

## Momentum Dance Perth Celebrates 10 Years with

# PENGUIN

Marking 10 years, Momentum Dance Perth, one of Australia's few contemporary dance companies dedicated to mature-age performers, presents PENGUIN, a powerful new work created by acclaimed Australian choreographer Scott Ewen.

“PENGUIN is about support networks. The dancers intricately weave their bodies together to reveal constantly changing communities”, says artistic Director Liz Cornish.

“Our dancers bring a lifetime of experience to the stage. PENGUIN champions the richness, complexity and creativity that continue to grow as we age.”

### **About PENGUIN**

Inspired by the quiet poetry of social mimicry, PENGUIN explores how people adapt, support and shape one another through moments of change, uncertainty, love and loss.

Through powerful physicality and intimate storytelling, the work reveals our desire to belong, to gather together, and to find strength in community. As memories resurface and relationships evolve, the performers navigate a world where the body becomes both witness and storyteller.

### **About Momentum Dance Perth**

Since 2016, the company has commissioned leading choreographers to create original, contemporary dance works that honour artistic excellence and the joy of dancing later in life.

### **About Scott Ewen**

Choreographer Scott Ewen is an acclaimed Australian contemporary dance artist whose career spans performance, choreography and education across Australia and internationally. Over the past twelve months he has collaborated with Momentum Dance Perth to create PENGUIN.
