Any statement, comment or decision made at a Council or Committee meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity who has an application before the City must obtain, and should only rely on, written notice of the City's decision and any conditions attaching to the decision, and cannot treat as an approval anything said or done at a Council or Committee meeting.

Any advice provided by an employee of the City on the operation of written law, or the performance of a function by the City, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the City. Any advice on a matter of law, or anything sought to be relied upon as representation by the City should be sought in writing and should make clear the purpose of the request.

Audio Recording/ Access to Recording

In accordance with the Council Policy CP- 088 Creation, Access and Retention of Audio Recordings of the Public Meetings this meeting is electronically recorded. All recordings are retained as part of the City's records in accordance with the State Records Act 2000 and the General Disposal Authority for Local Government Records. The Audio recording may be accessed at www.melvillecity.com.au/agendas.

The nature of the Council's decision making role in the matter:

Advocacy	<i>When the Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.</i>
Executive	<i>The substantial direction setting and oversight role of the Council. e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.</i>
Legislative	<i>Includes adopting local laws, town planning schemes & policies.</i>
Review	<i>When the Council operates as a review authority on decisions made by Officers for appeal purposes.</i>
Quasi-Judicial	<i>When the Council determines an application/matter that directly affects a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of Quasi-Judicial authority include town planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.</i>

6 PUBLIC QUESTION TIME

At 6:33pm the Presiding Member opened Public Question Time.

6.1 Questions Received with Notice

6.1.1 Dr S Peterson on behalf of City of Melville Residents and Ratepayers Association

Question 1:

Media reports indicate Deputy Mayor Tomas Fitzgerald recently had a publicly funded tour of Brisbane to “mainly look at light rail/BRT for the South West Group”. Who else from the City went, what was the total cost to the City (direct or indirect), what was the justification, and who approved the expenditure. How does Cr Fitzgerald’s description of Brisbane as a “cyberpunk dystopia” relate to the Canning Bridge precinct?

Response:

The CEO and the Deputy Mayor went on a study tour arranged and funded by the Perth South West Metropolitan Alliance, of which the City is a member.

The purpose of the visit was to see, first-hand, how Brisbane is tackling a number of challenges relevant to the Perth South West Metropolitan Alliance and its advocacy efforts and to the City more broadly, including mid-tier rapid public transport development of a health and knowledge precinct and infill/micro lot development. As part of the tour participants visited a number of significant developments.

Cr Fitzgerald advised this information was from private Facebook page, not a media report, and the “cyberpunk dystopia” comment was in relation to the Queens Wharf Tower development, which is a \$3.6 billion development of four towers largely centered around a gaming plaza, the building is about 70 storeys. If there was a proposal for \$3.6 billion casino redevelopment including 70 storey towers in the Canning Bridge Precinct, he would be likely to oppose that.

Question 2:

What governance improvement actions has Council resolved to have implemented to address the issues and improvement opportunities identified in the AICD’s unflattering December 2019 Report on its Governance Review of the City? If none, why not.

Response:

The report in question was circulated to Elected Members by the CEO in December 2019, with the intent to bring it to an Elected Members Workshop in early 2020 where the opportunities within it would be discussed and any improvement actions agreed, however this workshop did not occur due to the onset of the COVID-19 pandemic.

A workshop did occur in October 2020 where the October 2020 AICD Governance Review and the December 2019 AICD Governance Review were discussed with Elected Members, but no improvement actions were formally agreed at this meeting. Both reports were a result of recommendations from the 2017 Authorised Inquiry into the City of Melville.

Although no formal actions were resolved by Council at the October 2020 workshop, the City has implemented a number of changes, improvements and training as result of the recommendations and opportunities identified in the 2017 Authorised Inquiry and the two Governance Reviews, which include the adoption of a new Meeting Procedures Local Law and associated policies, and the implementation of a more comprehensive Councillor Induction. The City also continues to work collaboratively with the Department of Local Government to implement changes falling out of the recent Local Government Act Reforms.

Question 3:

There have been allegations the City has 'misplaced' public questions, not answered public questions, or has provided incomplete, inaccurate, untrue, or misleading responses to public questions. Since 1st January 2021 how many adverse emails, complaints, or other feedback has the City received about the City's inadequate responses to public questions?

What has Council done to correct the Administration's poor performance in the handling of, and responses to public questions?

Response:

The City always aims to provide complete, accurate and true answers to public questions, and does not deliberately do otherwise however we will not provide responses to questions that are not relevant to the subject matter such as What were the names of the staff who were involved in preparing responses to questions?. The City also aims to answer all the questions put to it, so long as they comply with the *City of Melville Meeting Procedures Local Law 2022* and to answer them would not divert a substantial amount of resources away from its other functions. The City deals with public questions in accordance with its Meeting Procedure Local Law, the Local Government Act and associated regulations and Council Policy.

In accordance with section 6.10(h) of the *City of Melville Meeting Procedures Local Law 2022*, the Mayor ruled that to research, compile and provide the specific information requested, dating back to 2021, would divert a substantial amount of resources away from its other functions and as such, would not be provided.

However, the City can advise that since 2021, the Council and Administration have made a number of changes to its processes to improve the handling of public question time. This includes adopting the *City of Melville Meeting Procedures Local Law 2022*, which, among other things, removed the requirement for questions to only be submitted in writing and introduced new rules to ensure each member of the public has an equal and fair opportunity to ask questions during Public Question Time. The City has also reviewed and revised its website content concerning Public Question Time and introduced a new online form making it easier for members of the public to submit their questions.

The City acknowledges that in the past, some questions have been misplaced, which can be attributed to the various ways members of the public can currently submit questions. To help avoid this from happening, the City strongly encourages all those who wish to submit questions to use the online form on the [Public Question Time page](#), which has been partly automated to help ensure questions are properly captured, tracked and directed to the correct area for response, in the most efficient manner.

The City continues to review its Public Question Time processes and will continue to look for ways it can align its handling of public question time to reflect best practice within the sector.

Question 4:

Since 1st January 2021 how many requests from the public to;

- a) provide a deputation, written deputation, written submissions, or any other form of presentation or other material to a Council or Committee meeting and,*
- b) to include written summaries of deputations, presentations, or material provided with or included by references in any deputations or presentations delivered*

have the Presiding Member, CEO or Administration refused.

Response:

In accordance with section 6.10(h) of the *City of Melville Meeting Procedures Local Law 2022*, the Mayor ruled that to research, compile and provide the specific information requested, dating back to 2021, would divert a substantial amount of resources away from its other functions and as such, would not be provided.

However, the City can advise that, year to date:

- four deputations of the 27 requests for a deputation have been refused.
- No presentations or other materials tabled in support of a deputation have been refused where copies of the information have been provided prior to the meeting.

The ability to provide written deputations was introduced during the Covid-19 Pandemic to provide options for the community to continue to participate in electronic meetings. Under the Meeting Procedures Local Law adopted in 2022 the public do not have the option of making written deputations, but rather can provide a written submission. There is also no requirement for the City to produce written summaries of deputations, or to include in the minutes or the notes of the meeting any presentations or other materials tabled in support of a deputation if copies are not provided prior to the meeting.

6.2 Questions Received at the Meeting**6.2.1 Dr S Peterson on behalf of City of Melville Residents and Ratepayers Association****Question 1:**

On previous Council meetings you've said that questions couldn't be asked, because they didn't get presented in writing before the meeting. The advice Ms Newman's just given, is that your advice previously, is incorrect. Are you prepared to rectify that tonight?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

Question 2:

If the City believes that there's an unreasonable drain on resources in answering questions, does that mean that the City would give a dishonest answer to that question, because giving an honest answer would consume too much City resources?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

6.2.1 Dr S Peterson, Bateman

Dr Peterson's question related to a City Officer and allegations made in 2009.

Question:

Why has the CEO not taken sufficient enforcement action to put a stop to this officer's misconduct and harassment when I have made numerous written complaints and there is no doubt that my records were accessed inappropriately and I have been harassed, and why did the CEO instead approve funding for me to be sued under the Defamation Act after I mistook one officer for another?

Response:

Given that the previous allegations were thoroughly investigated, Dr Peterson was invited to provide any new allegations in writing to the CEO.

6.2.3 Mr M McLerie, Booragoon**Preamble to Questions 1 to 3:**

The City has changed how it publishes material on its website ahead of Council meetings. The agenda for this meeting has been changed multiple times since it was initially published in July, with no obvious way for the public to see what the changes were, or easily pick-up late items or motions. This disadvantages the public, so please confirm:

Question 1:

How many times tonight agenda was changed and why?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

Question 2:

Efficiently how is the public going to be informed about late items and motions?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

Question 3:

What will Council do to fix this?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

Preamble to Questions 4 to 5:

Having heard Dr Peterson's questions I checked the City's online registers and have found that the senior employee register is not there, rather the link points to the elected member professional development register does not appear to have been updated since June 2022. Cr McPhail appears to have the most trips. Some of the other registers appear out of date.

Question 4:

Does council accept these registers provide a level of transparency to support the good governance of the city?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

Question 5:

Why aren't these registers upto date and more current?

Response:

This question will be taken on notice and a response provided in the Agenda for the Ordinary Meeting of Council to be held on 19 September 2023.

6.3 Questions Taken on Notice at Previous Meeting**6.3.1 Dr S Peterson on behalf of City of Melville Residents and Ratepayers Association**

The following Questions Taken on Notice at the Ordinary Meeting of Council held on 18 July 2023 were received from Dr S Peterson.

Question 1:

I understand that that policy [CP107 managing Unreasonable Conduct by Customers] is actually in breach of Ombudsman recommendations so the City might like to take that on notice. Mr Gear, please don't interrupt me. So my question is, why hasn't the City answered that question, in that light?

Response:

No information has been provided by Dr Peterson to substantiate the claim that Council Policy CP-107 Managing Unreasonable Conduct by Customers was in breach of the Ombudsman's recommendations. The City provided a copy of the proposed policy and advised the Office of the WA Ombudsman of its intention to implement the policy prior to it being adopted by the Council in 2018.

Council Policy CP-107 Managing Unreasonable Conduct by Customers was revoked by the Council at its meeting of 18 August 2020 and Operational Policy OP-42 Managing Unreasonable Customer Behaviour Policy was developed to provide staff with guidance on managing unreasonable behaviours.

Question 2:

Why the delay of publishing the report on the City's website [until August] if the response [required by 30/06/2023] has already been submitted to the Department of Local Government? Why the delay please?

Response:

The City responded to the Department of Local Government by the required date and it was for the Department to advise how the Council was to proceed and how and when the report was to be published.

Question 3:

Who would be the acting CEO until the CEO is replaced?

Response:

A decision on the acting appointment has not been made at this point in time.

6.3.2 Mr M McLerie, Bicton

The following Questions Taken on Notice at the Ordinary Meeting of Council held on 18 July 2023 were received from Mr M McLerie:

Question 1:

Under what specific Council delegated authority does the Chief Executive Officer, or any other officer, have the right to deem a member of the public an "Unreasonable Customer" and restrict their access to the City's services?

Response:

The City does not deem a member of the public as an 'Unreasonable Customer'. Specific conduct may be deemed unreasonable where a reasonable person may deem the behaviour as inappropriate and unacceptable. Examples include rude, angry, harassing, aggressive or abusive behaviours, the inability of a customer to accept decisions or recommendations of City staff, or where a customer makes continual demands which divert a substantial and unreasonable amount of resources away from the City's other functions.

The CEO does not need a Council delegation to manage unreasonable customer behaviour, as the role of the CEO, as set-out in the *Local Government Act 1995*, is to manage the day-to-day operations of the local government, which includes the management of customer conduct. The CEO, as the employer of staff, also has an obligation under workplace health and safety laws to provide a safe working environment. Some types of unreasonable customer behaviour would be considered a workplace hazard and as such the CEO has a duty of care to mitigate and eliminate the risks associated with this type of behaviour.

Question 2:

What provisions has Council introduced to provide any member of the public the right for Council review of the Administration's decisions to restrict their access to City public services and facilities or treat them in a manner different to other members of the public?

Response:

As outlined in the [City's response to Question 5](#) asked by the Melville Residents and Ratepayers Association at the July 2023 Ordinary Meeting of Council, it is generally not the role of Council to examine individual decisions made by the CEO or other officers. This is in keeping with the Council's strategic role, as outlined in the *Local Government Act 1995*.

Should a customer be aggrieved by a decision made by the City, they may raise their concerns with [Western Australian Ombudsman](#) or other relevant external agencies, in-line with Council Policy CP-101 Complaints Management Policy.

Question 3:

Further to Mayor Gear's statement to a member of the public in December 2020 that "I have received 8 complaints against the CEO and have forwarded these as soon as possible": How many complaints have been received about the CEO from 2020, to whom were these forwarded and what were the outcomes?

Response:

The City will not be commenting on any complaints that have or may have been received relating to any member of staff. A complaint against the CEO would be dealt with in accordance with the CEO's contract and if any complaints against the CEO were substantiated, they would be referred to the Public Sector Commission or other relevant authorities for review and investigation.

6.3.3 Mr S Kepert, Mount Pleasant

The following Question Taken on Notice at the Ordinary Meeting of Council held on 18 July 2023 was received from Mr S Kepert:

Note – the names of individuals and organisations have been removed from these public questions as for them to remain gives rise to imputations that may be considered defamatory and fall within the Defamation Act 2005.

Question 1:

Was the Council ever made aware that (name removed) claimed to have contracted an external party to represent the City of Melville in these legal proceedings which breaches section 9.29 of the Local Government Act 1995?

Question 2:

Was the Council ever made aware the (name removed) was expelled from proceedings by (name removed) as her attempts to represent the City of Melville, a government agency, breached section 9.29 of the Local Government Act 1995?

Question 3:

Did (name removed) or her employer, (name removed), receive any payment or reward from the City of Melville or (name removed) for attempting to represent the City of Melville in these legal proceedings?

Question 4:

If the answer to the above question is "yes", was any of this amount from the \$479,757 Mr Tieleman was recently quoted as spending on legal services so far this financial year?

Question 5:

Given (name removed) 2021 legal opinion sought by (name removed) that said the Council could legally breach its own meeting procedures local law in order to attempt to defraud the Council has now been proven incorrect in a court of law, and proven by a self represented individual who is not, nor claims to be a legal practitioner, will the Council review the suitability of (name removed) to provide their legal opinions to the City of Melville or its public administrators?

Question 6:

Is the Council aware that (name removed) did not attend the trial after composing a 47 page witness statement against the Claimant?

Question 7:

Does (name removed) realise that by not attending the trial and swearing an oath to his submission his claims were hearsay and inadmissible?

Question 8:

Is the Council aware that (name removed) breached confidentiality of the City of Melville by releasing the confidential report on the item M21/5846 which recommended that the Council not approve its own policy because he did not want the Respondent, an elected member of the City, to be represented by a qualified legal practitioner in the action he and (name removed) instigated, and that this report is now in the public domain?

Question 9:

Did the administration spend any more money on legal opinions for this legal action and if so how much?

Question 10:

Is the Council aware that (name removed) and (name removed) represented the City of Melville in the trial even though they did not have the authority of the Council?

Question 11:

Do (name removed) and (name removed) understand that lying in a Court constitutes perjury as defined by s124 of the Western Australian Criminal Code?

Response:

As these questions relate to a matter which is currently before a court, the City will not be responding to these questions until such time as the matter is finalised.

At 6:51pm the Presiding Member closed Public Question Time.

12 PETITIONS

12.1 Petition - Tompkins Park Exercise Equipment Renewal

Two supplementary petitions to the petition received by the Council at the 18 July 2023 Ordinary Meeting of Council in relation to this matter have been submitted by Mr U Mondello and signed by:

- 41 residents of the City of Melville, received on 7 August 2023, and
- 44 residents of the City of Melville, received on 8 August 2023

and read as follows:

"We the undersigned, all being electors of the City of Melville respectfully request that the Council:

Action Sought: Cease the proposed work on the Tompkins Park Exercise Equipment Renewal and re-visit the consultation process.

The Reasons Supporting this action: Key Stakeholders including residents and ratepayers on Dunkley Avenue, Melville Beach Road and other residents/ratepayers who live within close proximity have been using the exercise equipment were unaware of the proposed changes and were therefore not able to contribute to the choice of location and proposed changes to the layout. The primary area of concern is the cluster proposal and its intended location. The existing layout is preferred."

A report on this matter is before the Council for consideration at this meeting.

COUNCIL'S ROLE

Executive: The substantial direction setting and oversight role of the Council. e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

SUMMARY

- The City is in the process of replacing the exercise equipment east of Tompkins Park, with works planned to commence in August/September 2023.
- A two-stage community engagement process has been undertaken to determine the type of equipment and the location for the new equipment to be installed
- 140 people participated in two stages of engagement which for the Applecross population of 7,475 (ABS) is a 95% confidence rate with 8% error margin.
- Concerns have been raised by a resident about the engagement process with a claim that it is not a true reflection of community needs and disagreement on the proposed location of the new equipment.
- Two on site meetings took place with a small number of concerned residents and City representatives to discuss the process on how the outcome of the project was determined.
- At the site meetings residents outlined their concerns, with the City advising that the project was progressing as planned based on community feedback received and for the residents to consider various escalation options which included a petition to Council.
- A petition signed by 111 residents of the City of Melville was received on 14 July 2023 requesting the City revisit the consultation process as the signatories prefer the layout of the existing exercise equipment and they were also not aware of the project.

- The City has received approval from the Department of Biodiversity, Conservation and Attractions (DBCA) for installing the exercise equipment in the preferred location, which is furthest from the river's edge and outside the 30 metre river buffer area
- Four alternative options to the officer's recommendation are presented in this item.
- The officer recommendation is to install the new exercise equipment in the formation and location as guided by the community engagement process.

PURPOSE

A petition was presented at the Ordinary Meeting of Council held on 18 July 2023, in relation to the proposed outdoor exercise equipment at Tompkins Park. The petition, signed by 111 residents, was received by the City of Melville on 14 July 2023 and reads as follows:

"We the undersigned, all being electors of the City of Melville respectfully request that the Council:

Action Sought: Cease the proposed work on the Tompkins Park Exercise Equipment Renewal and re-visit the consultation process.

The Reasons Supporting this action: Key Stakeholders including residents and ratepayers on Dunkley Avenue, Melville Beach Road and other residents/ratepayers who live within close proximity have been using the exercise equipment were unaware of the proposed changes and were therefore not able to contribute to the choice of location and proposed changes to the layout. The primary area of concern is the cluster proposal and its intended location. The existing layout is preferred."

In response to Council's acknowledgment of the petition, this report has been prepared.

BACKGROUND

The City is in the process of replacing the existing outdoor exercise equipment east of Tompkins Park (see Attachment 2), with works planned to commence in August/September 2023.

The City undertook a two-stage community engagement process centred around the type of equipment (Stage 1) and location of the preferred equipment (Stage 2) informing the community of the project. Following the completion of the engagement process, a courtesy letter was also sent to those living across the road from the park advising that works will be commencing shortly.

The letter resulted in concerns being raised by a resident about the engagement process not being a true reflection of community needs and disagreement on the proposed location of the new equipment. Two on-site meetings took place with a small number of concerned residents and City representatives to discuss the process on how the outcome of the project was determined. At that meeting, the residents outlined their concerns with the City advising that the project was progressing in accordance with the outcomes of the consultation process. Residents were advised of other options regarding their concerns, such as escalation and submitting a petition to Council.

A petition was received by the City of Melville on 14 July 2023 signed by 111 residents, and presented at the Ordinary Meeting of Council held on 18 July 2023 where it was acknowledged and Council resolved that a report be prepared.

CONSIDERATION

The outdoor exercise equipment east of Tompkins Park, close to the playspace near Cunningham Street has reached the end of its useful life and requires replacement. A two-stage community engagement process has been undertaken to determine the type of equipment and the location for the new equipment to be installed. The community was made aware of the opportunity to provide input through a two-stage process of engagement via traditional and digital communication options.

On 28 November 2022, Stage 1 community engagement commenced and a total of 78 responses were received. During the first stage of engagement, the City provided information on the types of equipment, including style options, formation (how the equipment could be grouped) and location options.

A key question that formed part of the Stage 1 process was to gain an understanding of the preferred formation of the equipment. The responses received were:

- 43.59% preferred cluster formation: multiple pieces grouped together in a single location
- 30.77% preferred linear formation: single pieces located along a pathway (current situation)
- 25.64% preferred station formation: small groupings of equipment separated in different stations

The community feedback aligns with research the team have completed which indicated there is a trend for equipment to be grouped together in a cluster formation.

Grouping the equipment together provides opportunities for circuit training (moving from one piece of equipment to the next) for a full body workout with circuit training currently being a very popular way of working out. In addition, grouping the equipment together allows multiple users to use the space at the same time with greater social interaction.

During Stage 1 consultation, the City also asked where the community would like the equipment to be located.

- 41.03% answered to keep the equipment in the current location (along the footpath)
- 29.49% answered to relocate equipment closer to the playground (in between trees)
- 21.79% answered to relocate equipment closer to swings (where parallel bars are currently located)
- 7.69% answered to install the equipment somewhere else within this park

The request for the cluster formation of equipment at its current location created a challenge for the project, as the current location is spread across a distance of 80 metres. With the cluster formation being recommended and the space required for the new equipment being more compact (10m x 14m), the City explored alternative options including ones closer to the footpath.

Importantly the City needed to take into consideration that the new equipment required approval from DBCA, whose preference in foreshore locations is to move infrastructure a minimum of 30 metres away from the river's edge. The proposed location is 35 metres from the shoreline, whereas the current location is only 15 metres from the river's edge.

Based on the Stage 1 feedback and further investigation, the City concluded that the cluster formation of equipment was preferred, and that further feedback was required on location options.

The Stage 2 community engagement commenced on 13 March 2023 and a total of 62 responses were received. The City invited the community to provide their input as to what would be the most suitable location and the best design option presented. These location options were:

- Location 1 – Closer to playground. This location considered the existing shade provided by the mature trees; this option received 35.48% of votes
- Location 2 – Closer to existing footpath. This location considered the existing location, where 2 items (of the existing equipment) are located, this option received 20.97% of votes
- Location 3 – Further away from footpath. This option considered DBCA advice, and provided some shade, this option received 43.55% of votes

[The three proposed locations for the equipment form Attachment 3.](#)

In addition, three design options were presented as part of the Stage 2 consultation:

- Option 1 (the preferred option) was the preferred selection of 56.45% of respondents
- Option 2 was the preferred selection of 20.97% of the respondents
- Option 3 was the preferred choice of 22.58% of respondents

[The three proposed design options form Attachment 4.](#)

Based on the community feedback received for the project, the City concluded that the location further from the footpath in cluster formation based on Option 1 design was preferred and best outcome for the exercise equipment renewal project.

The City received approval from DBCA for the preferred design and location of the exercise equipment and subsequently ordered the equipment. A note was also included on the Melville Talks webpage informing the community of the project outcome.

CONSEQUENCE

There are a range of consequences related to the issues raised in the petition and a number of alternatives and implications requiring consideration.

1. Retain the existing equipment

The existing equipment is 13 years old and according to the last comprehensive inspection, carried out in January 2023, the equipment is in average to poor condition. The audit report showed several issues, including severe corrosion on the equipment and the structural integrity of equipment will be at risk of failure in the near future.

2. Install the newly purchased equipment along the current alignment

The existing equipment is spread over 80 metres and is made up of 6 individual stations. In theory, the City could install the new equipment along the current alignment, however there are a number of concerns with this approach such as:

- The new equipment is designed to be used for high intensity and cross training purposes and it would lose its circuit training functionality.
- The new equipment has 8 structural elements plus the soft fall surface design that offers opportunity for additional exercises. As a consequence, the new exercise equipment will not fit within the footprint of the 6 existing stations.
- 43.59% of the community feedback during the engagement process preferred cluster formation.

3. Start the consultation process again

The City has already completed a two stage consultation process and received feedback on the type and location of exercise equipment to replace the existing ageing equipment. It would be disingenuous to discard this feedback from the decision-making process.

If this option is selected in accordance with the petition, the new consultation process would need to advise the community that the existing linear formation will not change and therefore the only opportunity to provide feedback would be on the equipment at the individual stations. We would be replacing the current basic formation moving away from the cluster design which is trending as a more modern way of exercising.

The City would need to re-order a different style of equipment as the equipment that has been ordered is not designed for a linear formation. The City has already purchased the new exercise equipment and softfall at a cost of \$73,134 and would have to find a new location for this equipment elsewhere in the City.

4. Select an alternative location in the immediate area for the purchased equipment

As the City has already purchased the equipment that is designed to work in a cluster formation, there is an option to place the equipment in one of three alternative locations. [These locations form Attachment 5.](#)

- Option A - This option was identified as part of Stage 1 engagement and received 29.49% of votes being the second most voted location. This option was also supported

as part of Stage 2 engagement and it received 35.48% of votes, again being the second most voted location.

- Option B - This option was provided as part of Stage 2 engagement and it received 20.97% of votes, being the least most voted location. This option was not part the Stage 1 engagement as the design process at the time did not allow for this location to be an option.
- Option C - This option was provided as part of Stage 1 engagement. It received 21.79% of votes, and it was the third most voted location. This option was not considered as part of Stage 2 engagement as it was not one of the top two locations voted during the Stage 1 engagement process.

If Council was to decide to support one of the 4 alternative scenarios, the City would be required to resubmit the application to the DBCA, further delaying the project with no guarantee that it would be approved.

ENGAGEMENT

On Monday, 28 November 2022, the City began a two-stage planned process of community engagement for the renewal of exercise equipment at Tompkins Park.

Stage 1 allowed the City to gain insight into existing exercise equipment usage, as well as community preferences for equipment replacement, formations and locations. This stage concluded on Monday, 9 January 2023 after 43 days of engagement.

Stage 2 commenced 13 March to Monday, 3 April 2023 and sought community preference on three concept designs and preferred location for equipment to be installed.

Community was made aware of the opportunity to provide input through both stages of engagement through traditional and digital communication tactics. These included:

- Direct letter to residents (Stage 1 only)
- Onsite signage
- Social media posts
- Melville Talks page update x 4 (to page followers)
- Melville Talks eNews

The scope of the engagement was never about removing the exercise equipment but understanding the current and future use to enable the team to renew/upgrade equipment.

The City's community engagement process is guided by our commitments in the City's Stakeholder Engagement and the International Association for Public Participation (IAP2) Public Participation Spectrum. Community engagement plays a vital role in shaping outcomes and is an important way for us to gather valuable information to assist in better decision making. It allows us to identify and address local ideas, concerns, and opportunities by involving the community in relevant processes that affect them. Community engagement does not replace the decision-making functions of Council, rather it informs and guides it.

Summary

- 140 people participated in the two stages of engagement, representing a 95% confidence rate with 8% error margin for the Applecross population of 7,475 (ABS).
- [Stage 1 and Stage 2 Engagement Summaries form Attachment 6.](#)

As a courtesy, the City wrote to property owners facing the park advising that the works will be starting in August/September 2023.

The City has met with the concerned residents from Dunkley Avenue on two occasions and has explained the above as well as provided all the data and background on the project.

SUSTAINABILITY IMPLICATIONS

	Environmental	Social	Economic
Pros/Opportunities	1. Connecting with nature - fresh air 2. Fitness station within walking distance 3. No electricity required to operate this equipment	1. Convenience of location 2. Year-round availability 3. Available to all abilities	1. No membership fees
Cons/Drawbacks	1. Dependant on weather 2. Proximity to the river	1. Limited exercise options	1. The City would have to purchase additional equipment if it is decided not to use the ordered equipment.

LEGISLATIVE AND POLICY ALIGNMENT

There are no specific statutory or legal implications relating to this item. The City was required to submit a Form 7 - Application for Permit to the DBCA due to the equipment's proximity to the river. The permit was issued on 29 May 2023.

FINANCIAL IMPLICATIONS

The project cost is \$92,474 with the bulk of that cost attributed to the exercise equipment. The equipment has been ordered and is expected to be delivered in August which links in with the scheduled installation dates.

- Exercise equipment = \$44,834
- TPV Softfall rubber = \$28,300
- Installation of new equipment = \$5,160
- Concrete kerbing/edging \$2,960
- Site works (temp fence, site scan, excavation, disposal of spoils, remedial works, turf reinstatement) = \$6,920
- Removal and disposal of existing equipment and rubber = \$4,300
- **TOTAL = \$92,474**

It must be noted that the equipment supplier reduced the sale price of equipment from \$61,300 to \$44,834 as they were keen on installing this type of equipment as the shoulder press with adjustable load is a new item they have recently acquired, and it would be the first one installed in WA.

At 6:58pm, Mr P Varelis left the meeting.

At 7:00pm, Mr P Varelis returned to the meeting.

OFFICER RECOMMENDATION

That the Council endorse the installation of the new exercise equipment at Tompkins Park East in the formation and location as guided by the community engagement process. The recommended design and location forms Attachment 1.

COUNCIL RESOLUTION

Alternative Motion

At 6:59pm Cr C Ross moved, seconded Cr M Woodall

1. **That the Council resolves to install new exercise equipment along the current linear alignment in Tompkins Park East; and**
2. **Install the already purchased 'cluster' exercise equipment at Peter Ellis Reserve in Leeming, or at another suitable location in Leeming should Peter Ellis Reserve prove unsuitable.**

At 7:03pm the mover and seconder consented to amend the motion, to read:

1. **That the Council resolves to install new exercise equipment along the current linear alignment in Tompkins Park East within the next two years; and**
2. **Install the already purchased 'cluster' exercise equipment at Peter Ellis Reserve in Leeming, or at another suitable location in Leeming should Peter Ellis Reserve prove unsuitable.**

COUNCIL RESOLUTION

Amendment

At 7:04pm Cr T Fitzgerald moved, seconded Cr K Wheatland

That the motion be amended to remove the words "at Peter Ellis Reserve in Leeming, or" and "in Leeming should Peter Ellis Reserve prove unsuitable".

COUNCIL RESOLUTION (E23/15)**Substantive Motion as Amended**

At 6:59pm Cr C Ross moved, seconded Cr M Woodall

- 1. That the Council resolves to install new exercise equipment along the current linear alignment in Tompkins Park East within the next two years; and**
- 2. Install the already purchased 'cluster' exercise equipment at another suitable location.**

At 7:12pm the Presiding Member declared the motion.

CARRIED UNANIMOUSLY (13/0)

Reasons for Alternative Motion as Provided by Cr C Ross

1. The residents most impacted by the proposed changes have only now become aware of the change in location and have gathered together in larger numbers than were consulted in Stages 1 and 2 to oppose the proposed re-location and the cluster formation.
2. Listening and responding positively to the residents' concerns will build better relations and support from residents.
3. Ignoring the residents' concerns will only build resentment and lack of confidence in the City's consultation processes.
4. The overall costs of the change are not significant and unsuitable equipment may be utilised in other parks and benefit other residents.
5. Residents near Peter Ellis Reserve in Leeming have previously requested additional exercise equipment and given that the City has already purchased the new cluster formation exercise equipment, this would appear to be an appropriate use for it and avoid the equipment being wasted.

At 7:12pm the Mayor brought forward item 15.4 Notice of Motion – Community Men's Shed in John Connell Reserve for the convenience of those in the public gallery

At 7:12pm the Presiding Member noted that an Advice Note in relation to Item 15.4 has been circulated to Elected Members ahead of the meeting.

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

- The objective of this motion is to cater for the needs of a Community Men's Shed in Leeming that has been in demand for many years. Attempts have been made previously such as locating one at Bob Gordon Reserve, but the land was deemed unsuitable.
- The benefits of being involved in sheds include community involvement, friendship, reduces social isolation and more importantly they are conducive to men's learning while offering health and well being benefits. They bring the community together.
- The benefits also have positive effects on families and communities.
- At 122 hectares John Connell Reserve offers ample space to cater for all of our community no matter the age.
- There are no potential risks to be considered.

REASONS FOR THE MOTION

- The Melville Community Men's Shed has been a great success working within the constraints of the space available catering for the members of the North West of the city whereas a Community Men's Shed in Leeming will cater for the South East of the city.
- John Connell Reserve is an ideal location with sufficient space and with a previous interest group of 65+ members this is an indication of the demand.
- Sporting organisations are not for everyone and as we are in an aging population we must consider the needs of all no matter the age.

The Leeming Community Men's Shed will have sufficient space for large projects such as:

- Sheet Metal Fabrication;
- Welding;
- Large woodworking projects;
- Ample storage of materials and equipment as well as for other community groups;
- Plenty of parking space.

COUNCIL RESOLUTION (15.4)

At 7:13pm Cr J Spanbroek moved, seconded Cr K Mair

The Council requests that the CEO prepare a report on the feasibility of a Community Men's Shed at the John Connell Reserve in Leeming or another suitable area to be presented at an Elected Member Engagement Session before year's end.

At 7:31pm the Presiding Member declared the motion.

Outcome Indicator	There are no applicable outcome indicators in relation to this report.

BACKGROUND

The City is seeking a suitability qualified and experienced contractor for a project which comprises of a partial upgrade and replacement to the existing air conditioning plant servicing the existing Melville Civic Centre.

The works consists of 2 major components, the replacement of some of the internal air conditioning plant and the replacement of the existing external chilled water plant. The chiller replacement works involve the installation of a new air to water heat pump chiller in a new external compound located away from the existing chiller compound which is currently on the Property Boundary.

In an agreement with the shopping centre landowners to the east of the site, the property boundary is moving so that the existing chiller compound will no longer be on the City of Melville's land. There is therefore a critical requirement to have the works complete and operational prior to Westfield taking possession of the land as required before redevelopment of the shopping centre commences. The CTAU Meeting Minutes included as a confidential attachment to this report has been sent out under separate cover to Elected Members on the Elected Members Portal.

CONSIDERATION

Responses were received from the following organisations:

- AMS Technology Group Pty Ltd T/AS AMS Installation & Maintenance Solutions WA
- Australian HVAC Services Pty Ltd T/AS Australian HVAC Services
- CBRE (GWS PJM) Pty Ltd

The City set the following qualitative criteria and weightings:

Demonstrated Experience	25%
Capacity to Deliver	25%
Local Buy	5%
Aboriginal Business or Disability Enterprise	5%
Methodology	40%
Total	100%
Percentage to be shortlisted	60%
Price	Non-weighted

The recommended Respondent achieved a qualitative score of 75% against the following criteria:

I. Demonstrated Experience

The Respondent provided the required information against this criterion. Examples provided were relevant to the services that will be delivered under this Contract, and they have experience with Local Government.

II. Capacity to Deliver

The Respondent provided the required information against this criterion.

The key personnel have relevant qualifications and a good level of experience in similar projects.

III. Local Buy

The Respondent provided the required information against this criterion.

They have employees residing in the City of Melville area.

IV. Aboriginal Business or Disability Enterprise

The Respondent provided the required information against this criterion.

They provide benefit to Aboriginal Business and Disability Enterprise.

V. Methodology

The Respondent provided the required information against this criterion.

The methodology is in line with the City's expectations and requirements of this request.

The Evaluation Panel reviewed all Respondents' offers and prepared an Evaluation Report, identifying the recommended Respondent.

The recommendation was supported by the Contract and Tender Advisory Unit (CTAU) and is put forward as part of the recommendation to the Council.

COUNCIL'S ROLE

Executive: The substantial direction setting and oversight role of the Council. e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

SUMMARY

This report is presented to Council to recommend the acceptance of a request submitted for the Change Room Upgrades at Melville Reserve.

PURPOSE

The Contract and Tender Advisory Unit (CTAU) is satisfied that the recommended supplier meets the City's qualitative requirements and represents value for money.

The CTAU's recommendation is now being presented to Council for their approval.

CONSEQUENCE

No alternative options or consequences are presented as part of this report.

BACKGROUND

The City is seeking a suitability qualified and experienced contractor to undertake the alterations and refurbishment of the existing change room building at Melville Reserve. The CTAU Meeting Minutes included as a confidential attachment to this report is additionally available to Elected Members on the Elected Members Portal.

COUNCIL'S ROLE

Information: For the Council / Committee to note.

SUMMARY

- This report presents the details of payments made under delegated authority to suppliers for the period of June 2023 and recommends that the Schedule of Accounts Paid be noted.

PURPOSE

The Schedule of Payments for the month totals \$18,597,067. The report and the attached Schedule of Accounts Paid (Attachment 1) are presented for the Council's information.

CONSEQUENCE

Not applicable as this report only presents information for nothing.

STRATEGIC ALIGNMENT

Priority	5	Ensure long term financial sustainability
	P5/1	Undertake efficiency improvements to maximise cost effectiveness.
	P5/2	Advocate at National and State levels to maximise funding.
	P5/3	Identify opportunities for appropriate alternative revenue streams.
Outcome Indicator	2	Growth and Prosperity
	Goal 1	Achieve Economic Resilience

BACKGROUND

Delegated Authority DA-035 has been granted to the Chief Executive Officer to make payments from the Municipal and Trust Funds. This authority has then been on-delegated to the Director Corporate Services and other senior officers. In accordance with Regulation 13.2 and 13.3 of the *Local Government (Financial Management) Regulations 1996*, where this power has been delegated, a list of payments for each month is to be compiled and presented to the Council.

A total of \$9,546,002 direct creditor payments were paid during the month, of which, 19% of payments were paid to suppliers located within the City of Melville and 29% to suppliers within the South West Metropolitan Region, compared to 17% and 21% of the total of \$10,294,116 direct creditor payments made over May 2023 respectively.

The largest payment of \$993 295 made during the month was the FOGO bin waste, overheads and loan repayments payment to the Resource Recovery Group. Approximately 95% of supplier invoices are paid within 30 days of receipt of the invoices.

The list is to show each payment, payee name, amount and date of payment and sufficient information to identify the transaction.

CONSIDERATION

The Schedule of Accounts Paid for June including Payment Register numbers, Cheques: 843-843, Electronic Funds Transfers batches: 838-842, Trust Payments, Card Payments and Payroll was distributed to the Elected Members of the Council on 28 July 2023.

COUNCIL'S ROLE

Executive: The substantial direction setting and oversight role of the Council. e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

SUMMARY

This report presents:

- The preliminary Statements of Financial Activity by Nature or Type and Rate Setting Statement by Program and Nature or Type, for the period ending 30 June 2023 and recommends that they be noted by the Council.
- The statements and figures for 2022-2023 which are still subject to change. Year end accounting processes are still underway and therefore the final accounts for 2022-2023 may be materially different to what is presented in this report.
- The preliminary variances for the month of 30 June 2023 and recommends that they be noted by the Council.
- The Budget amendments required for the month of 30 June 2023 and recommends that they be adopted by Absolute Majority decision of the Council.

PURPOSE

The attached financial reports reflect a positive financial position of the City of Melville as at 30 June 2023.

CONSEQUENCE

There are no consequences or alternative options presented as part of this report.

STRATEGIC ALIGNMENT

Priority	5	Ensure long term financial sustainability
	P5/1	Undertake efficiency improvements to maximise cost effectiveness.
	P5/2	Advocate at National and State levels to maximise funding.
	P5/3	Identify opportunities for appropriate alternative revenue streams.
Outcome Indicator	2	Growth and Prosperity
	Goal 1	Achieve Economic Resilience

BACKGROUND

The Statements of Financial Activity for the period ending 30 June 2023 have been prepared and tabled in accordance with the *Local Government (Financial Management) Regulations 1996*.

OVERALL SUMMARY OF THE CITY'S FINANCIAL POSITION

- End of financial year processes for 2022-2023 are still underway and therefore the final figures for 2022-2023 may be materially different to what is presented in this report.
- The City's total investments holding for June 2023 were \$ 171.1m of which the Municipal cash balance at the end of the month was \$27.6m and \$143.2m was held in reserve accounts, which are restricted to the defined purpose for which the reserve account was established.
- The investment in green/ethical term deposits as at 30 June 2023 was \$75.7m or 44% of total investment holdings, compared to \$76.7m (43%) in May 2023. Green/Ethical investments are invested in the three banks, in accordance with the council credit rating policy. CBA and Suncorp are unable to accept new term deposit or process rollovers of existing Green /Ethical Investments which will be withdrawn in future.
- Rates raised as at 30 June were \$96.35m, compared to a year to date budget of \$96.36m. The negative variance of \$0.015m is due to interim adjustments in respect to both Commercial and Residential improved properties.
- Total debtor collections for June 2023 equalled \$1.26m. The Rates collection target was 94.4% and the actual collection is tracking slightly higher at 96.6%, compared to 95.8% for the same period in 2021-2022. The total outstanding debtors (including all rates and sundry debtors) is \$5.38m as of 30 June 2023.

CONSIDERATION

The attached reports have been prepared in compliance with the requirements of the legislation and Council policy. The three monthly reports that are presented are the:-

1. Statement of Financial Activity by Nature and Type
Provides details on the various categories of income and expenditure.
2. Rate Setting Statement by Program
Provides details on the Program classifications.
3. Rate Setting Statement by Nature or Type
Provides details on the Nature or Type classifications.

Variances

A detailed summary of variances and comments based on the Rate Setting Statement by Nature or Type is provided in attachments:

- Statement Nature Type June 2023: Rate Setting Statement by Nature or Type
- Statement of Variances June 2023: Statement of Variances in Excess of \$100,000

Revenue

Rates raised as at 30 June were \$96.35m, compared to a year to date budget of \$96.36. The negative variance of \$0.015m is due to interim adjustments in respect to both Commercial and Residential improved properties.

Money Expended in an Emergency and Unbudgeted Expenditure

Not applicable for June 2023.

Budget Amendments

Details of Budget Amendments requested for the month of June 2023 that reflect effective changes to budgets are shown in attachment Budget Amendments June 2023. Budget amendments that are purely administrative and detail movements between budget responsible officers are not included in the attachment. This reporting is aligned with legislative requirements.

Variances greater than \$100,000 processed in June 2023 are highlighted in the attachment.

2023-2024 Capital Works Budget Amendment

The attachment, as outlined above, also includes a significant budget amendment for the LeisureFit Booragoon Pool Refurbishment project. This project has been in development for a number of years, with construction due to start in 2023-2024. The 2023-2024 Capital Works Program, as adopted as part of the Annual Budget, listed the total cost for this project as \$12m. Further work has been undertaken on this project, with the total project cost now projected to be \$13.6m. Therefore an additional \$1.6m will be required from the City's asset reserves. This total project cost includes design, project management, construction, contractual rise and fall allowances and contingency funding. The construction cost is indicative only, with the tender evaluation due to be presented to Council in September 2023.

Granting of concession or writing off debts owed to the City

Delegation DA-032 empowers the Chief Executive Officer (CEO) to grant concessions and write off monies owing to the City to a limit of \$10,000 for any one item. The CEO has partially on-delegated this to the Director Corporate Services to write off debts or grant concessions to a value of \$5,000.

Sundry Debtors

There were no sundry debts written off for the month of June 2023.

Rate Debtors

There were no rate debts written off for the month of June 2023.

ENGAGEMENT

There are no applicable engagement considerations presented as part of this report.

SUSTAINABILITY IMPLICATIONS

The impact of Covid-19 on the services provided by the City, the health of the City employees and community itself as well as the financial impacts on the City, State and Federal economy is a significant strategic risk. The City has well developed business continuity plans in place and has enacted the Incident Response Team (IRT) to coordinate and plan the City's response to the Covid-19 crisis.

LEGISLATIVE AND POLICY ALIGNMENT

Local Government Act 1995 Division 3 – Reporting on Activities and Finance Section 6.4 – Financial Report.

Local Government (Financial Management) Regulation 1996 Part 4 – Financial Reports Regulation 34 requires that:

34. Financial activity statement report — s. 6.4

(1) A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —

(a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);

(b) budget estimates to the end of the month to which the statement relates;

(c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;

(d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and

(e) the net current assets at the end of the month to which the statement relates.

(2) Each statement of financial activity is to be accompanied by documents containing —

(a) an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;

(b) an explanation of each of the material variances referred to in subregulation (1)(d); and

(c) such other supporting information as is considered relevant by the local government.

(3) The information in a statement of financial activity may be shown —

(a) according to nature and type classification; or

(b) by program; or

(c) by business unit.

(4) A statement of financial activity, and the accompanying documents referred to in sub-regulation (2), are to be —

(a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and

(b) recorded in the minutes of the meeting at which it is presented.

(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

The variance adopted by the Council is 10% or \$100,000 whichever is greater.

Local Government Act 1995 Division 4 – General Financial Provisions Section 6.12; Power to defer, grant discounts, waive or write off debts.

The format of the Statements of Financial Activity as presented to the Council and the reporting of significant variances is undertaken in accordance with the Council's Accounting Policy CP-025.

FINANCIAL IMPLICATIONSVariances

Variances are detailed and explained in attachment Notes Rate Setting Statement June 2023: Notes on Statement of Variances in excess of \$100,000 by Nature or Type.

COUNCIL'S ROLE

Information: For the Council / Committee to note.

SUMMARY

- This report presents the investment statements for the period ending 30 June 2023 for the Council's information and noting.

PURPOSE

The City's investment portfolio is invested in highly secure investments with a low level of risk yielding a weighted average rate of return of 4.21% to 4.33% which exceeds the benchmark three month bank bill swap (BBSW) reference rate of 4.25%.

44% of the City's investment portfolio is invested in authorised deposit taking institutions that do not lend to industries engaged in the exploration for, or production of, fossil fuels. This compared to 43% in May 2023.

Future investment earnings will be determined by the cash flows of the City and movements in interest rates on term deposits.

CONSEQUENCE

Not applicable as this report only presents information for noting.

STRATEGIC ALIGNMENT

Priority	5	Ensure long term financial sustainability
	P5/1	Undertake efficiency improvements to maximise cost effectiveness.
	P5/2	Advocate at National and State levels to maximise funding.
	P5/3	Identify opportunities for appropriate alternative revenue streams.
Outcome Indicator	2	Growth and Prosperity
	Goal 1	Achieve Economic Resilience

BACKGROUND

The City has cash holdings as a result of timing differences between the collection of revenue and its expenditure. Whilst these funds are held by the City they are invested in appropriately rated and liquid investments.

The investment of cash holdings is undertaken in accordance with Council Policy CP-009 - Investment of Funds, with the objective of maximising returns whilst maintaining low levels of credit risk exposure.

The below graph summarises the maturity profile of the City's investments at market value as at 30 June 2023. The immediacy of the demand for funds depends on the particular Fund or Reserve Account(s) of the City. The maturity profile provided in the table above meets the liquidity requirements of the Council policy.

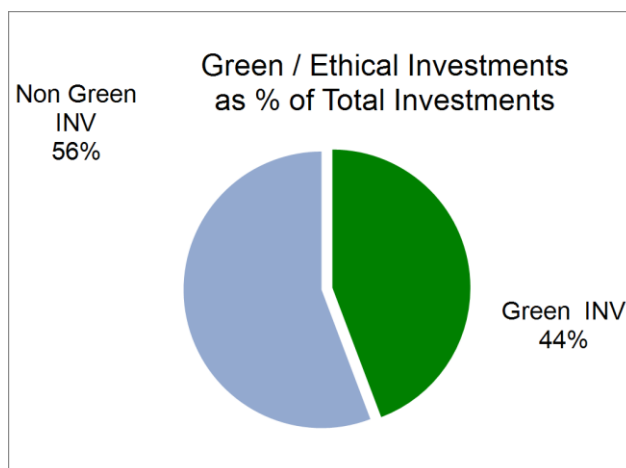

The City exercises a deliberative preference in favour of green/ethical investments. This preference will however only be exercised after the foremost investment considerations of credit rating, comparable rate and risk diversification are fully satisfied.

“Green investments” are authorised investment products made in authorised institutions that respect the environment by not investing in fossil fuel industries.

Environmental, Social & Governance Term Deposit (ESGTD) is a similar product to Green investments. ESGTD's provide the opportunity to invest in products that seek to mitigate environmental and social risks.

The total investment in authorised institutions as at 30 June 2023 was \$75,700,000 or 44% of total investment holdings being in non-fossil fuels institutions, compared to \$76,700,000 (43%) in May 2023. The total investments holding for June and May were \$171,101,348 and \$180,371,622 respectively.

Green / Ethical Investment with financial institutions

Institution	Credit Rating	Credit Rating Category	Funds held at period end
Bendigo & Adelaide	BBB+	BBB+ Category	\$ 18,000,000
CBA	AA-	AA Category	\$ 18,000,000
Suncorp	A+	A Category	\$ 39,700,000
TOTAL			\$ 75,700,000

Green investments are invested in the three banks listed above, in accordance with the council credit rating policy. CBA and Suncorp are unable to accept new money or process rollovers of Green/Ethical Investments which will be withdrawn in future.

ENGAGEMENT

This report is available to the public on the City's website. A wide range of suitably credit rated Authorised Deposit-taking Institutions (ADI's) were engaged with during the course of the month in respect to the placement and renewal of investments.

SUSTAINABILITY IMPLICATIONS

Strategic

The interest earned on invested funds assists in addressing the following key priority area identified in The City of Melville Corporate Business Plan 2020-2024.

Priority Number One – “Restricted current revenue base and increasing/changing service demands impacts on rates”.

Risk

The Council's Investment of Funds Policy CP-009 was drafted so as to minimise credit risk through investing in highly rated securities and diversification. The Policy also incorporates mechanisms that protect the City's investments from undue volatility risk as well as the risk to reputation as a result of investments that may be perceived as unsuitable by the Community.

Environmental

When investing the City's funds, a deliberative preference will be made in favour of authorised institutions that respect the environment by not investing in fossil fuel industries. This preference will however, only be exercised after the foremost investment considerations of credit rating, risk diversification and interest rate return are fully satisfied.

LEGISLATIVE AND POLICY ALIGNMENT

The following legislation is relevant to this report:

- *Local Government (Financial Management) Regulations 1996 Regulation 19 – Management of Investments*
- *Trustee Act 1962 (Part 3)*

Authorised Deposit-taking Institutions are authorised under the *Banking Act 1959* and are subject to Prudential Standards oversighted by the Australian Prudential Regulation Authority (APRA).

The *Local Government (Financial Management) Regulations 1996* (regulation 19C) allows local governments to deposit funds for a fixed term of three years or less. Deposits of greater than one year may, depending on the shape of the yield curve, enable the City to achieve better investment returns.

POLICY IMPLICATIONS

Council Policy CP-009 – Investment of Funds provides guidelines with respect to the investment of City of Melville (the City) funds by defining levels of risk considered prudent for public monies. Liquidity requirements are determined to ensure the funds are available as and when required and take account of appropriate benchmarks for rates of return commensurate with the low levels of risk and liquidity requirements. The types of investments that the City has the power to invest in is limited by prescriptive legislative provisions governed by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Part III of the *Trustees Act 1962*.

FINANCIAL IMPLICATIONS

For the period ending 30 June 2023:

- Investment earnings on Municipal and Trust Funds were \$1,256,707 against a year-to-date budget of \$1,400,000 representing a negative variance of \$143,293.

The weighted average interest rate for Municipal and Trust Fund investments as at 30 June 2023 was 4.21% which compares favourably to the benchmark three month bank bill swap (BBSW) reference rate of 4.25%.

- Investment earnings on Reserve accounts were \$5,199,120 against a year-to-date budget of \$4,650,000 representing a positive variance of \$549,120.

The weighted average interest rate for Reserve account investments as at 30 June 2023 was 4.33% which compares favourably to the benchmark three month bank bill swap (BBSW) reference rate of 4.25%.

COUNCIL'S ROLE

Advocacy: When the Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.

SUMMARY

- On 3 March 2023, the City of Melville received correspondence from the Department of Local Government outlining a series of governance concerns.
- On 27 April 2023, representatives from the Department of Local Government provided a briefing on the governance concerns to Elected Members and Elected Members raised opportunities for improvement.
- Officers developed a range of initiatives to address the concerns and opportunities raised, which were presented to Elected Members at an Elected Member Engagement Session held on 27 June 2023.
- The City responded to the Departments concerns on 30 June 2023.
- The Department responded to the City on 12 July 2023, seeking a Council adopted and endorsed improvement plan that covered the initiatives outlined.
- This report presents a City of Melville Government Improvement Plan 2023/2024 for the consideration of the Council.

PURPOSE

For the Council to formally adopted the improvement initiatives as outlined in the City's response to the Department of Local Government, dated 30 June 2023 and outlined in the City of Melville Government Improvement Plan 2023/2024.

CONSEQUENCE

The Department of Local Government is seeking a Council adopted and endorsed improvement plan that covers the items and actions the City is undertaking as outlined in its response of 30 June 2023.

STRATEGIC ALIGNMENT

Priority	3	Empower the voices of our diverse community by strengthening engagement
	P3/4	Enhance opportunities for civic engagement and building community capacity.
Outcome Indicator	5	Sense of Community

BACKGROUND

In early March 2023, the City of Melville received correspondence from the Department of Local Government, raising governance concerns at the City in relation to:

- lack of formalised process for dealing with council member behavioural complaints.
- inappropriate questioning of staff by council members during council meetings and at other times.
- inappropriate council member conduct and behaviour toward other council members, and administration staff.
- council members involvement in operational matters.
- number of items for council meetings being deferred by Council.
- inappropriate interactions from members of the community with council members and administration staff.
- appropriateness of council member motions.
- increasing costs for legal advice and legal services.
- duration of council meetings.

The Department requested that the City provide a response to the concerns raised addressing:

1. responds to, and provides information addressing DLGSC's concerns as outlined during the Meeting, and subsequently in this letter;
2. identifies an approach and strategy for the City to priorities and improve its governance practices, including by not limited to:
 - a. procedures for managing council member behavioural complaints;
 - b. protocols for communication, council member queries and requests for information, including ensuring that council adhere to respectful discussion and debate, and appropriate and professional interactions with the CEO and administration staff;
 - c. ensuring that meeting procedures, standing orders and behavioural codes of conduct are understood and followed by all persons attending meetings of Council and other such forums;
 - d. ensuring there is clarity and understanding of the distinction between the functions and roles of the Council, council members, the CEO and City administration staff; and
 - e. a commitment from Council to 'buy in' and work collegiately for the betterment of the City's community and district, and
3. the Council commits to release the final Weir Legal and Consulting Report on the Review of Building and Panning Complaints at the City of Melville in entirety and the City's progress in implementing the recommendations.

The response was initially required by 28 April 2023, however a Briefing from representatives of the Department was held on 27 April 2023 and an extension was granted to 30 June 2023.

CONSIDERATION

A briefing with representatives from the Department of Local Government was held on 27 April 2023. Discussion centred on the Department's overarching concerns:

- Behaviour Complaints Process
- Legal Expenditure
- Council Member Conduct
- Interactions with the Community
- Council Meetings

Following the briefing session, a number of key initiatives were developed to address the matters contained in the Department's correspondence and matters raised at the briefing session. These initiatives include:

- Opportunities for Improvement includes process improvements that have already been implemented and those planned, that specifically address the concerns raised in the Department of Local Governments correspondence.
- Refreshed and Comprehensive Elected Members Induction Program for implementation as part of the 2023 Local Government Elections. A key focus of the discussions was more breadth and depth of training could be provided to better induct Elected Members into the role of Councillor. The refreshed program will have a strong focus on the promotion of formal qualifications and specific training opportunities to provide foundation skills earlier in an Elected Members term of office. The initial concepts around these training opportunities are detailed in the relevant attachment.
- Development of a Governance Framework to ensure roles and responsibilities are clearly understood and to provide guidelines and standards expected of Elected Members and employees to achieve good governance through concepts such as compliance, community participation, ethical conduct, transparency, accountability and ongoing performance management. It will also set out the roles of Elected Members, management and employees of the City of Melville and their relationships, along with financial, legal and ethical responsibilities that impact individuals and the organisation.

These initiatives were discussed at an Elected Members Information Session held on 27 June 2023 prior to the response to the Department of Local Government, which was sent on 30 June 2023.

The Department of Local Government has received and reviewed the City's response and has now requested that the Council adopt and endorse an improvement plan that covers all the items and actions outlined in the City's response.

The City of Melville Governance Improvement Plan 2023/2024, as attached, has been developed based on the information presented to Elected Members and subsequently provided to the Department of Local Government.

ENGAGEMENT

Engagement with Elected Members has been undertaken through the Briefing with the Department of Local Government and at an Elected Member Engagement Session.

LEGISLATIVE AND POLICY ALIGNMENT

There is no specific legislation associated with this report, however in order to ensure good governance for the City of Melville, compliance with current legislation and policies is required.

FINANCIAL IMPLICATIONS

The financial implications associated with the improvement induction program and additional training opportunities proposed are yet to be fully costed. The City allocates training funds as part of the budget process each year and should additional funds be required, this would be addressed as part of the mid-year Budget Review.

COUNCIL'S ROLE

Executive: The substantial direction setting and oversight role of the Council. e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

SUMMARY

- To recommend the acceptance of a tender submitted for the Disposal of Bulk Verge and Commercial General Waste.

PURPOSE

The CTAU is satisfied that the recommended supplier has demonstrated that they have the necessary experience, appropriate capacity to deliver, follow environmentally sustainable practices, has employees residing in the City of Melville area and follow a methodology in line with the City's expectations.

The CTAU's recommendation is now being presented to Council for their approval.

CONSEQUENCE

No alternative options or consequences are presented as part of this report.

STRATEGIC ALIGNMENT

Priority	2	Improve the approach for diverse and sustainable urban development and infrastructure
	P2/1	Implement innovate, efficient and appropriate initiatives that support community centred infrastructure within integrated transport solutions.
Outcome Indicator	1	Clean and Green
	Goal 5	Sustainable Waste Management

BACKGROUND

The City is seeking a suitably qualified and experienced Contractor for the disposal and recycling of the material collected by the City's verge waste fleet for the Bulk and Whitegoods Verge Waste Collections and the disposal of the commercial general waste.

The City is planning to implement a pre-booked and on-demand verge collection in early 2024.

Historically, the City's bulk verge waste and commercial waste has been taken to Veolia Recycling & Recovery at 65 Howson Way, Bibra Lake where an average of 2,300 tonnes of bulk verge waste are pre-sorted prior to landfilling and an average 2,700 tonnes of commercial waste collected is delivered for transfer to a landfilling operation in North Bannister

To procure these services, the City released this Request for Tender (RFT) as a collective RFT with two (2) separable portions, as follows:

- (1) Disposal of Bulk Verge
- (2) Disposal of Commercial General Waste

The preference is to award the services to a single Contractor that offers best value for money. However, it is recognised that some suppliers may offer preferable solutions for recovery of materials or drop off locations which is able to be responded through the separable portions approach.

The City Bulk Verge Collection for 2023 will commence on 28 August 2023 and run until 8 December 2023. This will be the final bulk verge collection for 2023 with the transition to the on-demand and pre-booked bulk verge and green waste verge collection system to be undertaken from the start of 2024.

The commercial collections will occur throughout the year Monday to Friday.

The Contract period is for a term of two year with two one-year option periods.

This timeframe will enable the City to transition to the Waste to Energy facility, which is currently under construction and expected to be completed by late 2025.

CONSIDERATION

Responses were received from the following organisation:

- a) Veolia Recycling & Recovery Pty Ltd T/AS Veolia Recycling & Recovery

The Respondent properly addressed the Compliance and Disclosure Requirements and were processed through to Qualitative Assessment.

The City set the following qualitative criteria and weightings.

Demonstrated Experience	10%
Capacity to Deliver	40%
Environmental Sustainability	5%
Local Buy	5%
Methodology	40%
Total	100%
Percentage to be shortlisted	60%
Price	Non-weighted

The qualitative scores were achieved by joint agreement of the Evaluation Panel members at the evaluation meeting after each panel member had scored the submission individually.

The recommended Respondent achieved a qualitative score of 82.78% against the following criteria:

I. Demonstrated Experience

The Respondent provided the required information against this criterion. Examples provided were relevant to the services that will be delivered under this Contract, and they have experience with Local Government.

II. Capacity to Deliver

The Respondent provided the required information against this criterion. The key personnel have relevant qualifications and a good level of experience in similar projects.

III. Environmental Sustainability

The Respondent provided the required information against this criterion. They provided their certifications, environmental policy, minor environmental initiatives, and minor actions to mitigate negative environmental impact.

IV. Local Buy

The Respondent provided the required information against this criterion. They have employees residing in the City of Melville area.

V. Methodology

The Respondent provided the required information against this criterion. They satisfactorily addressed the entire methodology question.

The Evaluation Panel reviewed all Respondents' offers and prepared an Evaluation Report, identifying the recommended Respondent.

The recommendation was supported by the Contract and Tender Advisory Unit (CTAU) and is put forward as part of the recommendation to the Council.

The Evaluation Report and associated confidential attachments were distributed to Elected Members under confidential cover.

ENGAGEMENT

No community or external engagement has been required or undertaken as part of this tender.

SUSTAINABILITY IMPLICATIONS

- Verge waste will be pre-sorted prior to landfill, increasing resource recovery.
- Transfer station is located just outside of the City's suburb boundary.

	Environmental	Social	Economic
Pros/Opportunities	<ul style="list-style-type: none"> • Bibra Lake Transfer Station is operationally closer and provides a pre-sort of the verge waste prior to landfill. 	<ul style="list-style-type: none"> • Nil 	<ul style="list-style-type: none"> • Cost is cheaper by \$5.00 per tonne than the existing RRG Contract for the City's MSW red bin waste.

COUNCIL'S ROLE

Legislative: Includes adopting local laws, town planning schemes & policies.

SUMMARY

- Advertising of modifications to Local Planning Policy 2.2 – Outdoor Advertising and Signage (LPP2.2) took place from 4 May to 29 May 2023. Five submissions were received during the advertising process with three in support, one objecting and one providing comment.
- Separately to the advertising process, an Elected Member suggested changes to LPP 2.2 and several improvements have been identified by the City.
- It is recommended that further changes are made to LPP2.2 in response to the submissions and final adoption takes place in accordance with the procedures detailed in the Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations).

PURPOSE

The purpose of this report is for Council to consider modifications to LPP2.2. The options available to Council are as follows:

1. Adopt the recommended modifications to LPP2.2.
2. Determine to make further modifications to LPP2.2.
3. Resolve not to adopt the modifications to LPP2.2.

Option 1 is recommended.

CONSEQUENCE

The consequence of not adopting LPP2.2 is that there's a lack of clarity in relation to the regulatory framework surrounding outdoor advertising signage which may lead to amenity issues.

STRATEGIC ALIGNMENT

Priority	2	Improve the approach for diverse and sustainable urban development and infrastructure
	P2/2	Enhance amenity and vibrancy through placemaking and creating well designed and attractive public spaces.
Outcome Indicator	5	Sense of Community
	Goal 3	Place Activation and Liveability

BACKGROUND

At the Ordinary Meeting of Council (OMC) held on 21 March 2023, Council resolved to endorse changes to LPP2.2 for advertising. The key changes to LPP2.2 are described as follows:

- To provide clarity on the relationship of the LPP2.2 to other planning documents and legislative requirements.
- To provide updated temporary signage provisions.
- To provide guidance for sporting clubs and schools in the use of outdoor advertising signage.

The advertising process took place between 4 May to 29 May 2023. Five submissions were received during advertising with three in support, one objecting and one comment. The results of the advertising process are described in more detail below.

CONSIDERATION

The March 2023 report provides a detailed analysis of the changes which were proposed to LPP2.2. In summary, the changes were as follows:

- An updated policy scope to clarify the relationship between LPP2.2, the City of Melville Activities in Thoroughfares, Public Places and Trading Local Law 2014 and other documents in the planning framework.
- Updated provisions in relation to temporary signage.
- New provisions relating to signage for sporting clubs and for schools.

Subsequent to the advertising process, the following changes (summarised) are recommended in response to submissions and as a result of further consideration:

- Minor modifications to the policy provisions relating to sporting clubs to provide further clarity.
- Adjustments to several clauses to increase clarity of operation and to ensure appropriate levels of amenity are maintained.

A copy of LPP2.2 with the recommended changes are outlined in Attachment 1.

ENGAGEMENT

Advertising of the proposed changes to LPP2.2 took place between 4 May 2023 to 29 May 2023, via an advertisement in the local newspaper, details on the City's engagement page Melville Talks, a direct email to sporting clubs, social media posts and the City's e-news.

Five submissions were received during the advertising process with three in support, one objecting and one comment.

Separately to the advertising process, an Elected Member suggested changes to LPP 2.2 prior to it being presented to the March 2023 OMC. These suggestions have been treated as a submission and included in the table below.

The City, as part of its commitment to the Small Business Friendly Program, is in the process of reviewing its local laws, policies, and regulatory processes to ensure they're business friendly and minimise unnecessary regulatory requirements, where possible. In this context, several improvements to the phrasing of LPP2.2 have been identified. These are summarised in the table below.

Summary of Submission	Officer Comment
<p>Seeking an amendment to proposed Clause 5.3.3(a).</p> <p>Not all Community Service providers and sporting clubs are located in areas that receive maximum exposure. Consideration to be given for signage to be placed, with the required setback, on the nearest main roadway without impacting driver visibility or vehicle access.</p>	<p>Under the provisions of City of Melville Activities in Thoroughfares, Public Places and Trading Local Law 2014 there is an opportunity for small temporary signs to be placed within the thoroughfare subject to certain safety related requirements. This opportunity will remain available to clubs.</p> <p>In addition, community service providers and clubs can work with landowners on high exposure sites and place temporary signage on these properties if they wish to promote their events. It is not proposed to change this aspect of the LPP2.2.</p>
<p>Seeking an amendment to proposed Clause 5.3.3(c).</p> <p>It is not uncommon for community service signage that advertises not-for-profit events to hold more than one event per year, therefore, an amendment from 30 days to 60 days per</p>	<p>LPP2.2 has been updated to clarify that temporary signage may be in place for 30 days per event.</p>

Summary of Submission	Officer Comment
calendar year should be considered.	
The proposed changes will make it more difficult for sporting clubs. They are unnecessary and add a layer of bureaucracy.	<p>This submission did not make any specific references to which provisions or regulatory requirements “make it more difficult for sporting clubs”.</p> <p>The LPP2.2 changes are designed to provide certainty to clubs and community service organisations while ensuring the visual amenity of the City is maintained.</p>
30 days is insufficient in relation to club registration signage, 60 days is preferable.	LPP2.2 has been updated to allow for 60 days for club registration.
<p>Seeking amendment to sponsorship signs standards which currently reads as ‘Signs to be faced internally toward the leased space/field of play and clubhouse’</p> <p>Proposed wording below</p> <p><i>Not-for-profit clubs/organisations sponsor signs are double-sided core flutes facing both the club and ground.</i></p>	<p>As noted in the March 2023 report, the proposed policy provisions are designed to allow for increased certainty for sporting clubs while maintaining appropriate levels of amenity.</p> <p>It's not proposed to change this aspect of LPP2.2.</p>
<p>Seeking amendment to clause (d) under sponsorship signs standards. Seeking amendment on this point to 3.0 metres above natural ground level for the reason below.</p> <p><i>The height of 1.0m is insufficient as fixed signage showing scores and/or sponsors need to be visual for players and spectators.</i></p>	LPP2.2 is proposed to be amended to allow the additional height.
The new proposed policy objective under dot point 2 creates a conflict with other objectives and should be deleted.	Objective deleted from LPP2.2.
The new dot point 5 relating to performance based assessment of signage is problematic as it may lead to uncertainty.	<p>LPP2.2 has always contained performance standards to enable the decision maker to consider a proposal on its merits. The additional dot point is intended to clarify this position early in the document.</p> <p>Ensuring a degree of flexibility is important and promotes the City's desire to achieve a “business friendly” regulatory framework.</p>
The provisions for display home signage in residential areas is too generous	Display home clause modified to allow signage to a maximum height of 1.8 metres which is consistent with real estate sale signage.
Additional control is required for illuminated signage	<p>The standard criteria for signage in the residential zone do not permit illuminated signage. The amendments to LPP2.2 clarify this.</p> <p>In non-residential areas, illuminated signage is permitted subject to certain criteria.</p> <p>Illuminated signage is consistent with the</p>

	<p>expectation for a non-residential streetscape, however, it's considered appropriate to limit the level of illumination to a level which will not cause amenity issues.</p> <p>A new clause is proposed to be added to LPP2.2 to clarify the acceptable level of illumination.</p>
Clarity is required in relation to bill posting	Clause 3.2(a) of LPP2.2 is proposed be amended to note that bills posted for any event should not be displayed for more than 30 days.
<p>Submitter seeking clarity in relation to several aspects of the policy on their sporting club.</p> <p>These are summarised below</p> <ol style="list-style-type: none"> 1. Are the policy provisions flexible to respond to our circumstances in terms of number of signs, their size and illumination. 2. Do we qualify for exemptions based on our location. 	<p>These matters will be addressed with the submitter separately to the review of LPP2.2.</p> <p>It is noted the LPP2.2 allows for performance-based assessment of signage proposals.</p>
It is onerous to require a landowner to inform the City when temporary signage is proposed to be installed.	This requirement has been removed from LPP2.2.
Clarity required under the policy statement regarding the need for development approval	An extra sentence has been included under the header Policy Statement to provide this clarity.

SUSTAINABILITY IMPLICATIONS

The proposed changes to LPP2.2 will provide clarity for a range of users in relation to outdoor advertising and signage. This will make it easier for business, sporting clubs and community organisations to promote themselves and their events.

LEGISLATIVE AND POLICY ALIGNMENT

The Regulations allow local government to prepare, adopt and modify local planning policies. As outlined above, the proposed modifications to LPP2.2 will improve its clarity and are consistent with the City's business friendly approach.

FINANCIAL IMPLICATIONS

There are no financial implications in relation to the adoption of this policy other than the costs associated with advertising which is budgeted for.

15.1 Notice of Motion - Neighbour Dispute Mediation Policy

File Number:	
Related to Item:	Not applicable
Elected Member:	Cr Glynis Barber
Attachments	Nil

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

1. To provide clear guidelines for City officers in handling neighbour disputes.
2. The benefit will be a framework that enables a transition through the process for both City officers and residents. Facilitation of mediation, financial savings due to saving time and legal costs, may also be beneficial.
3. Risks include creating a policy which may have flaws, time to create and research such a policy - however having a policy to deal with neighbour disputes is much better than having no policy at all. With research into other Local Government dispute policies, hopefully risks will be diminished.

REASONS FOR THE MOTION

1. There are circumstances where communications breakdown between neighbours in dispute over various matters.
2. These breakdown in communications, at times, involve the City and Councillors.
3. The circumstances can also, at times, be complex, time consuming and require guidance and assistance to arrive at appropriate solutions.
4. While some circumstances do not strictly fall within the City's jurisdiction or remit, the City may be able to play a constructive role in facilitating amicable outcomes between neighbours that are willing to participate.
5. It's important that Council is provided with detailed information from the City on the benefits, implications and how such a policy may operate before establishing a policy.
6. However, it is also important that a formal policy position and framework is established, should Council decide that it is appropriate for the City to play a facilitating role.

- 2. Note that the scope of investigations should include but not be limited to:**
 - (a) Policy purpose/statement.**
 - (b) Details of matters for consideration.**
 - (c) Governance considerations including an implementation framework, decisions, outcomes, and reporting.**
 - (d) Include research on other established policies within a local government context.**

15.2 Notice of Motion - Improving Community Safety and Security

File Number:	
Related to Item:	Not applicable
Elected Member:	Cr Matthew Woodall
Attachments	1. Officer Advice Note - Improving Community Safety and Security

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

No objectives, benefits and potential risks have been provided as part of this motion.

REASONS FOR THE MOTION

1. Safety and Security has consistently ranked as a high priority in the City's Community Scorecards, just below 'Clean and Green'. Comments from respondents to the 2022 *Community Scorecard* and the *Safer Melville Plan* reveal concerns about burglaries, petty theft and anti-social behaviour occurring across the City of Melville.
2. In the City of Melville *Strategic Community Plan 2020 – 2030*, our community identified that the Clean and Green and Safe and Secure aspirations were almost equally important to them, with 32.2% and 30.8% of respondents ranking these as their areas of focus respectively: [https://www.melvillecity.com.au/our-city/publications-and-forms/community-development/a-strategic-community-plan-for-the-city-of-mel-\(1\)](https://www.melvillecity.com.au/our-city/publications-and-forms/community-development/a-strategic-community-plan-for-the-city-of-mel-(1))
3. Over the past few years, the Council has taken clear and noticeable steps to address the challenges of climate change, including declaring a climate emergency and setting a net zero target.
4. This motion seeks to demonstrate that Council is also committed to doing what it can to improve safety and security for our community, by investigating improvements to the City's existing services in this area.
5. The recently endorsed 2023-2027 *Safer Melville Plan* identifies a number of goals and opportunities to improve safety and security throughout the City of Melville. To be successful, this will require cooperation and collaboration between WA Police, the City of Melville, businesses, and residents. A copy of the Plan can be accessed here: https://www.melvillecity.com.au/CityOfMelville/media/Documents-and-PDF-s/Endorsed-2023-2027-Safer-Melville-Plan_1.pdf
6. This motion proposes investigation of additional lighting in known trouble spots, a review of the City's Community Safety Service (CSS) to determine if improvements are justified, and opportunities for additional CCTV across the City.
7. It is important that these options are investigated by officers with expertise in this area, to ensure that we prioritise the most significant and cost-effective measures should we decide to proceed.
8. The financial implications of any improvements to the City's safety and security services need to be considered as part of the discussions around the Long Term Financial Plan, prior to any decisions being made.
9. Given the October Council elections, it is appropriate that any decisions in this area are considered and determined by the new Council. In the interim, officers can commence detailed investigation into these matters and prepare a presentation for councillors.

COUNCIL RESOLUTION (15.2)

At 8:28pm Cr M Woodall moved, seconded Cr J Spanbroek

That the Council:

1. Notes the *2023-2027 Safer Melville Plan* and the goals and actions identified therein, as endorsed by the Safer Melville Advisory Committee in March 2023; and
2. Requests that the Chief Executive Officer investigate:
 - (a) Increasing the City's budget for new/improved lighting in streets, parks and public accessways for the purpose of community safety and crime prevention; and
 - (b) The size and scope of the City's Community Safety Service, including options for improving the service; and
 - (c) Opportunities for additional mobile or fixed CCTV, and the financial implications of doing so; and
3. Requests that a presentation on these matters is presented to an Elected Member Engagement Session and included in discussions on the Long-Term Financial Plan, prior to a report being prepared for the December meeting of Council.

Attachments	1. <u>Officer Advice Note - Applecross Town Centre Appointment of Community Consultation Group</u>

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

There are no objectives, benefits or potential risks presented as part of this motion.

REASONS FOR THE MOTION

1. The development of the Town Centre is an opportunity to involve the community and build excitement and support for the project.
2. In the past the City has engaged consultants at great expense and the consultants have consistently failed to listen to the community.
3. Involvement in a genuine consultation process conducted by fellow residents will give the community a greater sense of ownership and involvement and will result in an outcome which the community will find difficult to criticise.
4. The process will build community confidence in the City.

MOTION

At 8:32pm Cr C Ross moved, seconded Cr M Sandford

That the Council resolves to direct the CEO to:

1. **Form a Town Centre Community Consultation Reference Group (TCCCRG) to provide leadership in managing and conducting community consultation activities in collaboration with City staff to explore ideas and suggestions for the development of the Town Centre at the corner of Moreau Mews and Kishorn Road;**
2. **Develop a Draft Terms of Reference for the TCCRG for discussion at an EMES;**
3. **Advertise and call for volunteers through a public Expression of Interest Process to join the Town Centre Community Consultation Reference Group by December 2023;**
4. **Advertise community consultation sessions and activities and provide appropriate facilities, times and methods of community engagement in consultation with the TCCRG members;**
5. **Present a report to Council on all the community consultation outcomes by October 2024.**

File Number:	
Related to Item:	Not applicable
Elected Member:	Cr Karen Wheatland
Attachments	1. Officer Advice Note - Prioritising the Development of the Netball Plan / Indoor Sports Plan

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

There are no objectives, benefits and potential risks presented as part of this motion.

REASONS FOR THE MOTION

The Active Reserves Infrastructure Strategy that was noted in July 2020 identified the following:

- The Community and Club consultation in ARIS identified the need to provide for netball club development and training through investing in court infrastructure.
- there was an aim to try and access more school hard courts through shared use agreements for netball.
- Netball WA identified a lack of access to courts for training purposes.
- Netball in top 10 children's participation and forecast need for 7 increased training hours per week by 2026 and 33 extra training hours per week for adults by 2026.

Previous strategies that have been noted/ endorsed have been:

- Bowls Strategy
- ARIS
- Tennis Strategy
- Soon to be presented is the Wheeled Sport Strategy

Netball is the biggest team sport in Australia played by over 1.2 million men, women and children all over the country. It's also the number one participation sport for Australian girls.

Netball has a unique power to motivate and inspire Australian women. It's a sport for all ages, abilities, backgrounds, and genders.

We need to redress the inequality of sporting infrastructure in the City of Melville.

MOTION

At 8:41pm Cr K Wheatland moved, seconded Cr T Fitzgerald

That the Council directs the CEO to prioritise the Netball and Courts Needs Assessment Plan / Report that was approved in the 2023/2024 budget and bring the final report back to Council no later than the June 2024 Ordinary Meeting of Council.

The plan is to include:

- 1. An indoor and outdoor multi use hard court plan that will accommodate the current and future needs of netball and other complimentary sporting activities in Melville.**

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

The objective of this motion is to ensure that documents or Deeds or agreements entered into under Council's authorisation are transparent and disclosed to the Council as the governing body of the City. The risks to the City of failing to follow proper processes and procedures would be damage to the City's reputation and loss of community trust in the City and the Council.

REASONS FOR THE MOTION

1. The CEO has provided legal advice that he signed a Deed with a confidentiality clause that prevents the CEO from releasing any information about the settlement agreement to the Council.
2. Council must be able to view and review any documents or Deeds signed under Council's authorisation to ensure that the authorised person has not exceeded the authority granted to them.
3. The CEO is authorised by Council to sign Deeds, however while it may and should be contended that there is an implied condition that the CEO cannot sign a Deed or any document that would undermine or removes Council's authority to view or review any Deed signed by the CEO, a condition in the instrument of authorisation making that clear in the instrument of authorisation that the authorisation is conditional and does not extend to granting a right to exclude or undermine Council's authority is essential and avoids ambiguity.

COUNCIL RESOLUTION (15.6)

At 8:48pm Cr C Ross moved, seconded Cr J Edinger

That the Council resolves to direct the CEO to:

1. **Obtain Legal Advice and prepare a report for Council consideration at the November 2023 OMC, on the benefits and implications of amending the Statutory Authorisation: CSA-Local-01 to include the following condition:**
"4. A person authorised by this instrument to sign a document or Deed is not authorised to include in the document or Deed or in any agreement whatsoever any condition or clause or implied condition or clause that limits Council's authority or excludes the Council from viewing or reviewing the document or Deed. "
2. **Provide a briefing at an Elected Member Engagement Session regarding the proposed amendment.**

At 8:54pm the Presiding Member declared the motion.

15.7 Notice of Motion - Severance Policy CP-027

File Number:	
Related to Item:	Not applicable
Elected Member:	Cr Clive Ross
Attachments	Nil

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

The objective of this motion is to ensure that the inconsistencies and confusion in the current Severance Policy are addressed, and that the Severance Policy is clear and easily understood. The risks to the City of failing to follow proper processes and procedures would be damage to the City's reputation and loss of community trust in the City and the Council.

REASONS FOR THE MOTION

1. The CEO has provided legal advice that refers to the Severance Policy as being unclear and confusing and making the Policy clear and removing confusion or ambiguity is essential.
2. The Council is responsible to ensure that Policies and procedures are clear and unambiguous and easily understood by Council, Council Officers, and members of the public. Council must respond to the legal advice as expeditiously as possible and remove any uncertainty as to when or if amendments will be made.

COUNCIL RESOLUTION (15.7)

At 8:54pm Cr C Ross moved, seconded Cr J Edinger

That the Council resolves to direct the CEO to:

1. **Amend the Severance Policy CP-027 to remove the inconsistencies identified by the legal advice from Minter Ellison and clarify the maximum payments allowed under the Regulations; and**
2. **Present a report and recommended draft amendments to the Tuesday 5 September EMES for discussion; and**
3. **Present the amended Severance Policy CP-027 to the Tuesday 19 September OMC for approval.**

At 8:58pm the Presiding Member declared the motion.

16 MOTIONS WITHOUT PREVIOUS NOTICE (APPROVAL BY ABSOLUTE MAJORITY)

16.1 Motion without Notice - City of Melville Lawn Bowls Strategy 2016

File Number:	
Related to Item:	CD16/8081 - City of Melville Lawn Bowls Strategy
Elected Member:	Cr Jane Edinger
Attachments	1. Minutes - Ordinary Meeting of Council 21 June 2016

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

Objective

To cease using the City of Melville Lawn Bowls Strategy 2016 as the guiding document when making strategic decisions in relation to the sport of lawn bowls.

Benefit

The City will no longer be referring to an out-dated report.

The CEO will no longer be required to comply with items 5(a) and (b) as directed by Council in item CD16/8081 - City of Melville Lawn Bowls Strategy passed at the 21 June 2016 Ordinary Meeting of Council.

Risks

The City continues to make decisions based on the 2016 Strategy document.

REASONS FOR THE MOTION

- The Lawn Bowls Strategy was produced in 2016.
- The basic metric used to determine club health, namely the number of pennant level bowls players, failed to provide a true indication of the health or role of bowling clubs.
- The recommendations of the 2016 motion, particularly item 5 (a) and (b) have not been and are unlikely to be acted upon.

16.2 Motion Without Notice - Rates Levy Review

File Number:	
Related to Item:	Not applicable
Elected Member:	Cr Clive Ross
Attachments	Nil

MOTION

That the Council resolves to direct the CEO to:

- 1. Immediately conduct a review of the residential rates that have been levied to clarify why rates notices have been issued with rate increases ranging from 6% to over 13% when the City has stated publicly that residential rates have only increased by 4.87%.**
- 2. Review the Rates Notice which shows that payments by instalment are the same amount as a single payment when the online payment system indicates that an additional fee applies for instalment payments.**
- 3. Provide a report to Council as to why the overall increase in rates from the previous year is 5.547% when the Council resolved that residential rates are to be capped at 5.0%**

**Statement of Variances in Excess of \$100,000 by Nature and Type
Financial Year-To-Date Ending 30 June 2023 (Preliminary)**

This report provides commentary on the year-to-date variances identified in attachment 6002B – Rate Setting Statement by Nature and Type, for the period ended 30 June 2023.

In accordance with Regulation 34(5) of the Local Government (Financial Management) Regulations 1996, a local government is required each financial year, to adopt a percentage or value to be used in statements of financial activity for the reporting of material variances. The City's Accounting Policy CP-025, indicates that this will occur each year when adopting the annual budget. When adopting the 2022-2023 Annual Budget, a level of 10% or \$100,000 (whichever is the greater) was adopted for the reporting of material variances for the 2022-2023 financial year. Variances less than 10% or \$100,000 are not considered material and are not detailed in this report.

Variances are based on 'Actual' income raised and expenditure incurred, compared to the Annual Revised Budget and are shown in the Annual Budget Variance column in the tables below. The main reasons for the variances are outlined in this report.

It should be noted that end of financial year adjustments are not reflected in this report, and as a result, the final year end results could differ significantly from those presented below. In particular, recognition of revenues accrued but not received will impact the variances shown for Grants and Contributions. Accruals for expenditure incurred but not paid, will impact variances for Materials and Contracts, Land and Buildings, and Infrastructure Assets.

In the tables below, positive variances are shown in black coloured font, and negative variances are shown in both parentheses and in red coloured font, i.e. (XXX.XX). These tables refer to the applicable nature and type variance.

Operating Revenue

SUMMARY

In early March 2023, the City of Melville received correspondence from the Department of Local Government outlining a number of governance concerns.

A briefing from representatives from the Department of Local Government (the Department) to Elected Members and relevant staff was held on 27 April 2023. Following the Briefing the concerns and initiatives were grouped as follows:

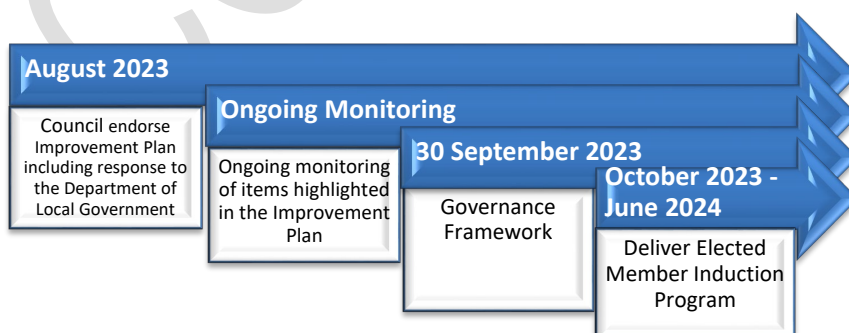

- Opportunities for Improvement includes process improvements that have already been implemented and those planned, that specifically address the concerns raised in the Department of Local Government's correspondence.
- Refreshed and Comprehensive Elected Members Induction Program for implementation as part of the 2023 Local Government Elections. A key focus of the discussions was more breadth and depth of training could be provided to better induct Elected Members into the role of Councillor. The refreshed program has a strong focus on the promotion of formal qualifications and specific training opportunities to provide foundation skills earlier in an Elected Members term of office.
- Development of a Governance Framework to ensure roles and responsibilities are clearly understood and to provide guidelines and standards expected of Elected Members and employees to achieve good governance through concepts such as compliance, community participation, ethical conduct, transparency, accountability and ongoing performance management.

Responses to the initiatives were presented and discussed with Elected Members at an Elected Member Engagement Session on 27 June 2023, with a joint response from the Mayor and CEO was provided to the Department on the deadline of 30 June 2023.

The joint response covers the following three key points:

- Response to the concerns raised
- Development of Governance Framework
- Updated Elected Member Induction Program and Training Opportunities

The timeline to implement these initiatives is through to June 2024:

An overview of each concern and the status as of 30 June 2023 is provided below:

CONCERNS RAISED BY THE DEPARTMENT OF LOCAL GOVERNMENT

In early March 2023, the City of Melville received correspondence from the Department of Local Government the outlining a number of governance concerns.

- lack of formalised process for dealing with council member behavioural complaints.
- inappropriate questioning of staff by council members during council meetings and at other times.
- inappropriate council member conduct and behaviour toward other council members, and administration staff.
- council members involvement in operational matters.
- number of items for council meetings being deferred by Council.
- inappropriate interactions from members of the community with council members and administration staff.
- appropriateness of council member motions.
- increasing costs for legal advice and legal services.
- duration of council meetings.

The Department requested that the City provide a response to the concerns raised addressing:

1. responds to, and provides information addressing DLGSC's concerns as outlined during the Meeting, and subsequently in this letter;
2. identifies an approach and strategy for the City to priorities and improve its governance practices, including by not limited to:
 - a. procedures for managing council member behavioural complaints;
 - b. protocols for communication, council member queries and requests for information, including ensuring that council adhere to respectful discussion and debate, and appropriate and professional interactions with the CEO and administration staff;
 - c. ensuring that meeting procedures, standing orders and behavioural codes of conduct are understood and followed by all persons attending meetings of Council and other such forums;
 - d. ensuring there is clarity and understanding of the distinction between the functions and roles of the Council, council members, the CEO and City administration staff; and
 - e. a commitment from Council to 'buy in' and work collegiately for the betterment of the City's community and district, and
3. the Council commits to release the final Weir Legal and Consulting Report on the Review of Building and Panning Complaints at the City of Melville in entirety and the City's progress in implementing the recommendations.

A briefing with representatives from the Department of Local Government was held on 27 April 2023. Discussion centred on the Department's overarching concerns:

- Behaviour Complaints Process
- Legal Expenditure
- Council Member Conduct
- Interactions with the Community
- Council Meetings

Following the briefing session, a number of key initiatives were developed to address the matters contained in the Department's correspondence and matters raised at the briefing session. These initiatives include:

- Opportunities for Improvement includes process improvements that have already been implemented and those planned, that specifically address the concerns raised in the Department of Local Governments correspondence.
- Refreshed and Comprehensive Elected Members Induction Program for implementation as part of the 2023 Local Government Elections. The refreshed program will have a strong focus on the promotion of formal qualifications and specific training opportunities to provide foundation skills earlier in an Elected Members term of office. The initial concepts around these training opportunities are detailed in the relevant attachment.
- Development of a Governance Framework to ensure roles and responsibilities are clearly understood and to provide guidelines and standards expected of Elected Members and employees to achieve good governance through concepts such as compliance, community participation, ethical conduct, transparency, accountability and ongoing performance management. It will also set out the roles of Elected Members, management and employees of the City of Melville and their relationships, along with financial, legal and ethical responsibilities that impact individuals and the organisation.

The response was initially required by 28 April 2023, however a Briefing from representatives of the Department was held on 27 April 2023 and an extension was granted to 30 June 2023.

Response to Matters Contained in Department Correspondence and Opportunities for Improvement

Concern 1 – Lack of Formalised Process for Dealing with Complaints	
Information	<p>The City of Melville Conduct Committee was established, including Terms of Reference, by resolution of the Council its Ordinary Meeting held 21 March 2023 - Minutes – OMC 21 March 2023 (pg 89). The Council Policy CP-118 Code of Conduct Policy was adopted at the Ordinary Meeting of Council held 16 May 2023 - Minutes – OMC 16 May 2023 (pg 17).</p> <p>Since the introduction of the Conduct Committee, two Conduct Complaints have been received and the Committee is working through the resolution of both matters. It should be noted that the Committee does not have any form of delegation and any Recommendations on Findings will be presented to the Council for endorsement.</p>
Further Action Required	Not at this time
Status	COMPLETE

Concern 2 – Inappropriate Questioning of Staff by Council Members during Council Meetings and at Other Times	
Information	<p>At the DLG Briefing held 27 April 2023, Elected Members raised concerns that the withdrawal of staff from meetings had hampered timely access to information.</p> <p>The following initiatives have been implemented to improve information flow:</p> <ul style="list-style-type: none"> • Agenda Briefing Forum Business Paper – requests for information taken on notice at the Agenda Briefing Forum are collated into a single document and distributed on the Friday after the Agenda Briefing Forum. • Recorded presentations – officers have the ability to record a Presentation on a topical matter, with the recording placed on the Elected Members Portal for viewing by Elected Members at their convenience. • A controlled return of staff to Council meetings and Elected Member Engagement Sessions and development of a Meeting/Workshop Psychosocial Risk Assessment Form that staff are required to complete prior to doing so in order to assess the level of risk. <p>At the DLG Briefing held on 27 April 2023, requests were made for improvements on training provided to new Elected Members. A new training package for Elected members is proposed to be implemented for the 2023 Local Government Elections – see Elected Member Training and Awareness Opportunities.</p>
Further Action Required	Continue to look for improvement opportunities
Status	MONITORING

Concern 3 – Inappropriate Council Member Conduct and Behaviour toward Other Council Members and Administration Staff	
Information	<p>At the DLG Briefing it raised that Elected Members would like to see more adherence to Meeting Procedures respectful meeting protocols.</p> <p>Recommendation - The Mayor, Deputy Mayor and the Presiding Member of all Committees be offered the opportunity to undertake specific training in chairing meetings (see Elected Member Training and Awareness Opportunities – Role of the Chair).</p>
Further Action Required	Continue to look for opportunities to build trust and respect and the need to keep confidential information confidential.
Status	MONITORING

Concern 4 – Council Members Involvement in Operational Matters	
Information	<p>At the DLG Briefing it raised that Elected Members would like to see more information in understanding roles and responsibilities and where they can become involved.</p> <p>Where there is a trend in Elected Members becoming involved in a specific matter or issue, relevant staff to workshop existing processes with Elected Members and provide education and tools (eg scripts). Provide guidance on strategic changes that can be made (eg changes to policy).</p> <p>Recommendation – Include specific roles and responsibilities training as part of the Induction Program (see Elected Member Training and Awareness Opportunities – possible Workshop with the DLG)</p>
Further Action Required	<p>Finalise the development of a Governance Framework and a review of the City's Communications Protocol which provide further clarity on this issue by 31 August 2023.</p> <p>Continue to look for opportunities for improvement.</p>
Status	MONITORING

Concern 5 – Number of Items for Council Meetings being deferred by Council	
Information	<p>A greater awareness of the impact of matters being deferred has resulted in only three items being deferred since February 2023:</p> <ul style="list-style-type: none"> • 21 February 2023 - M23/5953 – Motions Carried at The General Meeting of Electors Held 6 February 2023. This matter related to motion from the AGM relating to kerb installation practices at the City of Melville. This matter was subsequently resolved at the Ordinary Meeting of Council held 16 May 2023. • 21 February 2023 – Motion with Notice 15.1 Establishment of Committee. This matter was subsequently resolved at the Ordinary Meeting of Council held 16 May 2023. • 21 March 2023 - M23/5964 – Review of 14 Beach Street Boundary Foundation and Retaining by an Independent Registered Building Surveyor. This matter was subsequently resolved at the Ordinary Meeting of Council held 18 and 19 April 2023.
Further Action Required	Not at this time
Status	MONITORING

Concern 6 – Inappropriate interactions from members of the community with Council Members and Administration staff	
Information	<p>Recent Council resolutions with regard to long-term issues and interactions with members of the community have provided the Administration with clear direction on management going forward.</p> <p>Inappropriate questioning, communication and social media posts by groups and members of the community continues. This does not engender building stronger relationships between the City and its residents or ensure that the best outcomes are achieved such as would occur in a mutually respectful environment.</p> <p>Clear direction provides for a unified and structure approach in management and application of process, policy and guidelines to minimise the impact on resources and wellbeing.</p>
Further Action Required	Continue to look for opportunities for improvement.
Status	MONITORING

Concern 7 – Appropriateness of Council Member Motions					
Information	In recent times the City and Elected Members have been working towards improving the management of Elected Members Motions.				
	Elected Members motions can now be submitted electronically via the Elected Members Portal, motions are initially 'socialised' at an Elected Members Engagement Session, which give the Executive Leadership Team an opportunity to hear the reasons for the motion and provide further information and background on the matter. Where appropriate and/ or requested officers are taking a greater role in providing assistance in framing motions.				
	The Elected Member then determines if they wish to progress with the motion. Where a motion is progressing are included on the agenda for the OMC meeting, giving Elected Members an opportunity to ask question and request further information at the Agenda Briefing Session (public meeting).				
	In the months June 2022 to June 2023 inclusive, a total of 30 motions were presented by Elected Members an average of 2.5 motions per month.				
	18 in the months June – December 2022 and 12 in the months February to June 2023.				
		Further information or Report	Strategic or Lobbying	Direction to take Action	Withdrawn or deferred

Further Action Required	Further opportunities for improvement to assist in bring quality motions before the Council for consideration with sufficient information and clarity to support informed decision making.				
Status	MONITORING				

Concern 9 – Duration of Council Meetings

Information

The 18 Council meetings since November 2021 have taken approximately 58 hours, an average of 3hrs 12 minutes per meeting. In the 12 Months since June 2022 the average is 2hr 50 minutes

The shortest meeting during this period was 1hour 51minutes 16 August 2022 and the longest 6hours and 10 minutes the meeting held over 2 nights 18 and 19 April 2023. Overall, at June 2023 Council meeting duration is trending up.

The introduction of the new Meeting Procedures in 2022 resulted in the recording of the duration of Public Question Time. Analysis of these figures shows that the time spent on deputations has an impact on the duration of Council meetings.

It should be noted that in recent months there has been a greater effort to ensure deputations are made at the Agenda Briefing Forums and there are new processes being implemented around Public Question Time to ensure better adherence to the requirements of the Meeting Procedures.

Further Action Required

Continue to improve on processes to provide clarity to the community on opportunities to participate in the decision making process of the Council.

City of Melville Governance Framework

Elected Members and staff of the City of Melville consider good governance to be critical if the community is to have confidence in the City and the City's decision making processes.

To support the City on its governance improvement journey it is proposed to develop a Governance Framework that will outline the roles of Elected Members, management and employees of the City of Melville and their relationships, along with financial, legal and ethical responsibilities that impact individuals and the organisation.

The City of Melville's good governance is achieved through various strategies and document assembled in the Governance Framework and will included:

- Ensuring clear role definition and clarity for Elected Members and employees;
- Ensuring individual and organisational compliance with the Local Government Act, supporting regulations, delegated legislation, applicable Codes of Conduct, policies, procedures and management practices;
- Acting efficiently and effectively in its decision-making processes including:
 - obtaining, collating and reporting accurate, comprehensive and relevant information to the Council;
 - ensuring Elected Members have a sound understanding of matters prior to making critical decisions;
- Ensuring ethical behaviour of Elected Members and employees, characterised by honesty and integrity;
- Seeking community participation (through open elections, open Council meetings and question time processes as well as community consultation and engagement processes);
- Effectively managing staff and resources to ensure efficiency and effectiveness in implementing Council resolutions; and
- Creating a positive culture to promote open communication, teamwork and accountability.

Dear Mr Yildiz

City of Melville Response to Governance Concerns

This letter responds to the letter received from you on 2 March 2023, which highlighted the concerns of the Department of Local Government regarding governance at the City of Melville. The response also takes into account the clarifications that were provided at the subsequent briefing by yourself and two other officers of the Department at an Elected Member Engagement Session on 27 April 2023.

The City has taken the opportunity to undertake self-reflection, implement self-regulation measures and begin the process of rebuilding stronger working relationships and trust between the Council and Administration of the City. We have commenced the development of a Governance Framework as it is recognised that such framework will help ensure that roles and responsibilities are clearly understood and ensure that robust discussion and debate undertaken during decision making processes will be respectful of each individual elected member's point of view, whilst being informed and respectful of the professional advice of the Administration, external advisors as well as the views of the Community as a whole.

It is important that the initiatives outlined in the table below are put in place prior to the 2023 Local Government Elections so that the ensuing Council of 2023 will be provided with a strong induction process and with appropriate training opportunities to enable them to understand and exercise good governance practices early in their term of office.

The opportunities for improvement that have been implemented, such as process improvements and those planned, such as training initiatives as outlined in the attachment, were discussed with the Elected Member Group and the Executive Leadership Team at an Elected Member Engagement Session this week, with genuine interest, enthusiasm and commitment to the improvements shown by them that will result in Governance improvements in how we do business and how we deliver services to our community.

As we are at the end of the financial year and are in an election year it is difficult to immediately implement the proposed training and awareness opportunities that are sought as part of the City's governance improvement journey. The City is working towards delivering a refreshed, broad and comprehensive Elected Member Induction Program, with a focus on the promotion of formal qualifications and specific training opportunities to provide foundation skills earlier in an Elected Members term of office. The initial concepts around these training opportunities are detailed at the end of the attachment.

The areas of concern raised by the Department of Local Government are addressed on the attachment, with the two specific areas relating to management of conduct complaints and the release of the Final Weir Legal and Consulting Report on the Review of Building and Planning Complaints at the City of Melville both being complete.

On behalf of the Elected Members and the Administration of the City of Melville we confirm our commitment to working with the Department and with each other in a collaborative manner to ensure the good government of the community of the City of Melville and the local government sector as a whole.

Yours sincerely

Hon. George Gear JP

Concern 6 – Inappropriate interactions from Members of the Community with Council Members and Administration Staff	
Information	<p>Recent Council resolutions with regard to long-term issues and interactions with members of the community have provided the Administration with clear direction on management going forward.</p> <p>Inappropriate questioning, communication and social media posts by groups and members of the community continues. This does not engender building stronger relationships between the City and its residents or ensure that the best outcomes are achieved such as would occur in a mutually respectful environment.</p> <p>Clear direction provides for a unified and structured approach in management and application of process, policy and guidelines to minimise the impact on resources and wellbeing.</p>

Concern 7 – Appropriateness of Council Member Motions																								
Information	<p>In recent times the City and Elected Members have been working towards improving the management of Elected Members motions.</p> <p>Elected Members motions can now be submitted electronically via the Elected Members Portal, motions are initially ‘socialised’ at an Elected Members Engagement Session, which give the Executive Leadership Team an opportunity to hear the reasons for the motion and provide further information and background on the matter. Where appropriate and/ or requested, officers are taking a greater role in providing assistance in framing motions.</p> <p>The Elected Member then determines if they wish to progress with the motion. Where a motion is progressing is included on the agenda for the OMC meeting, giving Elected Members an opportunity to ask question and request further information at the Agenda Briefing Session (public meeting).</p> <p>In the months June 2022 to June 2023 inclusive, a total of 30 motions were presented by Elected Members an average of 2.5 motions per month.</p> <p>18 in the months June – December 2022 and 12 in the months February to June 2023.</p> <table><tr><td></td><td>Further information or Report</td><td>Strategic or Lobbying</td><td>Direction to take Action</td><td>Withdrawn or deferred</td></tr><tr><td>June – Dec 2022</td><td>6</td><td>6</td><td>3</td><td>3</td></tr><tr><td>Feb – June 2023</td><td>6</td><td>4</td><td>1</td><td>1</td></tr><tr><td></td><td>40%</td><td>33%</td><td>13%</td><td>13%</td></tr></table>					Further information or Report	Strategic or Lobbying	Direction to take Action	Withdrawn or deferred	June – Dec 2022	6	6	3	3	Feb – June 2023	6	4	1	1		40%	33%	13%	13%

Concern 9 – Duration of Council Meetings

Information

The 18 Council meetings since November 2021 have taken approximately 58 hours, an average of 3 hours 12 minutes per meeting. In the 12 months since June 2022 the average is 2 hours 50 minutes

The shortest meeting during this period was 1 hour 51 minutes on 16 August 2022 and the longest was 6 hours 10 minutes being the meeting held over 2 nights - 18 and 19 April 2023. Overall, at June 2023 Council meeting duration is trending up.

The introduction of the new Meeting Procedures in 2022 resulted in the recording of the duration of Public Question Time. Analysis of these figures shows that the time spent on deputations has an impact on the duration of Council meetings.

It should be noted that in recent months there has been a greater effort to ensure deputations are made at the Agenda Briefing Forums and there are new processes being implemented around Public Question Time to ensure better adherence to the requirements of the Meeting Procedures.

Further Action Required	Continue to improve on processes to provide clarity to the community on opportunities to participate in the decision making process of the Council.

EXAMPLE OF MORNING SHADE

EXISTING MATURE TREES

Currently there are 3 mature trees in the exercise equipment area that can provide good shade

1 LOCATION 1: CLOSER TO PLAYGROUND

This location is shaded in the mornings (during most of the year). It will also get some noon shade in the colder months. If this location is selected, we can look into planting trees on the west side of the exercise equipment to provide afternoon shade.

2 LOCATION 2: CLOSER TO EXISTING FOOTPATH

This location is closer to the river and to the path. Please note this location will be fully exposed to the sun. If this location is selected, we can look into planting trees around it, but please be mindful that new trees will take a few years to grow and provide shade.

3 LOCATION 3: FURTHER AWAY FROM FOOTPATH

This location is likely to be shaded around late morning/noon (some months of the year). If this location is selected, we can look into planting trees on the west side of the exercise equipment to provide afternoon shade.

Tompkins Park Exercise Equipment Renewal

ENGAGEMENT SNAPSHOT

STAGE ONE

The exercise equipment at Tompkins Park is due for renewal. The exercise equipment is located next to the Dunkley Avenue / Melville Beach Road carpark and is currently in a linear formation adjacent to the footpath.

To gain insight into how the existing equipment is currently being used, and to seek information on preferred future equipment and location, the City sought community feedback. Local residents, ratepayers and users of the equipment were invited to share their feedback through an online survey on Melville Talks. Consultation took place Monday, 28 November 2022 to Monday, 9 January 2023.

Community were informed of the opportunity to provide feedback through direct letter drop, on-site signage and one social media post.

Stage one of the engagement considered specific equipment types.

- Seniors Gym
- Equipment for 'everyday' use
- Equipment designed for high-intensity training
- Cross training

STAGE TWO

The second stage of engagement sought community preference on design and location. Taking into consideration feedback received through stage one, three concept designs were developed.

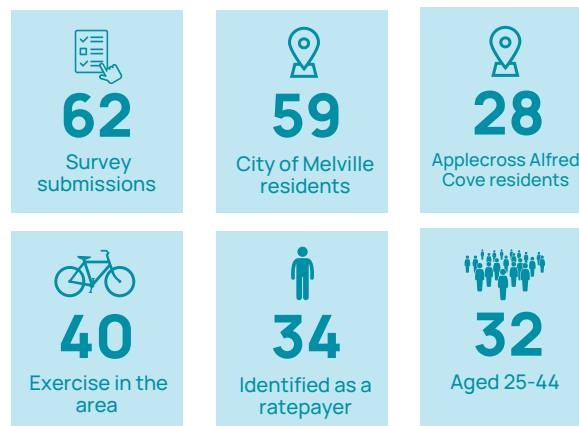

Community were asked to select their preferred option and location. Consultation took place Monday, 13 March to Monday, 3 April 2023 and was available on Melville Talks.

Community were informed through on-site signage, two social media posts and three Melville Talks page email blasts.

NEXT STEPS

Due to the proximity to the river, project approval will be sought from the Department of Biodiversity, Conservation and Attractions. Minor modifications to the design may required.

Presented to	Ordinary Meeting of Council 15 August 2023
Related to Item	E23/15 Tompkins Park East Exercise Equipment Renewal – Petition Response
Submitted by	Cr Clive Ross

That the Council resolves to install new exercise equipment along the current linear alignment in Tompkins Park East.

Install the already purchased 'cluster' exercise equipment at Peter Ellis Reserve in Leeming, or at another suitable location in Leeming should Peter Ellis Reserve prove unsuitable.

Objective, Benefit and Potential Risks to be considered

The objective is to ensure that exercise equipment for public use is located so as to minimise the impact upon the residential community who live in the immediate locality.

The benefit of having the exercise equipment in a linear formation is that it is less visible and reduces visual pollution.

The risks to the City are a loss of confidence in the City's processes as residents were only notified by letter in Stage 1 of the consultation process with no direct communication in Stage 2.

Reason for the Alternative Motion

1. The residents most impacted by the proposed changes have only now become aware of the change in location and have gathered together in larger numbers than were consulted in Stages 1 and 2 to oppose the proposed re-location and the cluster formation.
2. Listening and responding positively to the residents' concerns will build better relations and support from residents.
3. Ignoring the residents' concerns will only build resentment and lack of confidence in the City's consultation processes.
4. The overall costs of the change are not significant and unsuitable equipment may be utilised in other parks and benefit other residents.
5. Residents near Peter Ellis Reserve in Leeming have previously requested additional exercise equipment and given that the City has already purchased the new cluster formation exercise equipment, this would appear to be an appropriate use for it and avoid the equipment being wasted.

OUTDOOR ADVERTISEMENTS AND SIGNAGE

This document outlines the assessment criteria for outdoor advertisements and signage in the City of Melville. If you are searching for general information in relation to planning requirements please refer to the Planning Services page of our website <https://www.melvillecity.com.au/> or alternatively you can speak to one of our planning officers either on the phone, 9364 066 or in person at 10 Almondbury Road, Booragoon during business hours, 8.30am – 5:00pm Monday to Friday

Policy Type: Local Planning Policy Policy Owner: Director Urban Planning	Policy No. LPP 2.2 Last Review Date: to be updated following council decision
---	--

POLICY OBJECTIVES

1. To encourage good quality, well considered advertising signage within the City of Melville.
2. To enable wayfinding and identification of businesses across the City.
3. To exempt certain signage from the need for development approval.
4. To allow for a performance based assessment of signage where development approval is required.
5. To maintain and enhance levels of visual amenity through the control of advertisement clutter.
6. To ensure signage does not present a hazard or obstruction to pedestrians or motorists.
7. To ensure all signage is designed to be consistent with, and appropriate to, the location and function of the site it serves.
8. To protect the significant characteristics of buildings, public reserves, streetscapes and the general amenity of the area.

POLICY SCOPE

The provisions of this policy apply to all signs within the scheme area under Local Planning Scheme No. 6, including reserves, thoroughfares and private property within the City of Melville. Notwithstanding any other provision in this policy, signs are not exempt from approval if:

- the sign is proposed to be erected or installed within 1.5 metres of any part of a crossover or street truncation;
- the works are located in a heritage listed place.

The policy does not apply to the following types of signage.

- Signage which is installed as part of a public work such as street naming and directional signs installed on public land.
- Signage implemented in accordance with legislative requirements.
- Traffic, parking and safety signs.
- Signs advertising a planning proposal for public comment.
- Election signage which meets the relevant conditions set out in Clause 61(1) of the Regulation.

Where an Activity Centre Plan, Structure Plan or Local Development Plan provides specific guidance in relation to signage those provisions will take precedence over the requirements of this policy.

Development approval is not required under LPS6 for signs located wholly on land reserved under the Metropolitan Region Scheme (MRS). An approval under the MRS may be required.

Background

The table contained in Clause 61(1) of the Planning and Development (Local Planning Schemes) Regulations 2015 (the regulations) confirms that the modification of existing signs, temporary signs and electoral signs are exempt from the need for development approval subject to meeting certain conditions.

The Regulations also exempt signage from the need for approval where it meets the provisions of a local planning policy or local development plan. This policy sets out the deemed to comply standard for various sign types. Where these standards are met the signage will be exempt from the need for approval. This policy also sets out the assessment criteria for signs which do not meet the deemed to comply standards.

Signage in Thoroughfares

All advertising signage located within a Thoroughfare requires development approval unless it is otherwise noted as exempt in this policy. Despite compliance with this Policy any sign in the Road Reserve may also be required to comply with the City of Melville *Activities in Thoroughfares, Public Places and Trading Local Law 2014*. A thoroughfare is defined under the Local Law and the *Local Government Act 1995* however is repeated in the definitions section below for ease of reference.

DEFINITIONS USED IN POLICY

Sign

Means any word, letter, graphic, image, model, picture, sign, pattern, placard, board, notice device or representation employed in whole or in part for the purposes of advertisement, announcement or direction. Includes airborne devices anchored to any land or building.

Area of a sign

The area of a sign is that portion contained within a polygon drawn around the text, graphics and/or image and not the entire background, provided that the colour of the background of the sign matches the colour of the surface to which the sign is attached. Where the background of the sign does not match the colour of the surface to which the sign is attached, then the area of the sign is to be determined measuring around the borders of the entire sign.

Where a sign is two sided, such as an under-awning sign or monolith sign, the area of one side of the sign is to be measured rather than both sides.

Signage Strategy

An approved signage and advertising plan to demonstrate the provision of a comprehensive and consistent signage strategy applied across a given site. This should include details depicting the location, size, and composition of all advertisement signs proposed for the site.

Thoroughfare

Means a road or other thoroughfare and includes structures or other things appurtenant to the thoroughfare that are within its limits, and nothing is prevented from being a thoroughfare only because it is not open at each end.

POLICY STATEMENT

Signage which meets the criteria set out in Clauses 1-4 is exempt from the need for development approval from the City.

Signage proposals that depart from the criteria listed in Clauses 1-4, or those that are classed as discretionary under the provisions of Clause 5 of this policy will require a development approval. These proposals will be considered on their merit relative to the design principles listed in Clause 6: Performance standards.

5.5 Third Party Advertising

A structure which is designed to display sign content that advertises businesses, products, goods or services not located or available at the premises where the sign content is displayed.

6 Performance standards

Where variations to the above requirements of this policy are sought, the following criteria are to be satisfied in addition to the requirements contained within the relevant Local Planning Scheme operating at any given time:

- (a) The proposed signage is clear, simple and concise;

- (b) The proposal is compatible with existing signage on the site and within the surrounding area and will not obscure existing signage on adjacent tenancies or properties;
- (c) Will not result in the creation of an unacceptable level of visual clutter within the area, to the detriment of visual amenity;
- (d) The signage is appropriate to the locality and surrounding land uses, in terms of its size, location and design;
- (e) It will not result in an adverse impact upon the character or historical significance of the surrounding area;
- (f) The signage is designed to complement the architectural style and character of the building, site or area;
- (g) Will not cause driver distraction or otherwise impact upon traffic safety;
- (h) The signage will not result in unacceptable light spill on to abutting sites;
- (i) It will not pose a threat to public safety or health; and
- (j) The signage must not contain obscene or offensive information, or illustration.
- (k) The signage allows for passive surveillance of the public domain from internal areas and a view across the tenancy from external areas in accordance with Local Planning Policy 2.1 Non-residential development.

7 Signage Strategy

- 7.1 The City may require the submission of a signage strategy as a condition of development approval or before new signage is proposed in the following circumstances:
- a) When development approval is sought for a mixed use or commercial development comprising of more than three non-residential tenancies;
 - b) Where new signage or additional signage is proposed on an existing commercial premises and more than three signs per tenancy already exist on site or where the current signage represents a poor amenity outcome.
 - c) Where discretion is sought against the provisions of Part 6.0 of this policy, the City may require the submission of a Signage Strategy.
- 7.2 A Signage Strategy submitted for the approval of the City shall contain the following minimum information:
- (a) Clear illustrative details, including a site plan and elevation details to demonstrate where sign/s are proposed to be sited and displayed.
 - (b) Clear sign dimensions.
 - (c) Details of any existing signage proposed to be retained.
 - (d) Details of any proposed illumination.
- 7.3 Where a signage strategy is submitted for an existing commercial building, comprising of a range of tenancies, it should demonstrate the following;
- Consistent signage display for all tenancies;
 - A reduction in the total amount of signage on site;
 - All tenants being provided with a presence on an approved pylon sign;
 - Agreement from all tenants to pursue the strategy;
 - A timeline for the strategy to be implemented.

- 7.4 Once a Signage Strategy is approved, all signage on site shall be consistent with this document unless otherwise approved by the City under separate development approval.

AMENDMENT

That the officer recommendation be amended by changing the wording of item 2. to read:

- 2. Endorses the publication of a notice in the Fremantle Herald Melville City Edition and Perth Now Melville edition confirming the modification in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*.**

OBJECTIVE, BENEFIT AND POTENTIAL RISKS TO BE CONSIDERED

Objective:

To ensure the advertising of Local Planning Policy 2.2 Outdoor Advertising and Signage is distributed as widely as possible.

Benefit:

Residents who do not receive a hard copy of one or the other newspaper will have a higher chance of seeing the advertisement.

Potential Risks:

Increase cost to the City due to advertising in 2 newspapers.

REASONS FOR THE MOTION

The motion did not identify which newspaper was "the local newspaper". By clearly identifying the intended advertising locations clarity is obtained as to which newspapers are considered to be local newspapers.

Background

At the August Agenda Briefing Forum, Cr Sandford raised a concern that the Community Service Signage provisions contained in Clause 3.3 of LPP 2.2 Outdoor Advertising and Signage (LPP2.2) contradict the Event Signs provisions under Clauses 3.5.a. Cr Sandford requested that these two clauses be reviewed by City officers and either deleted or further clarification provided.

Purpose

The purpose of this officer advice note is to provide clarification on the role of each clause and to suggest some minor edits to clarify the situation further for decision makers and applicants.

Clauses 3.3 Community Service Signage and 3.5 Sporting clubs of LPP2.2 serve two separate purposes.

The Community Service Signage provisions provide exemptions for not-for-profit organisations to promote upcoming events such as a fete or a market and on that basis, they are able to place the signs on site for up to 30 days. Given the potential amenity of these signs there are controls in place to guide the size, location, and length of time.

The Sporting Clubs provisions are split into three parts covering three separate circumstances, these being;

- a) temporary signage for events such as training or game days,
- b) temporary signage to promote registration days and
- c) permanent signage.

Given the temporary signage for events such as training or game day is only on site for the day there is less potential amenity impact and therefore less need for extensive development controls.

In order to remove any ambiguity, it is proposed to modify the title of event signs, to include reference to training and games, noting Cr Spanbroek has previously suggested this and add a sentence under each part to describe the intent. The updated wording is provided below and is also covered in tracked changes in the updated LPP (Attachment 1 of the Report).

- a. Event signs: includes training, games and other events.

Temporary signage which is in place on the day of a game, club training or other event only.

- b. Club registration:

Signage to promote the registration of players and member to the club.

- c. Sponsorship signs:

Permanent signage to promote the sponsors of the club.

OFFICER RECOMMENDATION

That the Council;

1. Adopts Local Planning Policy 2.2 – Outdoor Advertising and Signage in accordance with Attachment 1 (as amended); and
2. Endorses the publication of a notice in the local newspaper confirming the modification in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*.
