1	6/01/2022	Melville Talks	Anonymous 1		Yes	Publication of recordings of meetings	17	Add new item (d) "Where ever possible, record all meetings and make them available to the public within 5 days".	Recording of meetings, and making them public, enhances the integrity and conduct of meetings, and keeps the community better informed.
2	10/01/2022	Email	Anonymous 2		Yes	Public hearings	6.14	Align notice for public hearings with notice requirements for special meetings (reg 12(4) of LG (Admin) Regs).	Quite onerous to require the administration to comply with the local public notice requirements if public hearings are likely to be called at short notice. There are relatively long lead times for public notices (paper advertising up to 1.5 weeks, eNews up to 2 weeks etc.). The notice requirements for special meetings are more appropriate for public hearings than those used for public consultation.
