**U18/0499 – OUTBUILDING (GARAGE WITH MEZZANINE STORE) AT 25 (LOT 281)
AURELIAN STREET, PALMYRA (REC) (ATTACHMENT)****KEY ISSUES / SUMMARY**

- Planning approval is sought for the construction of an outbuilding consisting of a garage with mezzanine store at Lot 281 (25) Aurelian Street, Palmyra.
- The proposal satisfies the relevant provisions of Local Planning Scheme No. 6 (LPS6), the Deemed-to-Comply provisions of the R-Codes and applicable Council Policies with the exception of lot boundary setbacks, retaining wall height, outbuilding size, wall height and maximum height where discretion is sought.
- The outbuilding size, wall height and maximum height variations along with the lot boundary setback variation were advertised in accordance with Part 4 of the R-Codes and Council Policy..
- Three submissions were received, two in support and one objection. The concerns raised by the objection relate to privacy and visual impact.
- Notwithstanding the objection received, it is considered that the development is acceptable when assessed against the relevant design principles of the R-Codes.
- It is recommended that approval be granted subject to conditions.

STATUTORY AND LEGAL IMPLICATIONS

Should the City of Melville refuse the application for development approval, the Applicant will have the right to have the decision reviewed by the State Administrative Tribunal in accordance with part 14 of the *Planning and Development Act 2005*.

FINANCIAL IMPLICATIONS

There are no financial implications for the City relating to this proposal.

STRATEGIC, RISK AND ENVIRONMENTAL MANAGEMENT IMPLICATIONS

There are no strategic, risk or environmental management implications with this application.

POLICY IMPLICATIONS

There are no policy implications that result from the development proposed by this application.

COMMENT

As outlined above, the proposed development generally satisfies the relevant requirements contained within LPS 6, the Deemed-to-Comply provisions of the R-Codes and Council policy with the exception of lot boundary setbacks, retaining wall height and outbuilding size and height requirements.

**U18/0499 – OUTBUILDING (GARAGE WITH MEZZANINE STORE) AT 25 (LOT 281)
AURELIAN STREET, PALMYRA (REC) (ATTACHMENT)**

The impact of the proposed lot boundary setbacks and retaining wall height have been considered against, and are considered to meet the relevant design principles of the R-Codes and Council policy.

The discussion below relates to outbuilding size, including wall height and maximum building height as these matters are the subject of the submission received opposing the development.

Outbuilding Size, Wall Height and Maximum Height

The size of the proposed outbuilding is 66.6 sqm, which when coupled with an existing outbuilding on the lot equals an area of outbuildings of 83.47 sqm. The wall height and maximum height exceed the deemed-to-comply requirements of Clause 5.4.3 Outbuildings of the R-Codes as the proposal includes a mezzanine. With regard to the design principles, the proposed outbuilding size is recommended for approval for the following reasons:

- The outbuilding will not detract from the streetscape as it will not be seen from the street; and
- In respect to the impact on amenity for occupiers of the neighbouring property to the rear, the outbuilding has a domestic appearance, more akin to a dwelling extension as opposed to an outbuilding. rather than a shed due to the wall cladding proposed. If the application were assessed as a residential addition rather than an outbuilding, it's design, siting and scale would be acceptable in all respects.

Despite the single submission received in objection, the application is recommended for approval on the grounds that there is no adverse impact in streetscape or visual amenity terms.

ALTERNATE OPTIONS AND THEIR IMPLICATIONS

This application is proposed to be approved under delegation through the Development Advisory Unit (DAU) process.

Should Elected Members have an alternative view the DAU 'call-up' procedures provide opportunity to call this matter up for formal Council consideration.

CONCLUSION

Based on the above, the application is considered to satisfy the requirements of LPS6, the R-Codes and Council policy, including the design principles for outbuilding size and height, lot boundary setbacks and retaining wall height. On that basis, the proposal is recommended for approval subject to conditions.
