SUMMARY

- At the April 2023 Ordinary Meeting of Council, Council resolved to forthwith progress conversion of 100% of the site at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant to public open space.
- At the July 2023 Ordinary Meeting of Council, Council resolved to adopt the following consultation, development and completion timeline for the site at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant. Public consultation, concept plans, report and recommendation to be presented to Council at the February 2024 Ordinary Meeting of Council and to provide funding for construction to commence immediately on approval with a proposed completion date by December 2024.
- In response to the resolution from the July 2023 Ordinary Meeting of Council, the City has completed the public consultation and concept design phases of the open space project at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant.
- The City now seeks the Council's endorsement of the concept design and to progress with the detail design of the public open space at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant.
- The City requests \$1,700,000 over the 2023-2024 and 2024-2025 financial years to progress the development of the public open space at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant.
- The City requests \$80,000 per annum for the Operational and Asset Renewal expenditure requirements of the public open space at 13 The Esplanade and 64 Kishorn Road, Mt Pleasant in future financial years.

E24/36 Walk and Ride Melville Plan**Deputations**

Officer Presentation Officer presentation will be provided in addition to receiving Elected Member questions.

Disclosure of Interest

Notes from Forum To be Advised.

SUMMARY

- The Walk and Ride Melville plan supports the community's aspirations of sharing the space when people are walking and riding, using eRideables, and other wheeled sustainable transport modes.
- The plan aligns with the City of Melville and State government visions.
- Through extensive stakeholder engagement the main issues in the community were identified.
- Opportunities that came from the study included vehicle speed reduction, making roundabouts safer, traffic calming and safe crossings. Connecting the community through footpaths, shared paths and safer on road facilities was paramount together with behavioural change programs promoting active transport.
- The plan aligns with the State Government Long term Cycling Network (LTCN) with some recommended alterations.
- The plan builds on the 2012 Bike Plan: increasing the footpath and bike network around schools and train stations.
- A new footpath priority system was created around the metrics; need and impact.
- The culmination of the studies resulted in a full list of works, further studies, and advocacy projects.
- It is recommended that the Walk and Ride Melville Plan is endorsed so that the City can implement a safer, connected and more attractive walk and ride network for everyone.

E24/30 Response to Petition - Traffic Treatment Options - Wheatley Drive, Bull Creek

This item was deferred at the Ordinary Meeting of Council held on Tuesday, 20 February 2024. At the time of the deferral the item had not been moved or seconded.

Deputations

Officer Presentation Officer presentation will be provided in addition to receiving Elected Member questions.

SUMMARY

- The City of Melville (the City) received complaints from residents regarding the speed of traffic on Wheatley Drive. Following site investigations and assessment of the existing traffic conditions and activity generators, it was concluded that the installation of traffic calming measure is warranted.
- On April 2021, consultation letters proposing the installation of blister islands on Wheatley Drive as shown in Attachment 1 was sent to affected residents seeking their comments. Due to the lack of community support and design issues encountered with the blister islands, it was decided to investigate other traffic calming options.
- As a temporary measure of traffic treatment, two Speed Check Signs were installed on Wheatley Drive to alert motorists of the speed at which they are travelling.
- The City investigated many different traffic treatment types to put together a list of the most viable options. In March 2023, consultation letters were sent to affected residents seeking their comments on four proposed options to mitigate the speed of traffic on Wheatley Drive. The proposed options are shown in Attachments 2 to 4 in addition to the fourth option of do nothing. The comments received from residents indicated most support to Option 1, which is the installation of raised intersection treatments and speed platform.
- In December 2023, the City received a petition signed by 213 residents on Wheatley Drive and surrounding streets seeking a range of traffic calming measures.
- Results from the traffic surveys shows that traffic volumes were within acceptable limits, however the 85th percentile speeds ranged from 54-60 km/h which is above the 50km/h speed limit. Crash analysis showed most crashes occurred mid-block and speed was a contributing factor in the crashes.
- As detailed in the report below the petitioners proposed traffic treatments are not considered the best solution for Wheatley Drive as they are not the appropriate form of control needed to address speed, can create access issues for residents and are less effective when provision must be made for driveways. The suggested measures in the petition would also encroach on the verge and shoulders/bike lanes, create complexity in the design, may not be cost-effective and may introduce other safety issues.
- It is recommended that the City continue with the implementation of raised intersection treatments and speed platforms to reduce speed and improve road safety on Wheatley Drive.

E24/37 Resource Recovery Group - Revised Update of the Establishment Agreement**Deputations****Officer Presentation** Questions only**Disclosure of Interest****Notes from Forum** To be Advised.**SUMMARY**

- Following a previous review of the Establishment Agreement for the Resource Recovery Group (RRG) and submission to the Minister for Local Government seeking approval, feedback has been received from the Minister to undertake further changes before the revised Establishment Agreement is approved.
- This report seeks Council consideration for approval of the further minor changes to the Establishment Agreement for the RRG as suggested by the Minister.
- Subject to this approval, the amended Establishment Agreement will be resubmitted to the Minister for approval.
