1021511722>

Google Play Store: https://play.google.com/store/apps/details?id=xyz.echoes.android&hl=en_AU&pli=1

The app icon looks like this:

2. Choose Your Experience

Open the app and load the Sonic Pilgrims walk that matches your location:

Sonic Pilgrims 1.0 — Garden City (Booragoon)

Sonic Pilgrims 1.1 — Bull Creek Central

Sonic Pilgrims 1.2 — Kardinya Park Shopping Centre

You can access the correct experience by using the map within the Echoes app to search for nearby experiences, or by typing the title. These walks will show up in the search results of the Echoes App on August 21.

3. Optimise Your Device

For the best listening experience, please check the following before you begin.

iPhone (iOS)

1. Open Settings → Privacy & Security → Location Services
 - * Turn Location Services ON.
2. Scroll down and tap Echoes.
 - * Set Allow Location Access to While Using the App.
 - * Turn Precise Location ON.
3. Return to Settings.
 - * Turn Wi-Fi ON (you do not need to connect to a network).
 - * Turn Bluetooth ON.
 - * Turn Mobile Data ON.
4. Go to Settings → Battery.
 - * Turn Low Power Mode OFF.
5. If Low Data Mode is enabled for your Wi-Fi or mobile connection, turn it OFF.
6. Use headphones for the best listening experience.

Android

1. Open Settings → Location.
 - * Turn Location ON.
2. Open Settings → Apps → Echoes → Permissions.
 - * Allow Location access while using the app.
 - * Enable Precise Location (if available).
3. Turn Wi-Fi, Bluetooth, and Mobile Data ON.
4. Turn Battery Saver OFF.
5. If your phone has Battery Optimisation, exclude Echoes from optimisation.
6. Use headphones for the best listening experience.

Once your settings are ready, open Echoes, select the walk relevant to your location, and wait approximately 20–30 seconds for your location to stabilise before beginning your walk.

NB: THE ABOVE SECTION COULD BE DONE IN PHONE SCREENSHOTS IF SPACE ALLOWS.

4. Begin Your Walk

Once the experience has loaded, wait approximately 20–30 seconds for your location to stabilise before beginning.

Walk at a relaxed pace through the space. Soundscapes and voices will emerge as you move between locations.

A Note on Location

Indoor positioning is always approximate. Small shifts in where your GPS marker appears are a natural part of the experience, reflecting the dynamic and evolving relationship between digital mapping, architecture and movement through the built environment.
