

Tender Number:	RFT222312
Tender Title:	Replacement of Floodlighting Infrastructure at Beasley Park
Tender Description: <i>Reg 17(2)(a)</i>	<p>The City of Melville ("City"), is seeking a suitably qualified and experienced Contractor to undertake the replacement of the existing oval floodlights with the new proposed LED floodlighting system to Beasley Park located at 14 Beasley Road, Leeming. The reserve consists of a large oval for outdoor sport such as football and athletics.</p> <p>The reserve will be active during the project works and will require coordination between the City of Melville and Sporting Clubs to minimise impact on sporting events and training. The existing lighting system is to remain operational until the completion of the new installation. A coordinated cut over will be managed to minimise impact to activities and then decommissioning of the existing system can commence. The City is aiming to have the works completed by April 2023 to coincide with the start of the football season.</p> <p>The construction works consist of the removal and decommissioning of the existing 3 existing floodlight poles including fittings and footings. The supply and installation of new 4 x 30m lighting towers to the oval. Supply and installation of associated electrical services for the new lighting installation connected to the existing electrical supply. The existing electrical supply will require upgrading and liaising with Western Power.</p> <p>The installation is required to supply a minimum of 100 lux capacity.</p> <p>The electrical services installation will require directional drilling to minimise the impact on the reserve sports surface.</p> <p>The new lights will need to be controlled by the Halytech system and integrated into the existing Halytech Illuminator central portal. Setup of this system forms part of the scope of works and the City will provide the information to do so.</p>
