

## Application for Crossover Subsidy

The crossover at the address below has been completed and all Council facilities have been reinstated to their original condition.

A copy of the limestone delivery docket or concrete delivery docket is attached for your information.

I understand that any refunds are ONLY applicable to me as the OWNER.

### Owner Details:

Name: \_\_\_\_\_

Postal Address: \_\_\_\_\_

Telephone: \_\_\_\_\_ (ah) \_\_\_\_\_ (bh) \_\_\_\_\_ (Mobile)

E-mail Address: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

### **Conditions of Subsidy**

If this is the first crossover for the property, or if it is an upgrade from a bitumen crossover to a concrete or brick paved crossover, then you are eligible for a subsidy (fixed sum of \$490). A newly subdivided property may be entitled to a subsidy towards building the new crossover. A property can only apply for one crossover subsidy in the property's lifetime, regardless of how many crossovers are constructed. Crossover construction approval must be received prior to the construction of the crossover. Crossover must conform to City of Melville Specifications. Nonconforming crossovers will not receive a subsidy.
