

Garden in Bloom

Acrylic Workshop with Kirsty Watkins

Spend the day painting a colourful garden scene filled with layers of foliage, soft circles of colour and beautiful flowers.

This workshop will explore how to build up a lively garden using loose brushwork, layers, colour and detail.

You'll work on creating the softer, more abstract background first before bringing the flowers and foliage forward, giving the finished painting plenty of depth and movement.

Come along for a relaxed day of painting and leave with your own colourful garden piece to take home.

- \$275 for day.
- All paints and materials are provided other than canvas.
- Bring an artist-quality canvas (41 x 41-cm or similar proportion)
- Suitable for all levels of expertise.
