

The property owner or builder is required to pay the Verge Bond upon lodgement of a building/demolition application. The City will take photos of verge infrastructure prior to works or construction commencing for record purposes.

Upon completion of all works, it is the responsibility of the property owner or builder to submit a **Notice of Completion (Form BA07)** before an application for a refund of the Verge Bond can be processed.

An inspection will be carried out by the City upon the receipt of the Verge Bond Refund Application Form. This inspection will only be conducted when all the building construction/demolition and associated works (including verge clean-up) are completed. The deposit can only be refunded if the relevant verge is returned to pre-works condition.

The refund will be completed within five (5) weeks if the inspection is passed. The applicant will be kept informed along the way of the progress of the refund by email.

For a declined refund application, the applicant will be provided with an opportunity to make good any damage. Upon completion of the repairs, the applicant will be required to resubmit a new Verge Bond Refund Application Form.

Failure to make good any damage may result in the City undertaking the necessary reinstatement works and use the deposit amount to recover all or part of these costs. If the deposit is not sufficient to cover the cost, the City will issue an invoice to the property owner/ builder/ applicant to recover the remaining cost. This includes rectification works for damage to City assets by service authorities connected with the building/demolition work (e.g. gas, water, electricity and other providers). If damaged City assets are not reinstated within the specified timeframe, a penalty may apply.

The value of the deposit refund will be based on the value of the original deposit (no interest).

The following items must be completed before submitting this Verge Bond refund application form.

	<b>Refund Checklist</b> <i>*If item is not pre-existing within verge please tick completed box</i>	<b>Completed</b> <b>(tick "✓" box)</b>
1.	All kerbing reinstated and in pre-construction condition.	
2.	Footpaths in pre-construction condition.	
3.	All signage still intact and in pre-construction condition.	
4.	Drainage infrastructure in pre-construction condition. No construction refuse to be in drainage system.	
5.	Road surface in pre-construction condition.	
6.	Verge area free of rubbish and building materials. Verge in neat and tidy condition. (Conforms to the City Verge Treatment Policy - <a href="http://www.melvillecity.com.au/vergetreatment">http://www.melvillecity.com.au/vergetreatment</a> )	
7.	Redundant crossovers / driveway removed.	
8.	Notice of Completion (BA07) submitted to the City.	

Refund applications which are declined due to the above conditions not being met will incur a reinspection fee of \$100 which will be deducted from the Verge Bond.
