LEAVE OF ABSENCE

Cr J Phillips (Requested)

QUESTION TIME

P07/3012 - Additions to Mel Maria Catholic School 33-35 Davidson Road, Attadale

Mr V Dooley of Attadale

“Why, at the Community Consultation Meeting of 10th May, was the public told that the Parking and Road Traffic Report and the Safety Audit Report both conclude that the proposal is safe where up reading it is clear that neither report does that. It is difficult to imagine that anyone could even infer from the reports that the proposal is safe. The Road Safety Audit Report pointedly states “if all the recommendations of this Report are followed it will not guarantee that the site is safe”.

Note: The assumption that the proposal is safe is the foundation of the Reports and Recommendations from the Development Advisory Unit and is the basis on which to declare many of the objections “not uphold”

The Manager Planning & Development Services, Mr Keith Weymes responded:

“All of the proposed works satisfy or will satisfy the relevant Australian Standards. These standards provide for increasing levels of design based upon statistical probability of particular events occurring. No design can guarantee that it is 100% safe in all circumstances however there is no reason to label the proposed as unsafe.”

Mr D Watson of Attadale

“Has the Attadale Primary School sought extra on-site parking for their school community to alleviate their school Principals concern on traffic flow, if not why raise a concern about St Joseph Pignatelli traffic flow?”

The Manager Planning & Development Services, Mr Keith Weymes responded:

“There are no proposals for increased onsite parking at the Attadale Primary School.”

Mr H Chiari of Attadale

“IS there going to be any speed calming on Wichmann Road?”

The Manager Planning & Development Services, Mr Keith Weymes responded:

“This is a matter for the Council to consider as a part of its deliberations on this proposal.”

Mr P Edwards of Attadale

“Can the meeting be postponed for one month to lodge a further submission to the Council given the short official notice of 31st of May 2007. Monday was a holiday.

The Manager Planning & Development Services, Mr Keith Weymes responded:

“Yes however the Council is required to deal with applications before it or the applicant can require that the matter be determined by the State Administrative Tribunal.”

Ms O’Dell of Attadale

“Carparking does not comply. 117 bays needed 175 bays. Size of land does not comply with the increase in student numbers.

The Manager Planning & Development Services, Mr Keith Weymes responded:

“This is a statement.”

P07/5005 - Finalisation of Amendment No 47 to Community Planning Scheme No. 5 – Modification of the Myaree Mixed Business Frame and Precinct by addition of new zones, precincts, development requirements, definitions and modification to the Use Class Table.

Mr A Brown of Attadale

“Landscaping requirements are stated as 10% on site, may be reduced under clause 5.9 and any app. Council policy – what does this mean to owners?”

The Planning Services Coordinator, Mr David Vinicombe responded:

“This matter is dealt with in some detail under the report on Amendment No 47. It is noted that the Scheme provides capacity for variation to landscaping requirements taking into account such matters as the standard of landscaping and whether the verge is to be landscaped.”

Mr J Addvalue of Applecross

“Since my request to upgrade the facilities at the Jack Howson Reserve, I have closely inspected the Tennis Courts and Cricket playing surface. I now recommend that

- A) ant infestation of the tennis court surfaces be dealt with promptly, as there are numerous sandhills on the courts;*
- B) the tennis courts surfaces be made good by treatment, terminating in a bitumen overlay and the necessary white lines;*
- C) the tall tree abutting the northern fence of the courts be removed, as it serves no useful purpose and is detrimental to the tennis court playing area;*
- D) A bitumen overlay be provided to the middle general play area on which the practice wall stands;*
- E) Of lesser priority a bitumen overlay be provided to the cricket nets area.*

The Chief Executive Officer, Mr Eric Lumsden responded:

“Mr Addvalue’s comments are noted and Council Officers will investigate the issues raised and respond directly back to Mr Addvalue.

DISCLOSURES OF INTEREST

P07/3012 – Additions to Mel Maria Catholic School 33-35 Davidson Road, Attadale

Cr A Ceniviva advised that he will be Disclosing an Interest in this item at the Ordinary Meeting of Council.

ITEM NO. DESCRIPTION / ATTACHMENT
STRATEGIC COMMUNITY DEVELOPMENT**C07/8010****COMMUNITY PLAN 2007-2017****Description**

- The Community Plan identifies (7) seven priorities – to begin Neighbourhood Planning, create an age-friendly city, change our behaviour to consider how our actions today will affect the generations of tomorrow, build a safe and secure community, facilitate suitable housing options, facilitate sustainable transport options and monitor the impact of major developments.
- The Community Plan presents information provided by the community through a number of consultative processes including community surveys, public meetings, focus groups, Melville Visions (Dialogue with the City) and the World Health Organisation Age Friendly Cities Project.
- The Community Plan provides information for planning and service delivery and corporate plans and budgets for government agencies, local community groups and other stakeholder groups
- The Community Plan creates a vision for the next 10 (ten) years
- Neighbourhood Planning is the next stage for ongoing planning and engagement with local communities.
